54 BODIES FOUND IN BRITISH MINE BLAST; 3 OTHERS ALIVE, 50 MISSING

Glimmer of Hope Raised for Men Unaccounted for After Explosion in Shaft Two Miles Under Sea.

WHITEHAVEN, England, Aug. 16 (UP) — Three of 107 miners trapped by an explosion two miles under the sea were found alive today after the discovery of 54 bodies, renewing a glimmer of hope for the 50 still not accounted for.

T. E. B. Young, production member of the National Coal Board, announced that three men had survived a harrowing 22 hours in the blasted mine.

"There now is a little more reason for optimism," he said, concerning the 50 not found immediately after the breakthrough to the death trap in the coal mine off northwest England.

How Three Survived.

The three miners, Daniel Hinde, John Birkett and James Weichman, had gone to the extreme end of the mine passage at the time of the explosion.

They were reported to have remained conscious throughout the long wait for the rescuers but they were in no condition to be taken to the surface because of their weakened condition.

Officials said they managed to gasp out a few words disclosing that they had seen three or four other miners and had told them to retreat to the end of the pit. Their comrades refused, and they were among those found dead.

Young emphasized that the discovery raised the hopes for the missing men "only a little." Hope already had been virtually abandoned for all of the 107 trapped men by rescue workers.

A blast of accumulated mine gases in the 140-year-old William colliery under Solway firth shattered the workings and sent deadly carbon monoxide fumes rolling through the shaft.

10 Escape Comrades' Fate.

One hundred seventeen men were in the pits at the time of the blast. One hundred eighteen had entered the mine yesterday afternoon, but one became ill and left before the explosion. Ten men, engaged in putting in a new shoring at a point between the shaft entrance and the place where the blast occurred, escaped death.

Four members of one family were among those trapped. They were Isaac McAllister, two sons and a son-in-law. A third son, Isaac Jr., was helping with the rescue work.

Just before noon rescue crews broke through the last rubble blocking passage to the area where the miners were trapped. They began searching the maze of crannies and offshoots for the rest of the bodies.

Young and Prof. A. M. Bryan, chief inspector of mines, flew to Whitehaven today and conferred with mine officials and representatives of the National Union of Mine Workers.

After the conference, Tom Stevenson, general secretary of

Cloudy and Warm

THE TEMPERATURES

1 a.m.	79	9 a.m.	76
2 a.m.	78	10 a.m.	78
3 a.m.	78	11 a.m.	81
4 a.m.	78	12 noon	83
5 a.m.	78	1 p.m.	85
6 a.m.	77	2 p.m.	87
7 a.m.	76	3 p.m.	89
8 a.m.	76	4 p.m.	90

Normal maximum this date, 87; normal minimum, 69.

Yesterday's high, 85 at 2:50 p.m.; low, 73 at 5 a.m.

Relative humidity: 50 per cent at noon.

Pollen count 24 hours to 9 a.m.: Ragweed, 11; molds, 19.

Weather in other cities Page 2-B.

Official forecast for St. Louis and vicinity: Partly cloudy and continued rather warm tonight and tomorrow, with likelihood of occasional showers; lowest tomorrow morning about 75, highest in afternoon about 92.

Missouri: Generally fair tonight and tomorrow, warmer in extreme north portion tomorrow; highest temperatures from lower 90s in north to upper 90s in south.

Illinois: Partly cloudy, with scattered showers in extreme south portion early tonight; a few sprinkles or light showers near Iowa border and in northwest and west central portions ending tomorrow forenoon; slightly warmer along Iowa border tomorrow.

Sunset, 7:54 o'clock; sunrise (tomorrow, 6:16 o'clock.

Stage of the Mississippi at St. Louis, 4.4 feet, a fall of 0.6; the Missouri at St Charles, 13.6 feet, a fall of 0.1.

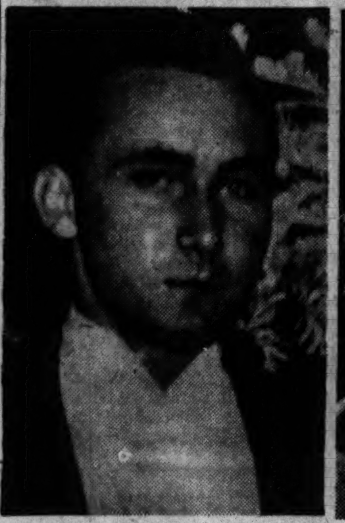
Fiance of V. P. Maid Is Killed In Fall Down California Precipice



—George Dorrill photo.
EMMETT PETTIT

MISS MARCHETA CONDICT

Miss Marcheta Condict, at Mountain Top, Sees Fatal Landslide Near Lake Tahoe.

Emmett Pettit of Brookline, Mass., was killed yesterday in a fall down a precipice near Tahoe City, Calif., when on a mountain climbing trip with his fiancee, Miss Marcheta Condict, who lives with her father, Wilson Condict, 7626 Carondelet avenue, Clayton. Her mother is Mrs. Arthur R. Lindburg, 5125 Lindell boulevard.

The pair had set out with a guide yesterday to climb a peak about 10 miles from the Brockway Hot Springs Hotel, at Lake Tahoe. After motoring part way, the three of them began the climb on foot.

Wilson Condict said today that when the accident happened, his daughter and the guide were on top of the peak, waiting for Pettit, who had chosen to make the ascent by another route. When the two waiting climbers heard the sound of sliding rock, Condict said, they looked in the direction of Pettit's ascent and saw an avalanche, about 200 yards away, sliding down the mountain side.

Falls 500 Feet or More.

Pettit fell 500 to 600 feet and was partly buried by falling rock. Constable Harry Johanson, who headed a six-man rescue party, said Pettit apparently fell when rock gave way under his feet.

Removing the body took Johanson's party from yesterday morning until early evening. Johanson said it was necessary to carry the body five miles down the mountain slopes. For a quarter of a mile of the distance the rescue party was required to move on hands and knees. From there to the automobile road the body was taken by pack horse.

Coroner Francis West accompanied the rescue party and took the body to Colfax, Calif. Condict, in St. Louis, said the body will be cremated at Sacramento, Calif., and the ashes flown to Boston for funeral services. Miss Condict and her mother will accompany the ashes to Boston, Condict said.

Pettit, 23 years old, was a war veteran. He had attended Harvard University for one year and the University of Arizona for two years. He is survived by his mother, Mrs. Charles H. Pettit of Brookline, a suburb of Boston, and by two sisters and a brother.

Planned December Wedding.

Pettit had been a house guest of Mrs. Lindburg, Miss Condict and her brother, Wayne Condict, at the Lake Tahoe resort. Condict said the pair had planned a December wedding, completing arrangements the night before Pettit was killed.

They met at the University of Arizona, Condict said, where his daughter, 20, also is a student. Miss Condict was a maid of honor at the Veiled Prophet's ball last October. She made her debut at a party at the Chase Hotel last Dec. 30.

Condict said the pair's engagement took place at the debut party. No public announcement of the engagement had been made, however, he said.

Condict is national advertising manager of the St. Louis Globe-Democrat.

17 PERSONS HURT IN AUTO ACCIDENTS IN CITY IN NIGHT

Nine of Them Injured in Head-on Collision of Two Machines in Riverview Drive.

Seventeen persons were injured, several seriously, in automobile accidents in the city last night and early today.

Nine persons, eight of whom were returning from a vacation trip, were hurt in a head-on collision of two machines in Riverview drive, near St. Cyr road, at 8:30 p.m. Police said a northbound automobile driven by James W. Moyle, president of the Capen Belting & Rubber Co., swerved to the left and hit a southbound machine driven by George J. Karcher, an electrician, 8435 Tennessee avenue, Lemay. Moyle's car then hit a second southbound automobile and stopped.

Karcher suffered lacerations of the forehead and possible fractured ribs. Injured with him were his wife, Daisy, compound fracture of the left leg, scalp wounds and possible fractures of the ribs and elbow; their daughter, Rosemary, fractured nose and abrasions of the legs; a son, Raymond, lacerations of the face and arm; Charles Meinhardt, 8, son of Mr. and Mrs. Fred Meinhardt, 8435 Tennessee avenue, possible fracture of the pelvis; William Neuendorf, an electrician, 8437 Tennessee avenue, possible fractures of the neck, skull and jaw; his wife, Beatrice, head injury and possible fracture of the shoulder; their daughter, Barbara Jean, 10 months old, fractured skull. All were treated at City Hospital, where physicians said Barbara Jean is in critical condition.

Moyle, who lives at 9858 Valley drive, Riverview Gardens, and was driving alone, suffered a fractured right elbow and abrasions of the head. He told police he was blinded by the headlight on a motor scooter, but Karcher and his companions said they saw no scooter.

BOY WHO WOULDN'T GO HOME WHEN TOLD IS SHOT BY CHUM

10-Year-Old Dies of Rifle Bullet Wound; Playmate Arrested, Then Released.

VINCENNES, Ind., Aug. 16 (AP)—Ten-year-old Walter Byrley of Lawrenceville, Ill., wounded by a .22-caliber rifle bullet in a dispute with a 9-year-old playmate Thursday, died in a hospital here yesterday.

Sheriff Carlos Whipkey of Lawrence county Illinois, arrested the playmate, James Webb, but released him. The sheriff quoted the Webb boy as saying he shot his companion "because he would not go home when I told him."

Fog and Smoke Over City Keep Temperature Up, Planes Away

The one-day respite from days of 90 and 100-degree temperatures yesterday was merely another record in the Weather Bureau files today as light fog and smoke hung over the city like a blanket, preventing an expected drop in temperatures and halting all air traffic at Lambert-St. Louis Field for six hours.

Temperature was back up to 90 again today, at 4 p.m. Yesterday, when the high was only 85 at 2:50 p.m., was the first day since July 25 when the thermometer failed to register at least 90.

Humidity of 91 per cent at 7 a.m. today made the weather sticky, and Meteorologist Harry S. Wahlgren expected it to stay that way over the weekend. Although his forecast called for "occasional thundershowers tomorrow," the offical thermometer is expected to register a high of 92 sometime during the afternoon.

Smoke and fog reduced visibility in the city this morning to about half a mile, Wahlgren said, and at the airport the weather station reported a ceiling of zero between 5 a.m. and 6:25 a.m. By 9 a.m. the ceiling had risen to 300 feet and visibility was an eighth of a mile. Five commercial flights bypassed the field before flying was resumed shortly before 11 o'clock.

Some satisfaction may be gained from these statistics: A year ago today there was 3.64 inches of rain in St. Louis; yesterday, while St. Louisans breathed easier in the 80-degree temperatures, it was 98 in Portland, Me., 96 in Boston and Washington and 95 in New York; the warm air due here today and tomorrow will gradually work eastward.

There was rain this morning in portions of the Midwest, bringing relief to corn crops near Atlantic, Ia.; Omaha, Nebr., and Des Moines. Although the cooling effect of the thundershowers expected here tomorrow may be brief, Wahlgren said he believes the clouds over the city will keep the temperatures from working up to the high 90s.

WEST FRANKFORT MINE BLAST LAID TO SPARKS FROM CUTTING MACHINE

Federal Inspectors Say Methane Gas Was Ignited — 7000 Remain Away From Pits in Tribute to Dead.

By a Staff Corespondent of the Post-Dispatch.

WEST FRANKFORT, Ill., Aug. 16—Sparks from an electrical cutting machine ignited methane gas, causing the explosion which killed three men and injured two others Thursday night in Orient Mine No. 2 here, according to preliminary reports by federal inspectors.

Daniel Harrington, chief of the safety branch of the Bureau of Mines, said in Washington that federal inspectors who went into the mine yesterday thought sparks from the cutting machine ignited the gas.

Harrington said the mine had been gassy since it was opened 25 years ago. However, he said the mine was a model from the standpoint of efficiency, use of modern methods and steady production. It employs 1100 to 1200 men, produces 10,000 to 11,000 tons of coal a day and is said to be the largest soft coal shaft mine in the world.

Ventilation Failure Theory

Murrell Reak, member of the State Mining Board, who made an inspection of the mine yesterday, expressed the opinion today that a failure in the ventilation system caused the explosion.

He said an "interruption in the orderly course of ventilation" probably permitted an accumulation of gas in the area. Reak declined to say whether he or state inspectors who examined the mine yesterday found any evidence of negligence.

Findings of the state inspectors will be announced Monday at a meeting of the State Mining Board.

Federal inspectors were examining the mine again today.

Warned by Inspectors.

As disclosed yesterday, the mine operators, the Chicago, Wilmington & Franklin Coal Co. of Chicago, had been warned less than a month ago by a federal inspector to make more frequent inspections for gas.

Funeral services for the three victims of the explosion will be tomorrow. As is customary in the southern Illinois coal fields, all miners remained away from work yesterday in tribute to the dead men. It was expected that all would remain idle until Monday, after the funeral services. About 7000 miners are employed in this area.

The men killed in the blast — George Filkins and Walter Clements Jr., cutting machine operators, and Charles H. Clark, a

'RED TIDE' RETURNS, MANY SWORDFISH AMONG ITS VICTIMS

CLEARWATER, Fla., Aug. 16 (UP)—The "red tide" returned today, leaving the west coast beaches south of here a new deposit of dead fish, including many

Return of the "tide" dashed hopes of resort owners, vacationers and fishermen that the annoyance had left for good. It had not been noticed for several days.

Solid rows of fish lined the beaches after the tide came in last night, and county workers again were called out to remove and bury the thousands of smelly victims.

The increased percentage of swordfish was taken as an indication that a new section of the Gulf had been affected by the plague, which several days ago was taken out to sea by high tides and a brisk offshore breeze.

Commercial fishermen, who along the gulf coast have lost an estimated $1,000,000 in business since the tide began to appear last winter, again despaired of catching up with their losses. Tourist operators stood by for a new flood of cancellations from prospective visitors.

EUGENE ORMANDY TO CONDUCT FOR MARGARET TRUMAN DEBUT

Will Appear With Hollywood Bowl Orchestra at Her Request.

PHILADELPHIA, Aug. 16 (UP) —Eugene Ormandy, conductor of the Philadelphia Orchestra, will conduct for Margaret Truman when she makes her concert debut in Hollywood, Aug. 23.

It was understood that Miss Truman requested that Ormandy, who has appeared in Washington several times in recent years, conduct for her. She will sing with the Hollywood Bowl Orchestra.

The White House said today President Truman has no plans to attend his daughter's concert debut, White House secretary William Hassett said reports that Truman would attend the concert were erroneous.

ALFRIED KRUPP, 11 AIDS IN FIRM INDICTED BY U.S. FOR WAR CRIMES

Directors Charged With Waging Aggression, Plundering Peaceful Countries and Exploiting Slave Labor.

By THOMAS A. REEDY

NUERNBERG, Germany, Aug. 16 (AP)—Twelve directors of the two and a half billion dollar Krupp munitions combine, which for 133 years has been supplying Germany with guns, today were indicted by United States authorities on war crimes charges. They are scheduled to go on trial next month.

In a 50-page bill presented to an all-American court, prosecutors charged the giant steel and armaments firm with waging aggressive war, plundering peaceful countries and exploiting slave labor.

Principal defendant under the indictment was Alfried Krupp von Bohlen und Halbach, son of Bertha Krupp, after whom the giant cannon "Big Bertha" which shelled Paris during World War I, was named.

The other defendants, all facing possible death penalties if convicted, included Ewald Loeser, Karl Pfirsch, Max Ihn, Karl Eberhardt, Heinrich Korschan, Friedrich von Buelow, Heinrich Lenmann, Hans Kupke, Eduard Houdremont, Erich Mueller and Friedrich Janssen.

Broad Range of Charges.

Brig. Gen. Telford Taylor, chief American prosecutor, said the United States would prove that Alfred Krupp and his associates were Nazi party members, confidants of the Gestapo, supporters of Adolf Hitler, instigators of rearmament and violators of the Versailles treaty.

Taylor accused Alfried Krupp of carrying on the policies of his father, Gustav, who is now senile and unable to stand trial.

At the outset of the four-power Nuernberg war crimes trials in November 1945, American prosecutors, backed by France and Russia, asked that Alfred Krupp be made to stand trial in place of his ailing father. The request was turned down by the International Military Tribunal and neither was tried.

Taylor, summing up the charges against the 12 directors, declared them to be the symbol of all German warmaking since long before Bismarck's time.

The Krupp branches "dotted the globe," Taylor asserted, and used their influence to jolt the lives and happiness of two billion persons through World War II. Krupp always was big, Taylor said, but under Hitler the steel mills, coal mines and other units swelled to 175 domestic companies and foreign subsidiaries. The 25,-

CITY WORKER WANTS TO KNOW WHY FREE BEER IS SHUT OFF

A widely known St. Louis brewery has fallen into disfavor with at least one city employe, judging from a letter received at the Mayor's office today. The employe, a Negro member of a street-cleaning crew, demanded an investigation of the brewery because it no longer provided free beer at its plant for street department workers.

During the hot weather, the letter said, "we drank beer there sometimes occasionally, but on Aug. 14 they refused us."

"We get paid twice a month," the communication went on, "and usually we are spent out before our next pay comes up and therefore we cannot have finances available at all times to get our little refreshments at lunch or any other time. Therefore I ask you to investigate into the conditions there."

Director of Streets and Sewers Arthur C. Meyers, on seeing the letter, said maybe he'd better investigate along lines of cutting the payroll "if those fellows have so much time to drink beer." Charles Hertenstein, administrative assistant to the Mayor, however, said he wanted the job of investigating at the brewery—and before the current hot spell ends.

LIKENING A MAN TO HITLER IS LIBELOUS, COURT RULES

$900 Damage Award Upheld by Court of Appeals in Alabama.

MONTGOMERY, Ala., Aug. 16 (AP)—Adolf Hitler's name applied to an American citizen is intrinsically libelous, the Alabama Court of Appeals ruled.

The opinion, written by Judge R. B. Carr and issued at the conclusion of a special summer term yesterday, upheld a $900 damage judgment awarded by the Hale County Circuit Court.

The defendant was alleged to have posted a sign over nine bales of cotton in dispute, likening the plaintiff to the former German dictator.

RIO CONFEREES APPROVE PROPOSAL FOR MEDIATING CIVIL WAR IN PARAGUAY

Indicted Munitions Maker

OPPOSITION CHIEF, PETKOV, GETS DEATH IN BULGARIA

Sentenced on Charges of Plotting Against Government — Army Men Sentenced.

(Picture on Page 5A.)

SOFIA, Aug. 16 (UP)—Nikola Petkov, Bulgarian opposition leader, was sentenced to death today on conviction of charges of plotting against the Government.

Presiding Justice Naiden Raichev of the Sofia district court pronounced the sentence "in the name of the National Republic of Bulgaria."

Petkov was sentenced "for efforts to form a military conspiracy with the object of overthrowing the Fatherland Front government." He also was found guilty on four minor counts and given prison sentences aggregating 45 years, fined 500,000 leva and deprived of citizenship.

The court announced the sentences could be appealed within two weeks. Four co-defendants who pleaded guilty were also sentenced.

Col. Marko Ivanov, alleged contact between Petkov and the military conspirators, got 15 years in prison plus 20 years' deprivation of rights. Col. Boris Gergov and Maj. Athanas Athanassov, alleged conspirators in the Army, got 10 years in prison and 15 years' deprivation of rights. Dimiter Ivanov, Agrarian union official who allegedly directed sabotage at Petkov's orders, was sentenced to five years plus eight years' loss of rights.

PRIESTS IN GOWNS FORBIDDEN TO RIDE MOTORCYCLES IN PARIS

PARIS, Aug. 16 (UP)—The Archbishop of Paris today forbade Catholic priests in gowns to ride motorcycles in Paris on the ground that the gowns often caught in the machines and caused accidents.

The use of bicycles still will be permitted.

MYRON TAYLOR ON WAY TO SEE POPE ON PEACE

Truman Says Ambassador Will Consult With Other Leaders on European Problems.

WASHINGTON, Aug. 16 (AP)—Myron C. Taylor was on his way back to Rome today to renew his discussion of world conditions with Pope Pius XII as ambassador and personal representative of President Truman.

A White House announcement late yesterday said Taylor and the Pope will confer "on problems relative to the establishment of peace under a moral world order and to the alleviation of the human suffering still continuing in many parts of the world."

The announcement added that Taylor was asked to "hold conversations with other leaders on similar problems while he is in Europe."

Taylor, who first went to Rome for President Roosevelt in 1940, made similar missions to the Pope for President Truman in May and November 1946.

A few months ago a delegation of Protestant clergyman went to the White House to protest against the Taylor assignment on the ground it virtually gives diplomatic recognition to the Vatican. Truman has said, however, that Taylor will be asked to carry on until peace is established

The text of the President's statement:

"At my request, the Hon. Myron C. Taylor is proceeding to Rome as my personal representative for further exchanges of views with His Holiness Pope Pius XII, on problems relative to the establishment of peace under a moral world order and to the alleviation of the human suffering still continuing in many parts of the world. Mr. Taylor has also been asked to hold conversations with other leaders on similar problems while he is in Europe.

"The purpose of these further conversations, as on earlier occasions, is to gather for my guidance

ALL 20 NATIONS SUPPORT EFFORT BEGUN BY BRAZIL AND ARGENTINA

U.S. Revises Position on Hemisphere Defense Treaty Formula for Invoking Sanctions Against Aggressors.

By HOYT S. WARE

QUITANDINHA, Brazil, Aug. 16 (AP)—The 20-nation inter-American conference unanimously approved today a proposal for mediation of the five months old Paraguayan civil war.

The conference, called to frame a treaty on hemispheric defense within the framework of the United Nations, adopted a Uruguayan proposal calling for 20-nation support of the mediation efforts already begun by Brazil and Argentina. Messages will be sent to both sides asking for prompt cessation of hostilities.

Juan A. Bramuglia, Argentine foreign minister, in an address called for an end to "capitalist extremes and totalitarianism."

"It is not fair and acceptable," he said, "that humanity destroy itself in a holocaust of political hegemonies that may be derived either from the areas of the turbulent and agitated left or from the restless and threatening right."

Argentina's President, Juan D. Peron, last July laid down in a speech a foreign policy he termed midway between Communist and capitalist extremes. In doing that, Bramuglia said, Peron attested that "man is above systems and ideologies."

Brazilian's Plea of Parlay.

Brazilian Foreign Minister Raul Fernandes, elected yesterday as president of the conference opened its second plenary session by telling the delegates that if they failed to set up the machinery to preserve continental peace, others "less fitted to accomplish it will take our place." He appealed for "safeguards for the defense of individual rights, liberty, justice and well being."

Fernandes said "our work is not only possible and opportune, but also urgent, since the San Francisco (United Nations) Charter gave the Pan American Union the first responsibility for the preservation of continental peace."

Meanwhile, a compromise seemed in the making on the issue of the vote needed to invoke treaty sanctions against an aggressor.

U. S. Revises Position.

Hope for settlement of the voting issue was raised last night when Secretary of State George C. Marshall told correspondents the United States, in response to a Mexican compromise proposal, had revised its position.

Argentina has insisted that a unanimous vote of treaty signatories be necessary to put into effect any measure against a nation attacking any American republic. The United States, on the other hand, has held that a two-thirds majority vote should be sufficient for all such measures.

In last night's news conference, however, Marshall said the United States, while still recommending that the two-thirds rule apply on most varities of sanctions, had agreed to except the use of armed force from this rule. The new position, as he outlined it, is that "no state shall be required to furnish armed forces without its consent."

Under the Act of Chapultepec, armed force is only one of a series of possible sanctions to be provided for in the proposed treaty. Others include the breaking of diplomatic and consular relations with an aggressor and the interruption of economic, commercial and financial relations.

The hemispheric defense treaty is to be drafted by the conference in accordance with a recommendation in this act, a wartime defense pact adopted by 20 nations in Mexico City on March 1, 1945.

Statement by Marshall.

Marshall in his statement said:

"In their replies to recent consultation concerning the treaty to be signed at Rio de Janeiro, a majority of the American republics expressed the opinion that decisions for collective measures should be obligatory on all parties to the treaty.

"The United States is anxious to contribute in every possible way to the formulation of a treaty of maximum effectiveness and has been encouraged by the results of the consultation to review its position regarding obligatory decisions.'

"It is now the intention of the United States delegation to submit a revised draft, wherein it will propose that those collective measures specifically mentioned in the act of Chapultepec shall be

U. S. Scouts Cause Black Market In Cigarettes at French Jamboree

MOISSON, France, Aug. 16 (UP) A black market in American cigarettes at the sixth international Boy Scout jamboree is under investigation by French police, it was learned today.

Raymond Boyer, police commissioner for the camp, where nearly 40,000 Scouts from all over the world are congregated, said he had received numerous reports that American Scouts were using cigarettes as trading items in the big swap mart at the jamboree.

He said investigation indicated that not enough cigarettes were involved to require repressive measures, but camp police were keeping a close watch.

H. C. Pitman, a scoutmaster from Palo Alto, Calif., said the Scouts had taken a tip from former soldiers who told them that they could buy almost anything in Europe for a few cigarettes.

"The boys know everyone in Europe wants American cigarettes and they brought over some to trade," Pitman said. "I don't blame them."

Pitman said he believed most cigarettes were placed into circulation through deals between the Scouts and their own leaders. The leaders, he said, were permitted to bring in five cartons each.

U.S. AGAIN CALLS ON INDONESIANS TO ACCEPT DIRECT MEDIATION PLAN

Offer of 'Good Offices' to Lapse if Republicans Insist on Specifying Method of Settlement, Note Says.

WASHINGTON, Aug. 16 (AP)—The United States today gave Indonesian republican leaders a last chance to accept this nation's offer to mediate in the strife between Indonesia and The Netherlands.

The State Department made public a note setting forth this country's stand which it said has been presented to Vice Premier A. K. Gani by Walter A. Foote, American consul general at Batavia.

The note said that the Dutch already have indicated willingness to arrange direct negotiation for a settlement as proposed by the United States. The note added:

"If the Indonesian authorities are willing to accept, as the Netherlands Government has done, the good offices of the United States about direct negotiation, the United States will be glad to pursue the matter further."

The note said, however, that if the Indonesians "insist on specifying a particular method of settlement as they have heretofore done, without taking into account whether it would be acceptable to the other party, our offer of good offices necessarily lapses."

The United States informed the Indonesians that it then would have no alternative "other than to inform the Netherlands Government and the United Nations Security Council that the Indonesian authorities have not accepted our offer."

Offer First Made Aug. 6.

The United States offer was first broadcast to Indonesia on Aug. 6 and 7. On Aug. 7, the Indonesians replied by radio that they would accept, but at the same time requested the United States Government to use its influence with the Dutch and the Security Council in favor of its own proposal that an international arbitration commission be dispatched without delay to Indonesia.

In a statement making public the contents of the new note, the State Department said that it appeared the Indonesians had misunderstood the nature of the American offer and Foote then was instructed on Aug. 8 to repeat the offer. Foote was directed to explain that the United States "did not contemplate participation by other states in the exercise of our good offices."

The statement added that on Aug. 11, the Indonesian authorities informed Foote "that they accepted the United States offer of good offices in principle, but they introduced a condition again by stating that they desired arbitration by the Security Council."

Dutch Contention in U.N.

In the Security Council's consideration of the East Indies issue, Dr. Eelco N. Van Kleffens, Netherlands representative, has argued that the Indonesian republic is not a sovereign state and that the dispute, for that reason, is not an international problem. The Council so far has side-stepped a decision on this question, but it appeared a showdown might come next Thursday when it resumes its debate.

Van Kleffens told the Council yesterday:

"We (the Dutch) are all for a commission or an investigation, but we hold the Council has not the right to establish one."

He said The Netherlands Government had a two-point proposal, but that it rejected any action by the U.N. to investigate or mediate the dispute.

The Netherlands plan:

1. An investigation by an impartial country, to be selected by two other countries, one designated by the Dutch and one by the Indonesians. This impartial country could also use its "good offices" in the dispute if the efforts of the United States failed.
2. A joint investigation by all the "career consuls" stationed in Batavia.

8 Killed in French Air Crash.

ORLEANS, France, Aug. 16 (UP) — A French Army plane crashed at Cercottes, near here, on Thursday, killing eight persons, it was announced today.

INDONESIA'S CEASE-FIRE ORDER IS CALLED MOCKERY

More Men Are Dying Now Than When War Was Officially On, Says Correspondent.

By STANLEY SWINTON

GAROET, West Java, Aug. 16 (AP)—The cease-fire order issued by the Dutch and Indonesians in the East Indies is a mockery here in the front lines.

More men are dying now than when the war was officially on, say soldiers and officers who are doing the actual fighting.

The cease-fire order had been heralded as the United Nations Security Council's first great victory for peace.

The "cessation of hostilities" on both sides really was not that at all.

For the Dutch, the cease-fire in reality meant there would be no drive on the Indonesian capital of Jogjakarta nor on the small chunk of central Java still held by the Republicans. Elsewhere, they are continuing to move forward in the rich areas they officially term "occupied."

Pushing down from Cheribon and east from Bandoeng, they have achieved a tenuous hold on more than 386 square miles of southwest Java since the cease-fire order. Reports say similar moves are being made in East Java.

Not Occupied When Order Came.

While cut off, these areas never were occupied at the time of the cease-fire order.

The Indonesians, who after the first cease-fire order announced later they, too, planned "mopping up and protective" action, now seem to be pushing just as hard and in just the way their staff officers in Jogjakarta outlined to me months ago.

On the central Java front where Dutch troops actually pulled up, they were striking against the Hollanders in frequent small actions to which the Dutch responded shot for shot. In some areas the Dutch proclaim they occupy, but where actually a slender line of Dutch youths have just staked perimeter areas in a few towns, the Republicans were striking down from the mountains, sniping and avoiding frontal clashes more effectively than when the Dutch forces were moving.

I have not been with Indonesian troops, but they have their side too. They considered what the Dutch called "mopping up" a frank Dutch expansion into new territory, while the Hollanders were giving lip service to the United Nations request that hostilities cease.

Whoever is right, one thing is certain: Not even an uneasy peace has come to Indonesia. The cease-fire order made headlines, but very little else.

(An official Dutch summary issued at Batavia today listed Netherlands casualties from the time of the cease fire order to date at 29 killed, 91 wounded and one missing. The Dutch communique indicated, however, that Indonesian activity had slackened. It said three armed Japanese fighting with Indonesian forces were killed during clearing actions in central Java.)

GIRL SAYS 'STRANGE MAN' PUT GRENADE INTO HER HAND

Policeman, Ex-G.I., Chases Her Three Blocks to Take It Away.

FREEPORT, Ill., Aug. 16 (UP)—A 20-year-old girl was held today while police checked her story that a "strange man" shoved a hand grenade into her hand and told her, "Don't throw it—it will go off."

Audrey Wyman was picked up last night as she walked down a street with the grenade in her hand. She was taken into custody by Motorcycle Patrolman Carson Ertmer, a former soldier.

Ertmer said he thought the object she carried looked familiar. He said he looked again and saw it was a hand grenade.

"When I yellow to the woman to stop, she kept right on, half walking and half running," Ertmer said. "I got off my motorcycle and chased her. I hollered to her not to drop it."

Ertmer said he caught the girl after a three-block chase.

"As I grabbed her, I saw the firing pin was loose," he said. "I caught her with one arm and held the firing pin with the other. Then I waited. Soon Bill Geistman, our desk sergeant, came along and he helped me by holding the girl."

Geistman drove Ertmer to the Pecatonica river, where he got rid of the grenade. He said it failed to explode and he "imagined" it was an incendiary rather than a fragmentation type bomb.

The girl was booked on charges of disorderly conduct and drunkenness. She told police that a "strange man" gave her the grenade while she walked down the street. Police said there had been no explanation given as to why the "man" gave her the weapon.

WOMAN CHARGED WITH MAILING POISON CANDY TO RIVAL IN LOVE

SPRINGFIELD, Ill., Aug. 16 (AP)—Mrs. Anna Hanrahan, 46 years old, of Davenport, Ia., appeared in United States District Court yesterday on a charge of mailing a box of poisoned candy to a Rock Island (Ill.) woman who, a prosecutor said, was her rival for the affections of a man. Authorities said the man had been a roomer in Mrs. Hanrahan's home.

Assistant United States Attorney Marks Alexander said Rosetta O'Shea of Rock Island, across the Mississippi river from Davenport, turned over to police a box of candy, containing poison, which she said she received by mail. Police turned over the box to postal inspectors.

Howard Doyle, United States attorney, quoted Mrs. Hanrahan as telling Judge Charles G. Briggle: "I don't know why I sent it," and adding that she had no intention of causing Miss O'Shea any harm. Doyle said the candy did not contain enough poison to kill the eater.

Doyle said Mrs. Hanrahan appeared in Springfield voluntarily on his request. She waived indictment, consenting to prosecution by information. She entered no plea.

BOY, 3, WITH WANDERLUST MAKES 85-MILE TRIP ALONE

CHICAGO, Aug. 16 (AP)—Three and one-half-year-old Vernon Zubris lifted all restraint from wanderlust yesterday.

He boarded a Rock Island streamliner and was off to see the world when the train conductor discovered at Ottawa, Ill., that he was unaccompanied.

Police at Ottawa took Vernon in charge and notified police in Chicago. After appearing at a police station last night to report his son's disappearance, John Zubris climbed into his automobile and started the 85-mile drive to bring him back.

The father surmised that Vernon had crawled under the backyard fence, walked to the nearby Sixty-third street station and boarded the train there.

'HE'S JUST A SHELL,' SAYS NO. 5 OF MAN WHO MARRIED EIGHT

'He'll Never See 65 Again,' She Exclaims—Asserts She Paid for His Teeth.

LOS ANGELES, Aug. 16 (UP)—Gerald L. O'Neal, movie bit player charged with bigamy, got quite a reception when confronted in court yesterday by six of his eight wives—at least four of whom, says the District Attorney, he never divorced.

Mrs. Stella Frank, wife No. 5, exclaimed:

"He says he's only 49. Hogwash! He'll never see 65 again. I bought him his teeth, his toupee and his glasses. He's just a shell."

O'Neal, who allegedly wooed and won most of his wives in the same dance hall, flushed to the top of his toupee-less pate.

Another witness, Mrs. Julia Twitchell, described by the state as No. 4 wife, was much kinder in her testimony.

"He always treated me like a lady," she said. "We had fun together."

Another witness, Mrs. Myrtle Riley, designated as wife No. 8, told the court she doesn't know whether she is married to O'Neal.

"We went before a lawyer or something in Tijuana (Mexico)," she testified. "I don't know if we're married."

As the preliminary hearing ended, however, Mrs. Riley rushed up to O'Neal and kissed him thoroughly. He looked at the other women who say he married them, and said: "You see, kids, this is real love."

O'Neal was ordered held under $5000 bail for Superior Court trial.

SUIT ON VALIDITY OF ILLINOIS CONGRESSIONAL BOUNDARY ACT

SPRINGFIELD, Ill., Aug. 16 (AP)—A suit to determine constitutionality of the 1947 act redrawing the state's congressional boundaries into 26 districts was filed today in the Illinois Supreme Court.

The suit was brought by two political science professors and an attorney, who urged the court to uphold the act as valid. They sought quick consideration by the court to compel use of the new map in the primary election next April.

JOSEPH E. JOHNSON QUITS STATE DEPARTMENT POST

WASHINGTON, Aug. 16 (UP)—The State Department has announced the resignation of Joseph E. Johnson as a member of Secretary of State George C. Marshall's six-man foreign policy planning staff.

Johnson resigned to return to his prewar job as professor of history at Williams College. He served as chief American technical expert to the 1945 United Nations conference, and the following year as a delegate to the U.N. General Assembly meeting in London.

17 HURT AS LIGHTNING STRIKES

HAZARDVILLE, Conn., Aug. 16 (UP)—Lightning struck a tobacco warehouse today and seriously injured 17 migratory tobacco workers who had taken shelter from the storm.

Most seriously injured was Miquel Pereira, 31 years old, of Ludlow, Mass., who was knocked 10 feet to the ground from a platform by the lightning. The others, including several teen-age Florida girls, suffered severe electrical shock, burns and hysteria.

Power Board Natural Gas Order.

WASHINGTON, Aug. 16 (AP)—The Federal Power Commission last night adopted an order withdrawing from all jurisdiction over independent operators who produce or gather natural gas. The commission said its action, ending a long controversy over the FPC's right to control sales by such operators to interstate pipeline companies, is intended "to relieve any existing uncertainty" that it seeks such jurisdiction.

CHURCHILL: 'FREE ENTERPRISE' ONLY HOPE FOR BRITAIN

He Asserts Attlee Program Fails to Solve Crisis, Says It Means National Disaster.

LONDON, Aug. 16 (AP)—Winston Churchill told the British people tonight they could solve their grave economic crisis only through a system of "free enterprise" and asserted acceptance of the Labor Government's program would mean national disaster.

In a political broadcast to the nation, the leader of the Conservative opposition accused Prime Minister Clement Attlee's Government of failing to solve the country's crisis.

"There can be no dispuate about the Socialist failure or its gravity," he declared.

"The choice which lies before the British nation about the form of its society is between a system of competitive selection and a system of compulsion," the wartime Prime Minister said.

"Both these forms of society are hard. The struggle for life is unceasing. There is no easy or pleasant road. It will be uphill all the way.

"But I am sure it is only by personal effort, free enterprise and ingenuity, with all its risks and failures, with all its unequal prizes and rewards, that anything like 47,000,000 people can keep thmeselves alive in this small island, dependent as it is for all its food on selling high quality goods and rendering necessary services to the rest of the world."

PEDESTRIAN GETS 2 TICKETS WHERE 3 STREETS MEET

DETROIT, Aug. 16 (AP) — Joseph Petty, 63 years old, planned today to stay away from Detroit's downtown section for a while after collecting two pedestrian tickets for "interfering with traffic."

Hoping Petty sticks to his decision was Police Officer Oscar Day, who directs traffic—with the help of a few signal lights—at a busy intersection of three streets.

Day was startled yesterday to see Petty coming toward him uncertainly through screeching brakes and blaring horns. That, he decided, constituted interference with traffic, so he wrote a ticket and showed Petty which light to watch to get to the opposite corner safely.

He turned back to his duties, only to hear cars clattering and brakes screeching again. Lying on the pavement this time was Petty, who had watched the wrong light.

An ambulance took the confused Petty to Receiving Hospital, where attendants found him only bruised. Then two other officers wrote out a second ticket.

KOREANS TRY TO SHOUT DOWN SOVIET COMMANDER

SEOUL, Aug. 16 (AP)—A program yesterday marking the second anniversary of Korea's liberation from Japan developed into a shouting contest between Soviet Gen. T. F. Shtikov and the large crowd. United States Maj. Gen. Albert E. Brown, who also spoke, was heard in silence and applauded.

Throughout Shtikov's address in Russian and the Korean translation the audience thundered "immediate independence," and "antitrusteeship." Mayor Kim Hyung-Min and police officials, who flanked the Russian on the platform, gestured vainly for quiet. The public address system was turned louder and louder, but the crowd only increased its shouting.

Shtikov and Brown are their countries' chiefs of the joint commission which has been discussing formation of a Korean provisional government but which remains deadlocked on procedure. Brown told the audience that Koreans impatient for immediate independence tended to submit readily to "propaganda purposely instigated by certain individuals and groups which work upon that impatience to lead Koreans to commit acts that actually delayed independence."

3 HURT, 7 MISSING IN CRASH OF PLANE AT SEA OFF URUGUAY

MONTEVIDEO, Aug. 16 (AP)—A chartered plane on a mysterious flight possibly, involving the Paraguayan civil war, crashed into the sea off Montevideo, capital of Uruguay, late last night. Seven persons were reported missing.

Three of those aboard were rescued by a tug which sped to the scene from Montevideo. Officials said the three were Kenneth Dineen, a crewman; a retired Uruguayan Army major named Alcides Perdomo and an unidentified Paraguayan. All were injured.

Perdomo told reporters the plane was a 32-passenger Sikorsky on a test flight, carrying a crew of five and five passengers. It belonged to the recently organized Montevideo Transport Co. The Uruguyan said the crew included Richard Grayneery, pilot; Andrew Fisher, co-pilot; William Miller, radio operator, and Hoagy Jertsen, steward. He said he did not know the names of the other passengers.

ILLINOIS REJECTS MOCK KLAN

MIAMI, Aug. 16 (AP) — Stetson Kennedy, author whose application for a charter of a mock Ku Klux Klan was rejected by Illinois Secretary of State Edward J. Barrett yesterday said last night that he planned to file application for another charter in some other state.

BIGGEST SUMMER HOUSING BOOM IN U.S. HISTORY

80,000 New Permanent Dwellings Started in July, Breaking Building Traditions.

WASHINGTON, Aug. 16 (UP)—The biggest summer housing boom in the country's history is on. The Government predicts that the demand for new homes will continue.

The Department of Labor reported today that private builders broke ground for more new homes last month than during any month in the last 22 years. The department said 80,000 new permanent dwellings were started in July, an increase of nearly 3000 over June and 18,000 over the corresponding month last year.

Ewan Clague, commissioner of the department's bureau of labor statistics, said it was "most unusual" for a new record to be set so late in the year. He said the peak months for beginning new homes traditionally have been April and May.

Possible Reasons.

Clague said he couldn't put his finger on any one reason for the summer boom. But he said there were these possibilities:

1. The great demand for residential housing. Many families need homes so urgently they are willing to start them "out of season" in an attempt to get them finished quickly.
2. The feeling on the part of contractors and builders that they can now get materials to finish the houses they start.
3. Builders' confidence that the present good market will continue.

It is virtually certain, Clague said, that the cost of building materials is not going to come down for some time.

"There has been a lot of talk about the housing market slowing down," Clague continued. "I think it has, but only on the shoddy values offered by greedy people at fantastic prices. There has been no slackening in the demand for good housing values and none is immediately in sight."

Sign of Stability.

Meanwhile, the National Association of Real Estate Boards said housing market conditions showed signs of reaching stability in July. The association said the general tendency indicated that both sales volume and prices soon would level off on a high plane.

In its report, the Labor Department said 441,000 housing units were started during the first seven months of this year. During the same period, 165,300 new homes were completed.

The department estimated that two and a half billion dollars was spent on new, private housing from January to July—an increase of about a billion over the corresponding seven months of 1946.

N.A.M. HEAD WANTS TAX CUT AS AN AID TO PROSPERITY

WASHINGTON, Aug. 16 (AP)—Earl Bunting, president of the National Association of Manufacturers, said today high income tax rates are "drying up the sources of venture capital and threatening the unprecedented prosperity which beckons the nation."

He urged "quick enactment" at the next session of Congress of the N.A.M. tax plan calling for a 12 per cent minimum tax on small incomes and a 50 per cent maximum on large ones. Under present law the range is 19 to 85 per cent.

"It makes no difference which party gets the credit for tax revision and reduction," Bunting said in a statement prepared for a radio (NBC) broadcast, "as long as the job is done and done as quickly as possible."

SALLY RAND, MAN ARRESTED ON HIS WIFE'S COMPLAINT

SPRINGFIELD, Ill., Aug. 16 (AP)—Fan dancer Sally Rand and Harry Finkelstein of New York were arrested last night on a disorderly conduct charge signed by Finkelstein's night club actress wife.

Mrs. Finkelstein complained that she had not seen her husband since he joined the Sally Rand show some time ago.

Miss Rand has been appearing at the Illinois State Fair with a carnival company. Conway quoted Mrs. Finkelstein as saying she is currently billed as Georgia Sothern in a Cincinnati night club act. Finkelstein said he was Miss Rand's manager.

HINDU WIFE'S FIRST DIVORCE

The Chicago Daily News-Post-Dispatch Special Radio. Copyright, 1947.

NEW DELHI, India, Aug. 16—A Hindu wife of Bombay, Bai Jasu Amratial Mathuria, has just won a divorce. That, in India, is news. Her suit was the first filed under the Bombay Hindu divorce act that went into effect less htan three months ago. This act gives Hindu women, for the first time, the right to divorce their husbands on limited grounds.

Bai Jasu Amratial Mathuria alleged desertion and bigamy.

TRUMAN WARNING TO NLRB ABOUT BALL IS REPORTED

Lewis Paper Says President Told Board Not to Let Senator Dictate Its Policies.

WASHINGTON, Aug. 16 (AP)—The United States Mine Workers' Journal said today President Truman has "warned" the National Labor Relations Board that he will not reappoint members who permit the congressional committee on labor relations to "interfere or dictate policy."

The John L. Lewis union publication described the committee, created by the Taft-Hartley act, as a "witch-hunting vigilante outfit" and declared Chairman Joseph Ball (Rep.), Minnesota, has tried to persuade the NLRB not to "make a move without calling Joe."

Under the Taft-Hartley act the three-member board was expanded to five and the new post of general counsel created. The President nominated J. Copeland Gray and former Senator Abe Murdock of Utah as new board members and Robert N. Denham as general counsel.

Congress adjourned without Senate confirmation of the nominees.

'Blocked by Taft and Ball.'

The mine workers' journal said confirmation was "blocked in the closing hours of the congressional session by the Taft-Ball forces who wished to keep a whip hand over them." It added:

"If confirmed their terms would have run for several years and they could not have been removed except for good cause. But under the Taft-Ball strategy they can easily be removed when Congress meets again by a simple refusal to confirm.

"Opposition was most bitter toward Murdock who was a pro-labor member of both Senate and House. There was not much objection to Denham who is recorded as conservative.

". . . Even before the NLRB members and the new counsel took office on the temporary basis, Ball put them on the grill. His purpose was to get commitments that they would make no major policy decision without consulting his committee.

"From Denham, Ball got a promise to confer with the committee on the 'interpretation of various questions before you take a final position.' Denham, a former trial examiner for whom the new post is a big promotion, responded, 'I should feel it would be a privilege to do so, sir.'

"Ball tied the thing down with another query even more bluntly phrased to the effect that Denham should see him before making any important move. Denham's answer was, 'Very definitely.'"

Truman Takes Hand.

The journal went on to say that "information as to what was going on got through to President Truman, who summoned Denham and the board members to the White House and told them in no uncertain terms that they were responsible only to him for their administration of the law.

"He warned them not to let the Ball committee interfere or dictate policy, and declared he would not reappoint any official who was so weak-kneed as to bow to Ball et al."

Under the Taft-Hartley Act the Ball committee is assigned the job of making a thorough survey of the whole field of labor-management relations.

It also must keep a close watch on operation of the new law and recommend any changes it deems warranted.

One of its first tasks is to study the labor relations of certain firms which have had favorable dealings with labor unions, and those of other companies where strife has entered the picture.

Ball has returned to his Minnesota home and Denham is on a business trip to Chicago.

A report was published early this week that the President had told NLRB members rather emphatically that they were responsible to him and not to Congress. The report said this conference took place after Truman had been informed that the members were looking to Congress for advice in administering the law.

Truman Talked to Members.

Asked at his press conference Thursday if he had "laid down the law" to the board, the President said he had discussed the situation with its members, that they were of the same frame of mind as himself, and that they are members of the executive branch of the Government. There was no argument on the subject and no necessity for laying down the law, he added.

In Chicago, Denham said he did not feel at liberty to disclose what was said in his conference with President Truman, except to state that the "matter of the functioning of the committee was gone over."

He said the Mine Workers Journal, in its quotations of Ball and himself, referred to a public hearing before the committee.

"The relation of the joint committee to the board and to the general counsel was discussed and it was clearly understood during the course of our comment there that the general counsel and the board would keep the committee advised with reference to the enforcement of the act and of any 'bugs' we might find in it," he said, "so that they could take steps to correct it if they saw fit to do so.

"The situation was left very clearly that the legislative branch of the Government is not going to run the NLRB or any part of it. They have no intention of doing it, and I don't think they would want to do it."

RULES UNION CAN'T GO TO NLRB IF ONE OFFICER BALKS AT ANTI-RED OATH

CHICAGO, Aug. 16 (AP)

ROBERT N. DENHAM, recently named general counsel for the National Labor Relations Board, said today failure of any union officer to file an anti-Communist affidavit would bar all locals of his international union from using the facilities of the NLRB.

Denham, in Chicago on a business trip, said he had told the regional staff of the NLRB that the Taft-Hartley Act provides "that a labor organization desiring to utilize the services of the board must file its financial statement with the Department of Labor and must also file with the NLRB the affidavit of each of its officers stating he has no Communistic sympathies or leanings."

"Local unions must do that, and the same things must be done by the international or national organization with which it is affiliated or of which it is a constituent unit," Denham said. "The chain must be complete in all respects before the law is complied with."

Denham's appointment as general counsel has not yet been confirmed by the Senate.

UNION DENIES COLLECTIVE BARGAINING TO OWN EMPLOYES

KANSAS CITY, Mo., Aug. 16 (AP)—The CIO Oil Workers' International Union refused late yesterday to extend collective bargaining privileges to about 50 of its own employes. Delegates to the union's national convention voted 157 to 42 against a proposal to give their international representatives—the traveling salesmen of unionism—"the same security they negotiate for the members in negotiations with management of the oil industry."

C. E. Robinson of Bakersfield, Calif., chairman of the resolutions committee, explained: "The handling of international representatives lies in the administrative policy of the union. They have the right to meet with the executive council and take up any grievances. They have been and will continue to be dealt with fairly."

Earlier yesterday the convention voted to give to the CIO Political Action Committee the $2000 which J. Curtis Trahan, former mayor of Texas City, Tex., rejected as a contribution to his campaign for Congress in Texas.

ARAB MOB KILLS JEW AS PALESTINE STRIFE CONTINUES

Storekeeper Stoned, Stabbed in Jaffa — Moslem Youths Save Jew in Another Attack.

JERUSALEM, Aug. 16 (UP)—An Arab mob stoned and stabbed a Jewish shopkeeper to death in Jaffa today and two other persons died in the week-old strife between the Arabs and Jews.

The Arabs killed Abraham Cohen of Tel Aviv, who crossed the troubled border into neighboring Jaffa where he had a store.

Military police patrolling the border zone shot to death an Arab who failed to obey an order to halt. A 14-year-old Arab boy injured in Jaffa rioting Wednesday died at the government hospital.

The new deaths increased to 25 Arabs and 13 Jews the number killed since racial outbursts began last Sunday. By unofficial counts, at least 107 persons have been injured and property damaged to the extent of more than $1,000,000.

In an unusual incident, the Najada Arab military forces saved the life of one Jew who was attacked by a band of angry Arabs in the Jaffa-Tel Aviv border area. The Arabs put the Jew in a car and took him to Tel Aviv, where he was handed to a representative of the Hagana underground organization.

The Jew had driven his car to a garage in Jaffa. Some Arabs blocked his way. The driver got out and tried to run, but the Arabs pursued and started stoning him. Khaki-clad youths of Najada came to his rescue, flailed several of the Arab attackers with clubs, escorted the Jew to his car and one of them accompanied him through the danger area.

At Cairo, a statement authorized by the exiled Arab Mufti of Jerusalem, Haj Amin El Husseini, accused the Zionists today of starting the Arab-Jewish strife in Palestine. The statement was a reply to Hagana, the Jewish underground defense organization in Palestine, which had said "the Mufti's timetable for the outbreak of Arab terror is nearing D-day."

"This is Zionist nonsense," the Arab statement said. "The Zionists are used to making false accusations against the Arabs and the Mufti. They accuse him of plotting disorders because he is the rock which stands in the way of the achievement of this program."

FIVE PILOTS COURT-MARTIALED FOR STUNTING OVER ATLANTA

ATLANTA, Ga., Aug. 16 (AP)—Five young National Guard flyers were ordered before courts-martial yesterday to answer charges of stunting dangerously and flying too near commercial airliners.

Brig. Gen. George Finch of the Fifty-fourth Fighter Wing said the courts-martial were ordered by Gov. M. E. Thompson following complaints of both airlines and citizens.

All five pilots had been decorated for combat duty in the war.

The trials are scheduled to open Sunday at the Marietta (Ga.) Army Air Base. Conviction would subject the flyers to dismissal from the service, $200 fine and 200 days imprisonment. Jail sentences must be served in a county jail.

FRANKLIN COUNTY (ILL.) TAX BOARD SUPPORTS EX-HEAD IN LAND BUYING

Confirms Action of Purchasing Delinquent Properties — Prosecutor Seeks Inquiry Into Sale of Tracts.

By a Staff Correspondent of the Post-Dispatch.

BENTON, Ill., Aug. 16—The Board of Supervisors of Franklin county has placed its stamp of approval on the activities of its former chairman, Roy Dye, in the resale of tax delinquent properties bid in by the county to satisfy delinquent taxes, which have been under investigation by State's Attorney J. Max Mitchell, the Post-Dispatch learned today.

A grand jury investigation of the disposal of the properties has been asked by Mitchell, who estimated that taxpayers and school districts in the county suffered a loss of more than $500,000 in the transactions.

The action of the Board of Supervisors was taken at a meeting July 15, about two years after Dye had disposed of most of the properties and at a time when Mitchell, legal counsel for the board under Illinois law, was away from the county. He was undergoing tests at the Mayo Clinic, Rochester, Minn.

At the July meeting, the board adopted a resolution "ratifying and confirming" Dye's actions in purchasing the tax-delinquent properties, as agent for the county, at sales conducted by the county treasurer and ex-officio collector in October 1944, and adding: "We hereby ratify and confirm all his acts and doings in connection with his sale, assignment and delivery of certificates of purchase to each and every one of the purchasers thereof."

Mitchell said today that, had he been in town at the time of the meeting, he would have advised against adoption of such a resolution.

"They were trying to make legal that which was not legal and justify the wrongful acts of one of their members," Mitchell said.

At the same meeting, the board adopted two resolutions approving the sale by Dye, in October 1945, of 28 parcels of property, comprising several hundred acres of land, to Walter W. Williams, an attorney, with offices in Benton. The properties were disposed of in two separate sales which, apparently, had not been ratified previously by the board.

Still another resolution adopted at the meeting, pointing out that the county is owner of tax certificates for more than 7000 acres of land and mineral rights formerly assessed in the name of the Franklin County Mining Co., a defunct corporation, empowered the present chairman of the board, J. Palmer Rea, to "retain a competent lawyer" to file suit to acquire clear title to the property, in the event Mitchell did not institute action before July 31.

Mitchell said he has not instituted such action and added that he has warned Rea, who succeeded Dye as board chairman this year, that he would file charges of usurpation of office, a misdemeanor, against any lawyer appointed by the board, who might file such a suit.

Previous investigation of the handling of the delinquent tax properties disclosed that Dye, while chairman of the board, was appointed special agent to represent the interests of the county in the sale of properties under the Illinois Ten Year Delinquent Tax Sale Act. As agent, he bought in 6385 parcels of property on bids totaling $1,857,609 and sold them to individuals, mostly speculators, for a total of $64,494.

Earlier this year, Dye told the Post-Dispatch that all the board wanted to accomplish was to get the properties back on the tax books on a current basis, adding: "I could have given it away and accomplished the same thing."

Also at the July meeting the board adopted a resolution appointing Rea to act as special agent to represent the county in the handling of any additional delinquent tax property sales. He was given full authority—even as was Dye—"to sell for cash in hand" any certificates of purchase on delinquent tax properties already issued, or which might be issued in the future.

Dye was re-elected a member of the Board of Supervisors last April.

Found Dead Beside Train Tracks.

The body of William E. Johnson Sr., a coal miner, was found beside the Illinois Central tracks about five blocks from his home in Marissa, Ill., early yesterday. Police said he had started toward his home shortly before 1 a.m. and is believed to have been killed by a train, which passes through Marissa at that hour. Johnson was 65 years old.

Removing Body From Mine

—Carl Sorgen photo.

The body of one of three miners killed by a gas explosion in Orient Mine No. 2 at West Frankfort, Ill., being removed from the shaft early yesterday. Two others were injured. There were 89 men underground when the blast occurred.

MINE BLAST LAID TO SPARKS FROM CUTTING MACHINE

Continued From Page One.

driller—were drilling and cutting a section of coal in preparation for hoisting operations, which were to have been resumed yesterday. No coal was mined Thursday because of a shortage of railroad cars at Orient No. 2.

89 Men in Pit at Time.

Eighty-nine men on the night shift were working 586 feet below the ground at the time of the explosion. All but the three dead and two injured were notified and reached safety without difficulty within two hours. Survivors and mine officials agreed that rock-dusting was largely responsible for keeping the explosion confined to the entry where the victims were working, 15 North in 23 West.

The injured men, who were working near that entry, were Mike Stinkiewcz and W. A. Blair, track layers. Both went home after treatment for cuts and bruises, suffered when they were knocked down and thrown 30 to 40 feet by the force of the blast.

Federal Mine Inspector H. C. Brumbaugh reported on July 23 that he had detected methane at a number of working places in the mine and that these places had not been marked as dangerous, "which indicates that frequent examinations for methane were not being made at the working faces."

Where electrically-driven equipment is used, frequent inspections for gas should be made, he recommended.

State Mine Inspector James R. Wilson, in a report July 5, recommended cleaning of haulage ways and substitution of lumber for cloth to close off certain passageways.

General Superintendent John Rodenbush said the recommendations of both inspectors were adopted immediately. He pointed out the explosion took place about three-quarters of a mile from the places were Inspector Brumbaugh detected gas. Rodenbush said the mine has received permission to reopen from federal and state inspectors.

In the gas explosion which killed 27 men July 24 at Old Ben Coal Corp. Mine No. 8 here, rock dust was credited with localizing the blast and saving the lives of 237 other workers. In the Centralia Coal Co. disaster which killed 111 men March 25, spread of a coal dust explosion through the entire mine was attributed to grossly inadequate rock dusting.

FELLOW WORKERS GIVE $85 TO HELP MAKE LOSS GOOD

George B. Walsh, a bus driver for the Public Service Co., had a renewed faith in the friendliness of his fellow employes today.

Faced with reimbursing the company $120, for transit passes stolen from his bus, Walsh was planning ways to cut living expenses for his family of five when other employes chipped in $85 to help make good his loss.

Walsh, who lives with his wife and their three youngsters at 217 Peeke avenue, Kirkwood, said it was a custom for drivers and others to help one another out. But, on this occasion, he pointed out, the loss was unusually large.

The passes were stolen from his Lindenwood bus on Sunday. The next day he reimbursed the company. But two days later he had received $85 contributed by other employes, some of whom put their contributions in a cigar box, attracted by placards notifying them of Walsh's misfortune.

TWO LARGE BUSSES COLLIDE ON NARROW BRIDGE; 20 HURT

FRANKLIN, Pa., Aug. 16 (AP)—Two big interstate busses collided on a narrow bridge here early today, injuring 20 passengers, four of whom were detained at a hospital. None of the injured were listed as from the St. Louis area.

The collision of a Pittsburgh-Buffalo Harmony Bus Lines vehicle and a Buffalo-Pittsburgh bound Greyhound bus occurred on the Washington bridge over French creek on highway route 8 into Franklin.

OVERLAND EX-G.I. DROWNS IN ITALY

Discharged From Army, Had Returned to Milan to Bring Wife to U.S.

Nathan A. West, 3325 Edmundson road, Overland, drowned Aug. 6 at Milan, Italy, relatives here have been informed. West was discharged from the Army on May 27, and went back to Italy a few days later to bring his wife back to St. Louis with him.

A sister, Mrs. Fred Green, of the Edmundson road address, said West had gone swimming in a lake at Milan, with a group of people which included his wife. He apparently suffered an attack of indigestion, Mrs. Green said.

West was 24 years old, and had served in the Army for nine years. He spent five years in the Mediterranean theater during the war, when he met and married his wife. Other survivors include his parents, Mr. and Mrs. M. G. West, of Robertson; four brothers and four other sisters.

17 PERSONS HURT IN AUTO ACCIDENTS IN CITY IN NIGHT

Continued From Page One.

Moyle was booked for careless driving and felonious wounding and was released on bond. After striking the Karcher automobile, Moyle's car hit another driven by Harry R. Lynch, a laborer, 1908 Park avenue, who was driving with his wife and two small children. They were not injured.

Four women and a boy were injured when their automobile turned over following a collision with another machine at Kennerly and Warne avenues at 11 p.m. They were: Mrs. Myrtle Daugherty, the driver, 10302 Driver avenue, Overland; her son, Donald, 9; Mrs. Mildred Linton, 2337A South Tenth street; Mrs. Louise Bean, 3660 Blaine avenue, and Mrs. Eunice Steffan, 3907A Blaine avenue. They were treated for cuts and bruises at City Hospital. The second machine was driven by Thomas Gambon, 8238 Monroe avenue, Vinita Park.

Ralph L. Paust, a laborer, 4203A Lee avenue, and his wife, Edna, were cut and bruised when Paust lost control of his machine and hit a telephone pole at Natural Bridge and Prairie avenues early today. The pole broke and pulled down a second pole in a tangle of wires, police said. Paust was booked for destruction of property and careless driving.

An automobile driven by William Berlich, a roofer, 2632A St. Louis avenue, jumped the curb and knocked down a street light standard in front of 3018 Elliott avenue at 6 a.m. today. Berlich, who was cut and bruised, said he fell asleep, police reported.

Six Injured in Auto Collision Near Nashville, Ill.

NASHVILLE, Ill., Aug. 16 (AP)—Three Iowa and three Granite City (Ill.) motorists suffered slight injuries in a two-car collision late yesterday at nearby Addieville.

They are Mrs. Marion C. Kohl, Mrs. Helen Evans and her husband, L. C. Evans, all of Mount Vernon, Ia., suffering cuts, bruises; and the Granite City residents are Charles Ogle, head, facial cuts; his son, Charles Jr., 8, facial cuts, and their driver, Robert L. Stewart, rib injuries. The Iowans' driver, W. E. Kohl, was not hurt.

4-TO 6-WEEK REST ORDERED FOR MAYOR AFTER OPERATION

Four to six weeks of rest have been ordered for Mayor Aloys P. Kaufmann, who recently underwent an operation at St. Mary's Hospital, Rochester, Minn., it was announced today by Acting Mayor Charles E. Albanese.

Albanese said that the Mayor would return to St. Louis in the next few days and then would go to his farm near Hillsboro in Jefferson county.

The operation was undertaken to correct a sciatic condition caused by a slipped disc in the spinal column which depressed a nerve. The Mayor injured his back three years ago driving fence posts on his farm. Since then he has suffered recurrent attacks of sciatica.

AREA RENT OFFICE 11,000 BEHIND IN CHECKING LEASES

Drive Planned to Clear Backlog — New Ones Arrive at Rate of 1000 to 2000 Daily.

A concentrated effort to clear a backlog of about 11,000 leases which provide an increase of 15 per cent over old OPA rent ceilings and which have been sent in for approval will be started Monday at the St. Louis rent control area offices, Groves C. Vandover, area director, announced today.

Vandover said all of the employes of the office who are not required for answering of inquiries and emergency work will be assigned to checking of the leases. There are about 50 employes in the office.

"New leases are being received at the rate of from 1000 to 2000 a day," Vandover said. "They started coming in shortly after the new regulation became effective on July 1, and thus far there has been no slackening. We want to try to clear the backlog that has developed, so that both landlords and tenants can know where they stand."

17,000 Leases Received.

More than 17,000 leases have been received from the area under jurisdiction of the office, which includes the City of St. Louis and St. Louis, Jefferson and St. Charles counties in Missouri, and St. Clair, Madison and Monroe counties in Illinois. There are about 275,000 housing units under federal rent control in the territory, Vandover said.

Through last Thursday, he reported, the office had examined 6297 leases, of which 3994 were approved and 2303 rejected. A majority of the rejections were caused by landlords inserting conditions which did not prevail before July 1, he said.

Vandover pointed out that if heat, light, water, decorating or similar services were provided before July 1, the new leases must guarantee that they will be continued. Many leases sent in were rejected because this was not done, he said, while a number of others were disapproved because they contained provisions that after a given date the rent would be increased above the 15 per cent permitted.

House-to-House Drive.

Meanwhile, Mrs. Kathryn Cross, corresponding secretary of the Real Property Owners' League, announced that a house-to-house campaign would be started Monday to supplement the work of the booths at which the league has been seeking signatures to a petition asking city officials not to enact rent control legislation. Five booths of the organization were in operation today, at Grand boulevard and Olive street; Grand and Gravois avenue; DeBaliviere avenue and Delmar boulevard; Seventh street and Washington avenue, and 5977 Easton avenue.

A total of 677, signatures was obtained yesterday at stands at Kingshighway and Delmar and sixth street and Washington, where representatives of the Progressive Citizens of America solicited signatures for a petition for an initiative election on rent control. The total obtained thus far is 14,750.

Stands were open today for additional signatures at those two locations, as well as at Sarah street and Finney avenue, Jefferson avenue and Market street, Florissant and College avenues, Seventh boulevard and Lafayette avenue, Grand and Olive, Iowa avenue and Cherokee street, West Belle place and Vandeventer avenue and Jefferson avenue and Franklin avenues.

Union Aiding Drive.

A spokesman for the P.C.A. said members of District No. 9 of the International Association of Machinists would circulate petitions for the referendum.

Last night, at a meeting of the Third ward Democratic organization at 2601 Hadley street, a resolution was adopted unanimously to support a proposed ordinance for city rent control. Alderman Alfred I. Harris of the Twenty-second ward, who spoke, said he would introduce a bill for such control. He criticized the action of Mayor Aloys P. Kaufmann in refusing to call a special session of the Board of Aldermen to take up the problem. As a result, he said, the drive for a referendum has gained much strength. He estimated the cost of such a referendum at $85,000.

UNION ELECTRIC'S PROFITS UP 17.4 PCT. FOR QUARTER

An increase of 17.4 per cent in the profits of the Union Electric Co. for April, May and June of 1947 over those of the corresponding period a year ago was noted by the quarterly report of the North American Co., which holds all of Union Electric's common stock.

Operating revenues increased by 12.7 per cent. Various deductions from revenues decreased, however, bringing the balance of funds available for common stock from $2,063,685 to $2,423,386.

In the same period, North American income decreased from 42 cents per share to 34 cents per share. For the year ended June 30, 1947, North American's income was up to $1.96, from $1.64 for the corresponding period a year ago.

Barry Gray Heads Disc Jockeys.

CHICAGO, Aug. 16 (UP)—Barry Gray, of the Mutual Broadcasting Company, took over today as chairman of the National Association of Disc Jockeys. Gray was selected to head the group by 75 disc jockeys who met here yesterday. They planned to make the association a permanent, nation-wide group.

BILL TO CONTROL PEDESTRIANS IS BEING PREPARED

'Walk' Lights Also Considered by Committee Named by St. Louis Safety Council.

A pedestrian control bill is being prepared by the city traffic division at the request of a safety committee named by the St. Louis Safety Council, Arthur C. Meyers, director of streets and sewers, announced today.

The committee plans to conduct a vigorous safety campaign in the fall, Meyers, a member of the group, said. Others on the committee are: Louis Antoine, chairman; Chief of Police Jeremiah O'Connell, W. A. Pickerel, J. L. Stevenson, treasurer of the St. Louis Safety Council, and Louis J. Hoffmann, business manager of the Star-Times.

Pedestrian "walk" lights also are being considered by the safety committee, Meyers said, "but it was decided a good pedestrian control ordinance should be passed to make enforcement effective."

Meyers said there was a difference of opinion among traffic experts on the advisability of installing walk lights for pedestrians. "A large number of traffic engineers are of the opinion that if a pedestrian walk light is installed, it should be the type that halts all vehicular traffic while the pedestrian is crossing," he said.

Regarding one-direction traffic lights, Meyers said most comments received by the traffic division on those lights were "favorable." He continued: "No doubt an intersection with a traffic signal which operates without left turns is most desirable. However, in some cases, such as at Twelfth and Delmar, this type of control is not possible, due to the fact that routing of busses over Twelfth and on Delmar requires a left-turn movement."

Elimination of some left turns at Twelfth and Delmar and at Chippewa and Hampton is under study, Meyers said.

He pointed out the city once tried a pedestrian control ordinance for a 30-day period but dropped it because of criticism. Many opposed the ordinance on the ground that it interfered with the rights of individuals.

ONE KILLED, TWO WOUNDED IN DISPUTE IN FRONT OF TAVERN

One Negro was killed and two others were shot and wounded in a dispute in front of a tavern at 4111 Finney avenue early today. Leon Davis, 24-year-old porter, 4046 Fairfax avenue, was shot in the head and instantly killed by Chester Gardner, a laborer, 1331A North Sarah street, whom police found hiding in a cubbyhole in the roof of his home several hours later.

The trouble began, police said, when Davis, William Doom, a laborer, 4004 Delmar boulevard, and James Terry, also a laborer, 4401 Page boulevard, were in a tavern at 918 North Sarah street. Davis and Doom bought drinks for two Negro women and later quarreled with them in front of the tavern. After one of the women was slapped she shouted she was "going home to get her husband."

A short time later when Davis, Doom and Terry emerged from the Finney avenue tavern to which they had gone following the quarrel, Mrs. Mildred Gardner met them with her husband and said, "Those are the men." Gardner then began firing at the three and killed Davis. Doom was shot in the left leg and Terry in the right thigh. They were taken to Homer G. Phillips Hospital.

CHRYSLER INCREASES PRICES $45 TO $143 ON FOUR MAKES

DETROIT, Aug. 16 (AP) — Chrysler Corp. announced price increases today ranging from $45 to $143 on passenger automobiles and trucks, effective Aug. 18.

The firm followed the lead of General Motors Corp., Packard Motor Car Co., Hudson Motor Car Co., Kaiser-Fraser Corp. and Nash-Kelvinator Corp. in increasing prices this month.

A Chrysler statement estimated that increases would average $87 on Plymouth, Dodge, De Soto and Chrysler passenger automobiles and $65 on most Dodge truck models. The company said higher labor and material costs made the increase necessary.

Earlier this week, Chrysler announced a net profit for the first six months of 1947 totaling $36,122,457, equal to $8.30 a share on outstanding stock. It compared with a profit of $4,065,381 in the same period of 1946.

HITCHHIKER TAKES VALUABLES

Police were asked yesterday to search for a hitchhiker who repaid a ride from Yuma, Ariz., by stealing a briefcase, a revolver and keys to the automobile of his benefactor.

Orin Quinn of Los Angeles reported that he gave the man a ride from Yuma to St. Louis and that they registered at Hotel Jefferson, sharing a room, Thursday night. Yesterday morning Quinn awoke to find the hitchhiker gone. The attendant at the garage refused to release Quinn's automobile, however, without the parking ticket stub.

FLY ASH AND DUST CONTROL MEASURE TO BE INTRODUCED

Albanese and Guetschow Plan to Present Bill Sept. 19 — No Need for Survey, Says Acting Mayor.

A bill to control pollution of the air caused by the discharge of fly ash or dust from manufacturing industries will be introduced into the Board of Aldermen when it reconvenes on Sept. 19, it was announced today by President of the Board Charles E. Albanese and Alderman Carl W. Guetschow of the Twenty-third Ward.

Albanese, who is Acting Mayor in the absence of Mayor Aloys P. Kaufmann, said that he saw no need for a research into the problem, as advocated by Smoke Commissioner James H. Carter.

"We've been watching the problem of fly ash and dust for several years and have a good idea where it's coming from," Albanese said. "I don't think a survey is necessary and will be against a requested appropriation for that purpose unless more need is shown."

Albanese said that most of the fly ash and dust in St. Louis was caused by 10 or 15 large industries. He declined to state which these were, but Guetschow said that clay products manufacturers were responsible for large amounts of clay dust in the air in his ward.

Carter's Recommendation.

Stating that no workable ordinance could be written until it was determined what caused the dust nuisance in St. Louis, Carter recommended last October that the city hire a staff of research engineers to study the problem for a year. He estimated this would cost about $15,000.

Carter said that the dust problem, caused chiefly by manufacturing processes, required study "because so little is known about it." He urged that St. Louis take the lead in attempting to control air pollution but felt the study was necessary to writing an effective control measure.

"When the city sought to eliminate smoke, it was known that high volatile fuels could be burned smokelessly in certain mechanical devices and that other fuels were relatively smokeless," he said. "Consequently, the city was able to enact a workable ordinance by setting up requirements on fuels and firing methods. Very little is known about air pollution control."

Carter said that all plants constructed in St. Louis since the enactment of the smoke ordinance were operating in conformity with the fly ash control provisions of the ordinance. All except two of those built previous to the ordinance are also complying, he said. These two are now installing the necessary equipment, delivery of which was delayed during the war, he stated.

Fly Ash Not Only Offender.

He said little of the dust problem was really a fly ash problem. Studies made last year by the Division of Smoke Control showed many other materials in the so-called fly ash, he said. These included small particles of glass, silica, wool, cinders and chemicals. Fly ash, at the point of greatest concentration, was only 18 per cent of the material, he said.

He estimated much of the fly ash now found in St. Louis would disappear with the completion of installations at the Chevrolet plant of General Motors Corp. and the Ashley street and Cahokia plants of Union Electric Co.

One of the six large stacks of the Cahokia plant was equipped with an electric precipitator before the war, but installation was delayed on the others. A precipitator is now being installed in a second stack. Equipment is on order for the remaining stacks. Installation of all is expected to require several years.

Even with the disappearance of fly ash, however, manufacturing dusts will continue to cause complaints unless some effective control measure can be found, he said.

RUNS WITH CHOKING BABY AND POPCORN IN THROAT POPS OUT

Bus Passenger Credited by Its Mother With Saving Her Child's Life.

Mrs. Joy Anderson credits the quick action of a fellow bus passenger with saving the life of her 14-month-old son, Scott, she told the Post-Dispatch today.

Mrs. Anderson was on a southbound Wheaton bus of the St. Louis County Bus Co. on Delaware avenue Thursday afternoon with the baby and her 2½-year-old daughter, Sidney, when the baby choked on a piece of popcorn the girl had given him.

The child began to turn blue and Mrs. Anderson cried: "My baby is choking to death." She said she held him by the heels and shook him vigorously and slapped him on the back but he still was unable to breathe.

At that point, Orville Larimore, a Wagner Electric Co. employe, shouted to the driver to stop at Plymouth avenue, grabbed the baby and told Mrs. Anderson to follow him. He ran west toward the Wagner plant at 6400 Plymouth, where he knew there was a plant hospital. As he neared the entrance at the end of the long block, the baby began to cry. Attendants at the hospital told him the jarring motion of his running evidently had dislodged the kernel from the baby's throat.

Mrs. Anderson lives at 1154 Sutter avenue, Wellston, and Larimore lives nearby at 6406A Sparta court.

3000 GALLONS OF MILK SPILLED IN TRUCK UPSET

A load of 3000 gallons of milk carried in a tank truck was spilled last night when the truck was involved in an accident on Highway 40, one mile west of Collinsville, and the tank broke when the vehicle turned over. Traffic was delayed for several hours while highway department employes cleaned the pavement.

The truck, driven by Elmer Cusick of Palmyra, Wis., was struck by an automobile driven by James Merchoff, 840 Niedringhaus avenue, Granite City, after the latter's car had been sideswiped by one driven by Maurice Richards of State Park place, Collinsville.

Merchoff and a passenger in his automobile, Miss Rosemary Maykopet, 924 Niedringhaus avenue, Granite City, were treated for cuts and bruises at St. Mary's Hospital in East St. Louis.

Cholera on Ship at Shanghai.

SHANGHAI, Aug. 16 (UP) — Three cases of cholera have caused authorities to quarantine a ship outside Shanghai harbor carrying 2500 Communist prisoners of war from Manchuria.

SPECIALTY SALESMAN—
Established manufacturer of fine food specialties for the hotel, restaurant and institutional trade has an opening for a sales representative in the Kansas City and St. Louis territory. Highest type man required. Adequate compensation in form of salary and commission. Salesman must furnish his own car. Write to us. We shall not reply to any letter which does not give detailed information of your experience. Your letter treated confidentially.

REGISTRATION OPENS FOR LEGION MEETINGS

Missouri Convention to Begin at 1 P.M. Tomorrow—Auxiliary to Be in Session.

Registration for the twenty-ninth annual convention of the Missouri Department of the American Legion opened today at Hotel Jefferson, convention headquarters.

Delegates to the convention of the department's auxiliary which is holding its twenty-seventh annual meeting registered today at Hotel Statler, and prepared for their business meetings which will be held in the Opera House of Kiel Auditorium.

The Legion convention will begin officially at 1 p.m. tomorrow with a memorial service in commemoration of all war dead of both world wars, in the Gold Room of Hotel Jefferson. The service, conducted by the American Legion Guard of Honor No. 1, will be open to the public.

At 6 p.m. tomorrow drum and bugle corps from posts throughout the state will compete for the department championship in a contest at Public School Stadium, Kingshighway near St. Louis avenue.

Business sessions, in which the principal topics of discussion will be national defense, the building of a better United States and foreign policy, will be held Monday and Tuesday. Principal speakers include Gov. Dwight H. Green, of Illinois, United States Senator James P. Kem and Brig. Gen. Edward W. Anderson of Kessler Field, Miss.

The Legion's annual parade, in which troops from Scott Field and the Missouri National Guard and Naval and Marine Corps reserves will take part, will be held in the downtown area beginning at 6:30 p.m. Monday. The parade will end at a reviewing stand in front of Soldiers' Memorial.

The Missouri Department which is composed of 81,000 members in 562 posts will close its convention Tuesday.

The Legion's fun and honor society, Le Societe des 40 Hommes et 8 Chevaux du Missouri, will hold a banquet at 8 o'clock tonight and a business meeting at 10 a.m. tomorrow at Hotel De Soto.

7 HURT AS PENNSY TRAIN IS RAMMED IN OHIO DEPOT

Two St. Louisans in American Crew Are Injured — Viaduct Obstructs Engineer's View.

(Picture in Everyday Magazine)

By a Special Correspondent of the Post-Dispatch.

COLUMBUS, O., Aug. 16—The Pennsylvania Railroad's crack passenger train, the American, bound from St. Louis to New York, was rammed by another train here last night as it was standing in Union Depot. One person was injured seriously enough to require hospitalization, six were given first aid on the scene and many others were shaken up.

The accident, the third to occur on the Pennsylvania system in three days, took place when the eastbound Cincinnati Limited, coasting slowly into the station, struck a coupling between the second and third car from the rear of the American. It derailed a Pullman and a chair car. The American left St. Louis at 11 a.m. St. Louis time.

George J. Fabrick, a Pittsburgh policeman, was taken to a hospital here, suffering with back injuries. W. L. Pollack, engineer of the American, was knocked down and stunned.

First aid treatment was given S. C. Cobbs and Charles Crenshaw, both Negro members of the dining car crew from St. Louis; Mrs. Earl Sturgess, Seneca, Mo.; S. L. Litscomb, Columbus, a porter; and Mrs. Charles F. Bowers, El Reno, Okla.

The Rev. R. E. Southard, associated with The Queen's Work, of St. Louis, said he was typing in the last car of the American when the accident occurred. His machine, he said, was thrown to the floor by the impact.

Engineer Marcus Klug, of the Cincinnati Limited, said his 13-car train was moving only about five miles an hour when it hit the American.

"I couldn't see the other train," Klug said, "because a viaduct obstructed my view."

W. A. Mapp, superintendent of the Columbus division of the Pennsylvania, said that more serious damage might have resulted had the Limited struck the body of one of the American's cars instead of the coupling.

The two other Pennsylvania wrecks occurred at Philadelphia. L. P. Duffield, engineer of a passenger train from Cape May, N. J., was scalded to death early yesterday when his engine overturned and scraped along a retaining wall.

The accident occurred near the Broad street station, a short distance from the scene of Thursday's wreck in which the engineer of a commuter train was killed and 26 passengers were injured in a collision with a locomotive.

FORMER CONVICT ARRESTED FIVE MINUTES AFTER ROBBERY

DeWitt T. Byrd, a former convict, was arrested last night, five minutes after he had robbed a confectionery at 6408 Michigan avenue.

Mr. and Mrs. Leo Kelly, proprietors of the store, reported to police a man entered the store, told them, "This is a stick-up," and took between $75 and $100 from the cash register. When he was in the store, Mrs. Lucille Brand, 104 Kayser avenue, Lemay, entered. She saw Byrd with the gun and ran out.

Byrd followed her as she stepped into her automobile parked outside of the store. He broke the window of the machine and then jumped into a taxicab. Detectives Fred Kaiman and Herman Brun were cruising in the neighborhood in a scout car. They followed the taxicab six blocks and arrested Byrd at Morganford road and Wallace avenue. Driver of the cab, James Shadron, told police Byrd got in the cab and pointed an automatic pistol at him and told him to "move along."

After his arrest, Byrd was identified by Irvin Harre, manager of the Longwood Theater, 9400 South Broadway, as the man who approached him in the theater last night and said: "This is a hold-up. I'm not fooling." Harre told Byrd he had no money, and Byrd ran out of the theater. Police said Byrd admitted the robbery and the attempted robbery.

LETTERS FROM THE PEOPLE

A Dissent on Rail Safety

To the Editor of the Post-Dispatch:

The Post-Dispatch's blasts on rail safety cause me to take issue. What I am objecting to is the strong writing, painting everything either all white or all black. This adds up to the implication that if American railroads, and specifically the Missouri Pacific, would install radio communication and automatic train control, accidents would stop the next day. It just isn't so.

The fact is that there isn't any way to make railroad operation foolproof because of the human element. There was nothing wrong with the signal system either at Jacksonville, Ark., or at Litchfield, Ill. In both cases the crews, on the basis of known facts, stand indicted for flagrant violation of the railroads' own safety rules. Railroad officials privately have expressed the opinion that the engineer in the Jacksonville wreck failed to reduce his speed for a yellow block because he figured the next one would either be clear or caution—just as it had been on other mornings under similar circumstances. It wasn't, and he smashed. At Litchfield the engineer apparently missed his "permissive" indicator. A derail that should have protected the crossing didn't protect it. But if it had, the results of a train hurtling off the track at that speed probably would have been worse.

Suppose that two-way radio had been in operation on the division of which Jacksonville is a part. It is hardly more likely that an engineer who would wantonly disregard the safety of his passengers by failing to obey the warning of a yellow signal would react quickly to a radio warning. Nor is radio mechanically foolproof. It might fail when needed most. Then what?

As for automatic train control, the record shows that the Missouri Pacific had it in the early 1920s between Osawatomie, Kan., and Kansas City, abandoning it with Interstate Commerce Commission permission because the railroad wasn't getting rail safety commensurate with the cost.

During the last few years, investigation disclosed that a serious rail wreck in the St. Louis area was caused by the crew tinkering with the automatic train control mechanism because they didn't like it.

These instances are not to be construed as an argument against mechanical devices to stop trains or against radio. There is plenty to be said for them. In fact there are so many factors that can be cited as applicable to a discussion about safety on railroads that it proves a point. That is this: The writer who says flatly that the installation of this device or the use of another—as set forth in the Post-Dispatch editorial Monday—will presto changeo convert a strip of steel into a rail boulevard of guaranteed safety, probably has been sitting in an air-conditioned office too long.

Sweeping, conclusive assertions made without checking the engineering factors involved are making the Post-Dispatch appear ridiculous. It just isn't a black-and-white proposition.

SAFETY MINDED.

Webster Groves.

The City Should Act

To the Editor of the Post-Dispatch:

Events of the last few years have convinced me that we need a change of management in the so-called Public Service Co. The weekly pass increase is the last straw.

Citizens of Baltimore, which is also controlled by National City Lines, formed "Transit—A Baltimore Committee" to oppose the harmful program there.

My suggestion is that the City of St. Louis declare the operation of P.S.C. detrimental to the public welfare and take legal steps to bring about a change in management.

BETTER TRANSIT.

A Plan Against Delinquency

To the Editor of the Post-Dispatch:

What can be done to strengthen the American family?

Although late figures show an alarming increase in juvenile crime, nevertheless they show that the average father and mother are doing a pretty good job in rearing their children, since only one child in 171 falls into the clutches of the law, although the rate is about one in 100 for children between 15 and 21. Thus, at least 99 per cent decency should be accredited to parents.

Of course, some parents, reared under adverse economic and social conditions, seem oblivious of their parental responsibilities, and at the other end of the economic picture are the "well-to-do" men who cannot withstand the vices of wealth. The futility of lectures on parental care lies in the fact that those who need advice will not listen, and those who listen do not need it.

Juvenile delinquency is primarily due to our failure to perform our plain civic duties. Clean up the slums; substitute the suspended prosecution for the record of conviction, as an incentive to good behavior; outlaw liquor advertising on the radio; divorce the liquor business from public amusements, and provide the young with recreation grounds and wholesome places for fun.

WALTER BURCH.

Mr. Young's Charges

Robert R. Young, through his Chesapeake & Ohio Railway, has given the railroad industry another sound hiding that was coming to it. He has denounced the featherbedding practice of slowing down freight schedules. Under this practice, railroads which ought to be competitors agree not to compete in speed.

Mr. Young's accusation is admitted by the President of the Association of American Railroads, William T. Faricy, in about as weak a defense of the practice as could be thought up. Mr. Faricy denies that the freight car shortage would be relieved if competition in speed were resumed, and declares it would be aggravated. The reason, he says, is that the slower railroads would have to cut down on the length of their trains in order to run faster.

Mr. Faricy's defense of the practice ignores the whole reason for Mr. Young's attack, which is that the United States is suffering from an acute shortage of box cars. There is plenty to be hauled by all lines, fast and slow alike.

Unless the railroads do their best, millions of bushels of wheat and corn may rot in the fields. If they do, there will be less to eat and it will be higher-priced. An already hungry world will be still hungrier. Under these circumstances, it is unthinkable that certain railroads should be agreed among themselves that they will not do their best—that the fastest will slow down to the schedule of the slowest.

Instead, the fastest roads should be loading, transporting and unloading cars at top speed, increasing the turnover of cars, which would relieve the shortage more, in Mr. Young's opinion, than new car construction could do.

More than a year ago the Post-Dispatch discussed an agreement by which the members of the Western Association of Railroads had agreed not to compete in the speed of their freight service. With the Santa Fe and the Southern Pacific as leaders, the association made a rule that freight from St. Louis or Chicago could not be delivered on the West Coast in less than six days and coast-to-coast shipments in not less than 10 days. Smaller railroads were intimidated into compliance by the threat that freight would be withheld from them. The Anti-Trust Division of the Department of Justice called it a conspiracy.

Evidently the arrangement, with some changes in time, continues in effect, for Mr. Young says that although the routes of the various railroads vary as much as 450 miles and go over different terrain, eight lines take exactly 118 hours and 30 minutes from California to Chicago and take 130 hours westbound.

At any time, this agreement not to compete would be highly questionable—deliberate sabotage of technical progress, soldiering on the job, a fraud on the competitive system. At the present time, interfering with the transportation of sorely-needed foodstuffs and worsening hunger and inflation, it is intolerable.

Attorney General Clark has announced that he will proceed against restraints of trade which are inflating prices. If he really means it, the railroad freight slow-down is an excellent place for him to start.

The Green Light

Prices paid by consumers—"the cost of living index"—reached a record high June 15. Higher automobile prices have since been announced by several manufacturers. An Associated Press survey in 13 cities finds that a dollar buys only half as much as it did in 1939. In St. Louis, top-grade T-bone and sirloin steaks are above $1 a pound, as high as they went in the brief meat-jag when price controls were taken off last year. "The outlook isn't good," says a meat dealer—which applies equally to prices in general.

The present isn't so good either. It is anything but good for citizens whose income has not kept up with prices—school teachers, bank clerks, or widows trying to bring up little children on insurance money, to name only a few hardship cases.

All this trouble would have been avoided or greatly softened if Congress had rejected the siren assurance that production would quickly speed up and bring prices down once the OPA barrier was removed. Various interests demanded and got what they called a green light. Somehow it was overlooked that their brakes were out of order and that the road leads to a precipice beyond the summit.

Mr. Tobin and a Third Party

Daniel Tobin, president of the AFL Teamsters' Union, was quoted at San Francisco as saying that organized labor may become the basis of a third political party—one with a potential strength of 37,000,000 voters. Mr. Tobin was quoted further as saying that "there is no hope for a third party until the labor movement is cemented into one."

The second thought is of more immediate significance than the first. As the August issue of the International Teamster, publication for members of Mr. Tobin's own union, says, a third party for labor at this time would only "divide the progressive voters."

Commenting on the recent special congressional election in Baltimore, in which an independent Democratic candidate was entered, the International Teamster points out that this weakened the regular Democratic nominee. The union editor continues:

> In some localities, labor will stand united behind Republicans such as Senator Morse of Oregon. A third party would not help such a liberal Republican. It would hurt him, just as it would hurt a liberal Democrat.
>
> The liberal forces in the United States are faced by a tightly knit organization of reactionaries. The liberals must be equally united. They cannot win if they scatter their strength.

This is the position which labor leaders always come back to after flirting with the idea of a third party. The obstacles are so great, state election laws so discouraging, that any third-party group would have an extremely difficult time and would face almost certain defeat.

And is it not just as well? Our two-party system assuredly is not perfect. Yet it has been a generally satisfactory device for conveying our representative government.

It has been a blessing, moreover, as a protection against the divisive factors which stem from splinter parties. Multiplicity of parties was a notable factor in the destruction of the Weimar Republic in Germany, and France today pays in part the price of having so many parties that firm leadership and responsibility cannot be established.

Senator Brewster's Retreat

If Senator Brewster hoped to use the chairmanship of the Senate War Investigating Committee as a stepping-stone to the Republican vice-presidential nomination, as was said when he was seeking the post, his plans have backfired. What started out as an investigation of the Hughes-Kaiser flying boat has ended in an anti-climax, with Senator Brewster on the run.

If the investigation is resumed as scheduled Nov. 17, it will be because Senators Brewster and Ferguson feel it necessary to try to recoup their lost prestige and not because they actually want to tangle again with the resourceful Mr. Hughes.

Hughes did not prove his charge that Senator Brewster bargained with him to permit the merger of Trans World Airlines with Pan American Airways in return for the Senate's dropping the scheduled probe. But it seems clear that Senator Brewster is much closer to Juan Trippe and his Pan American monopoly aspirations than a Senator ought to be.

And it has been proved that Senator Brewster is too loose-mouthed and careless to carry the dignity of a Senate investigating committee. Like some political Walter Winchell, he told reporters that Trans World Airline hostesses were afraid to ride with Hughes. Hughes forced him to make a public retraction.

To cover Senator Brewster's retreat to the Maine woods, the committee has now ordered the ports watched to keep John Meyer, Hughes' publicity man, from going abroad. Yet Meyer's value as a witness has obviously been exhausted, and the dullest member of the FBI could have found him and served him with a subpena when he visited El Morocco in New York.

Johnnie Meyer is a high-class procurer, with a de luxe list of call girls at his disposal, and the committee would have done a service in exposing this sort of lobbying, provided it had extended its disclosures to show how widespread the practice really is.

Aside from his lobbying for contracts, Hughes has been shown as a daring pioneer in aviation. If the much publicized flying boat never flies, it can be marked off as one daring dream which never came to life, whereas a dozen others which President Roosevelt was persuaded to sponsor—often against military advice—paid off brilliantly, hastening the end of the war and saving soldiers' lives.

It is pitiful to see the institution of the Senate investigating committee, which in years past has served with distinction in the public weal, degraded into a noisome spectacle. If the Senate majority has a proper sense of public and political values, it will find a way to give the War Investigating Committee a new chairman.

When Driving, Take Care

Serious forest fires, all out of control, are raging in California and Nova Scotia. Notwithstanding the drouth, Missouri has been spared this costly and dangerous waste thus far this summer. But the good fortune will not continue unless scrupulous care is taken. Our countryside is dry as tinder in most places. It takes only an unextinguished match or a still burning cigarette tossed from an automobile window to start fire in the brown grass of the highway shoulder. Fire on the shoulder leads through the fence and, in almost less time than it takes to tell it, one of Missouri's national forests is ablaze. Our forest fire record shows great improvement this year over last. Let's get through the dry spell without any loss of fire-free ground.

◆◆◆

He's Enthusiastic, Anyhow

Senator McCarran's discourse on his chosen instrument aviation bill has style and enthusiasm. All it lacks is a full regard for the facts.

The first thing the Nevada Senator says about this bill to merge all our overseas airlines is that "to call this plan a monopoly is a misuse of the word." Now the dictionary defines a monopoly as "exclusive possession of the exercise of some business." That fits the Senator's purpose exactly, if the definition still holds good.

Next the Senator says "management of the line would be unimportant, as it would be sponsored by the Government." What the bill would do, by devious methods, is to give Pan American Airways stockholders virtual control. Presumably they would do the managing while the Government helped to pay the bills, if that is unimportant.

The Senator further states that "Britain already has set up such a plan and is grabbing the bulk of world commerce as a result." Actually Britain once did have a monopoly airline, but after the war felt obliged to establish three to try to keep up with American competition. Our lines captured 86 per cent of the trans-Atlantic trade last year, and what Britain "grabbed" was the left-overs.

Still Senator McCarran, on his past record, can be depended on for new efforts to set up a monopoly, favor Pan American and destroy a competitive system that has made our aviation first in the world. He's had little luck so far, but on enthusiasm, at least, he rates grade A.

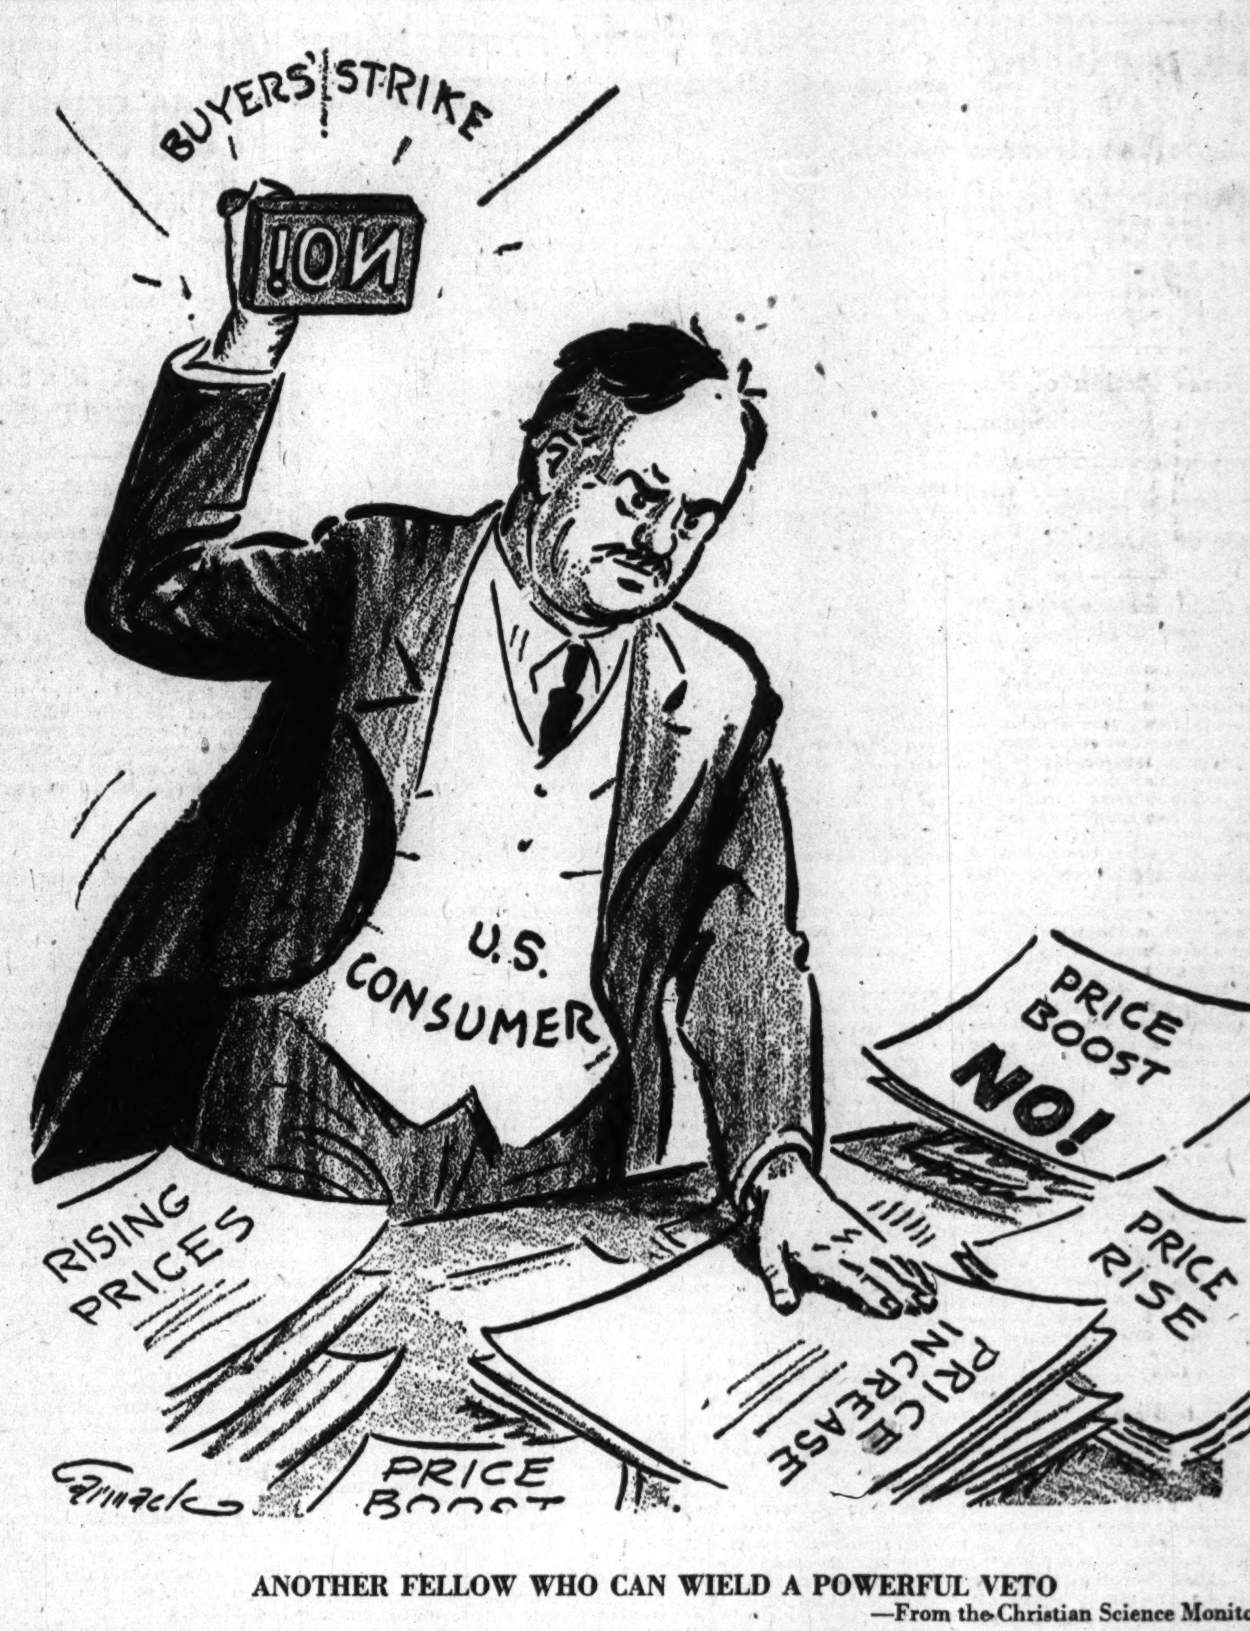
Slaves for Saxony

Secret orders have been issued by the Russians to draft 20,000 more Germans by Aug. 31 for the uranium mines of Saxony. So says Die Neue Zeitung. Since Die Neue Zeitung is not a German newspaper, but an official American journal published in the German language, the authority for this information is in effect the United States Government. In short, an agency of Washington in the American zone of occupation says that the Russians are going in for forced labor on a mass scale. The Russians have two choices in this matter. One is to deny the information and to invite correspondents and others to see for themselves. The other choice is to keep silent and leave it for the truth to be demonstrated before the world at some future time—as the Hitler gang did.



ANOTHER FELLOW WHO CAN WIELD A POWERFUL VETO

—From the Christian Science Monitor.

Luxury—or Children?

The Mirror of Public Opinion

If our population trend continues down, American civilization may go the way of Rome, editorial says; other peoples are growing fast; says world is not overcrowded and should make room for more inhabitants; warns nation against "ideal of small family."

From the Chicago Times

Despite our current "baby boom" the time may come when the United States will have fewer people than it has today. We would then become a push-over for a Russian-dominated Europe and an industrialized Asia with 20 to 30 times our population. If that happens, we would have our present "love of luxury and ease" to blame.

That's the opinion of O. E. Baker, geography professor at the University of Maryland. He is taking a long-range view—the next 100 years.

Everyone reading this is likely to be absent from this earth 100 years from now. But unless Americans give serious thought to our standards and customs today, our culture may go the way of other wealthy, proud peoples such as the Egyptians and the Romans. Our great-grandchildren, barring an atomic war in the meantime, would be overwhelmed by sheer force of numbers.

Other population experts may disagree with Prof. Baker's conclusions. He presupposes that Europe's population would increase while ours declined. Frank W. Notestein, director of population research at Princeton University, says Northwestern and Central Europe face a declining population within a few years.

All Food for Thought

We'll let the experts argue about that. The fact is most of them agree America's population will "level off" if it doesn't actually decline within the next generation. And Russia's and Asia's will go up.

So, asks Prof. Baker: "Can 100,000,000 people (Americans) living in relative luxury and with abnormally high proportion of aged persons, keep out one to two billion people in the Orient possessing an industrial power many times greater than at present?"

He answers himself in this way: "A people who do not care to have children will gradually cease to exist and other peoples with greater love of life and children, with more thought to the future and greater sense of responsibility, cannot be blamed if they press into a partial vacuum."

It's all food for thought. If we are to do anything about our birth rate, we should know what has brought about its decline. Notestein says our rising industrial society is the main reason. The factory, shop and school absorbed many of the former functions of the family. Urban life increased the cost of child care. Parents wanted their children to have "more out of life" than they had.

The upper economic classes adopted the "ideal" of the small family. This spread down through other income brackets. Big families, once a source of pride, went "out of style."

Some experts believed that was the way to solve some of the whole world's problems. But while we Americans—for selfish reasons—pulled down our birth rate, the "unenlightened" masses of India and China haven't accommodated the depopulation experts.

The world is not over-crowded. The distribution of people is bad. That's all.

Prosperity and Births

Nations should not limit populations, but start from the other end and make plans big enough to accommodate their millions. Nations need to solve the elemental problems of housing, conservation, transportation, education, etc., rather than encourage race suicide.

Getting closer to home, although the small family "ideal" began and is mostly practiced by upper income families, Maurice B. Hexter, author of "Social Consequences of Business Cycles," found that a worsening of business conditions depresses the birth rate and an improvement increases it. Thus, business has a responsibility to future generations as well as today's generation.

Communities have a responsibility to encourage young married folk to have children. They should examine restrictions of a local nature.

These include the high cost of maternity, housing shortages, or the adoption of a false set of values—giving a higher social "rating" to a young, successful business woman than to a young, successful mother.

A nation's greatest asset is its people. Children of today are the workers and consumers of tomorrow. The nation's most important "crop" is its children, and the most important producers in the long run are its parents. Besides, they're the happiest.

Those Terminal Leave Bonds

From the Milwaukee Journal

Veterans who hold terminal leave bonds will have the opportunity to cash those bonds any time after Sept. 1, but prudent veterans will think the thing through before they act.

If the veteran delays redeeming his bonds, they continue to bear 2½ per cent interest—a very good return upon the safest sort of a security. So he will have more dollars if he waits.

His money may purchase more in the future, too. There is good reason to believe that each of his dollars will eventually buy more house, more automobile, more goods of many sorts. His need in the future may be greater than it is today.

We all have a stake in the veterans' prudence, too. If many of them hasten to cash their bonds, and dissipate the proceeds in purchases they could defer, it will materially increase inflationary pressures and further force up prices for them and for everyone else.

All those who have the real welfare of the veterans at heart will urge them to hold as many of their bonds to maturity as they possibly can. And wise veterans will weigh this advice.

UNPOINTED QUESTION.

H. V. Wade in the Detroit News.

Er—who now remembers what it was the Brewster committee set out to find?

Between Book Ends

Lone Star, With Gusto

BIG COUNTRY: TEXAS, by Donald Day. (Duell, Sloan & Pearce, New York.)

Harnett T. Kane in the Philadelphia Bulletin Book Review

"But then, everything is bigger here than in the United States."

That remark, culled from the many vigorous, neatly-spiced pages of Day's book, might be its keynote. Few have written of Texas so easily, with such a chuckling appreciation of its immensity of space and attitude. Clearly Day's a native, an intelligent and discerning one with a sense of style and also, not less important, a sense of Texas.

He writes the way many a "typical Texan," if there is such a thing, talks. This newest in the excellent American Folkways Series is done with gusto, a lusty flavor, a rip-snorting delight with its subject that might make it a model of its kind.

Anecdotes abound, and Southwest sayings. Said the Texans when they moved in on the natives: "A good Mexican was a Mexican that would get the — out of Texas and let them have it."

As to Sam Houston, there's the remark someone (a Tennessean, to be sure) made of him: "Too many Sam Houstons would have made Texas a — of a place, but, without the one Sam Houston, Texas would have been in a — of a fix."

There's a lively, colloquial opening section, as breezy a look at Texas' history—Spanish, first American, separate republic, then American state—as I have come across; and here Day, with an amused grin, gives a little shaking up to a Southern (or American) prejudice or two.

Throughout easily, casually, in the literary equivalent of a Texas drawl, he gives life and smell and dimensions to his people, his Houstons, his Lamars, his men of the Alamo and, not least, his hearty fighters. There's a gem of a poem about a free-for-all:

They fit and fit, and gouged and bit,
And struggled in mud,
Until the ground for miles around
Was kivered with their blood;
And piles of noses, ears and eyes.
Large and massive, reached the skies.

Day is at his best in the sections dealing with the early cattle business, which have an authenticity and a richly entertaining touch, the one on the oil business, which is a gusty saga, and his evaluations of the Texas towns. In his political appraisals, he does a brief, neat job on the dangerous Senator Lee O'Daniel; I for one, however, think he let Garner and Jesse Jones off lightly.

This, sirs, is Texas, start to finish.

Three Educational Pioneers

A HISTORY OF WESTERN EDUCATION, by H. G. Good. (The Macmillan Co., New York.)

This excellent chronicle of educational development in Europe and America, notes the contributions of three St. Louisans:

1. William Torrey Harris (1835-1908), distinguished superintendent of schools, whose progressive policies brought St. Louis international attention. He pioneered in frequent reclassification of pupils when rigid grading was the rule.

2. Calvin Milton Woodward (1837-1914), founder of the public manual training school. His St. Louis Manual Training School, with its shop courses for boys and domestic science for girls, was studied by educators from around the world.

3. Susan Blow (1843-1916), first applier of the kindergarten to public schools. The step she took in 1873 began the change in the kindergarten from a private institution, promoted by philanthropists, to a pre-school benefit for children generally.

MARQUIS CHILDS

A Tall Assignment for Mr. Clark

BEFORE you make your stew, you must first catch your rabbit. That is an ancient bit of advice that politicians too often conveniently ignore.

With a great fanfare of publicity, Attorney General Tom C. Clark has announced a campaign of criminal prosecution against those who conspire to increase the price of food, clothing and shelter. He has captured the headlines but whether he will capture anything more substantial is a question.

Tom Clark.

Clark in particular has a habit of advertising his stew before he has even begun to chase the rabbit through the tall grass. He makes many speeches and is frequently photographed doing conspicuous good deeds. In cynical Washington the common explanation for this behavior is that Clark wants to be the vice-presidential candidate on the Democratic ticket next year.

Start Building Jails.

One can wish the Attorney General the best luck in the world in his drive on profiteers. Certainly relief from high prices is what most Americans want above everything else. But if he is going to put everyone in jail who helped to force prices up, we are going to need a lot more jails.

What is more, if Clark looks around suddenly at a Cabinet meeting, he is likely to find a culprit or two within arm's length. Two fundamental errors of the Truman Administration contributed to the upward spiral of prices immediately after the war's end.

One was the repeal of the excess profits tax. The other was the removal of wage controls and the encouragement of labor in demanding additional pay. It would be hard to say which move did the most damage.

Excess Profits Bungle.

Repeal of the excess profits tax, in the face of the vast consumer demand after four years of war, made possible the swollen profits reported by most large corporations in recent months. For the corporations those profits are decidedly a mixed blessing. They have been used by union leaders as the background for a demand for higher wages and lower prices.

At the time the repeal was proposed, there was a kind of conspiracy of silence. Almost the only leader of stature to speak against it was Bernard M. Baruch, who foresaw plainly what such a move would mean.

Force of Opinion.

Higher wages have contributed to higher prices. While you can argue whether this has been the principal cause of the price rise, no one can deny that it is a major factor. The statistical experts show that the race has been close during the past year and a half.

But the plain, unvarnished fact is that almost no one, of whatever political party or whatever economic group, is guiltless in connection with the price spiral. The unorganized, the old who live on pensions or small savings, have had least to do with it and they have suffered most.

There are very real limits on what Clark can actually do. He talks about invoking the anti-trust laws against those guilty of collusion in price rises, curtailment of output or restriction of capacity expansion.

That is a large order. It must be measured against the fact that successful anti-trust prosecution can occur only in a climate of opinion sympathetic to it. As head of the anti-trust division of the Justice Department, Thurman Arnold considered it one of his duties to try to create a favorable climate.

Political Football.

He was able to dramatize the issue of monopoly, whether in industry or in labor, versus competition. In the years since he left the Department of Justice, opinion has shifted. No one with the same force and zeal has come along to show what the stakes are.

So long as we can have competition, we are not too badly off. The question, as has been pointed out often in this space, is how much competition is left in our country.

We will get plenty of political speeches about high prices between now and November 1948. It looks as though inflation might be the chief political football next year, but the speeches will have little effect on what you and I pay for a loaf of bread.

U.S. FOR GIVING SHORT-WAVE BANDS TO SMALLER NATIONS

ATLANTIC CITY, N.J., Aug. 16 (AP)—The United States offered today to join with other major powers in giving up some short-wave broadcasting bands to smaller nations. William Benton, Assistant Secretary of State for Public Affairs, made the proposal before the international high frequency broadcasting conference attended by delegates from more than 60 nations.

Benton urged all countries to refrain from using the airways for "spreading lies and distortion and for engagingin international slander."

He said about 75 per cent of the world's population "regrettably lives today under some degree of censorship, and radio offers the surest means of reaching the individual with information direct from its source and without intervening selection, processing, slanting or suppression."

WAR WIDOW SAYS FIANCE TOOK $46,000, JILTED HER

LOS ANGELES, Aug. 16 (AP)—The dwindling of a $46,000 joint bank account to $47.50 accompanied a fading romance, Mrs. Frances Wells O'Donnell, 24-year-old war widow, told the court.

She filed grand theft charges yesterday against Richard Barth, 30, an architect, alleging that she set up the account anticipating marriage, and he made withdrawals to arrange a divorce from his wife and buy a honeymoon home and yacht for a round-the-world trip. Then he remarried his first wife, sold the home and bought another.

Mrs. O'Donnell, widow of a marine lieutenant killed on Peleliu and mother of a 4-year-old boy, said she is left with $47.50.

Barth was released on $3000 bond pending a hearing.

PARAGUAYAN GOVERNMENT SAYS REBELS ARE ON THE RUN

BUENOS AIRES, Aug. 16 (AP) — The Paraguayan Government maintained today that its united forces defending the capital, Asuncion, had insurgents on the run.

Paraguay's Embassy here said last night the loyalists were chasing the rebels south toward Villeta and east toward Remanso Castillo.

(On the other hand, the insurgent radio was quoted in dispatches from Brazil as reporting the rebels had occupied Lambare and Villa Morra on Asuncion's edge and were pushing into the capital.

(The radio said, these dispatches reported, that government flyers all had thrown their planes in with the insurgent air force and that that force now had air supremacy over Asuncion and was bombing the government palace, military school and other military targets.)

Bilbo "Weak and Uncomfortable."

NEW ORLEANS, Aug. 16 (AP)—Senator Theo G. Bilbo (Dem.), Mississippi, suffering "partial paralysis" and an "unexplained fever," was "weak and uncomfortable" at Foundation Hospital here today, but attendants said "his condition is not dangerous." Doctors said Bilbo's current illness "is in no way connected with a previous cancerous condition" of the mouth.

Tomorrow's Events

9 a.m.—Free breakfast for service men served by Java Club at Downtown Y.M.C.A., 1528 Locust street.

10:15 a.m.—Animal shows begin at St. Louis Zoo, Forest Park, with elephant training, lion, tiger and bear training at 10:45 a.m. and chimpanzee show at 11:30 a.m.

1 p.m.—Memorial service, conducted by American Legion Guard of Honor in commemoration of all war dead of both world wars, at Gold Room, Hotel Jefferson.

2:30 p.m.—Chess Club meets at Downtown Y.M.C.A.

2:30 p.m. and 4:30 p.m.—Ten-minute talk on Masterpiece of the Week at City Art Museum.

2:30 p.m. and 4 p.m.—All animal shows at Zoo repeated simultaneously.

3:30 p.m.—Gallery tour conducted at City Art Museum.

6 p.m.—Free supper for service men at Downtown Y.M.C.A.

6 p.m.—Sunday Evening Co-Ed Club, with activities for service men and others, meets at Y.W.C.A., 1411 Locust street.

7 p.m.—Free dance for service men at Downtown Y.M.C.A.

U.S.-OWNED SHIPS' OPERATORS WILL NEED NEW CHARTERS

WASHINGTON, Aug. 16 (AP)—The Maritime Commission last night notified the operators of about 1400 Government-owned vessels that their charters were being canceled as of Sept. 1, but said they will be given the opportunity of chartering the same ships under new agreements.

The action applies to all Government-owned ships, but the commission provided for exemption of those operating solely in domestic (coastal or inter-coastal) trade. Operators of ships in domestic trade must notify the commission within seven days as to which vessels are so engaged.

Terms of present charters have been in effect nearly a year. The agreements provide that either the commission or the operators may cancel them on 15-day notice. The commission said "new terms and conditions" for chartering Government-owned vessels will be announced within a few days. The notice to the operators gave no reason for the commission's action. Likewise there was no indication as to the new terms to be offered.

EVIDENCE THAT ADM. KING SUFFERED MILD STROKE

WASHINGTON, Aug. 16 (AP)—The Navy said today that Fleet Adm. Ernest J. King, who was stricken ill yesterday, shows "slight evidence of a mild stroke without paralysis."

A Navy official said the condition of King, former chief of naval operations, who is 68 years old, is "definitely not critical." He is in the naval hospital at Bethesda, Md.

A department bulletin said: "Admiral King had a restless night. There is no appreciable change in his general condition."

The Navy said yesterday that King was taken to the hospital for rest and observation for "vascular (blood vessel) involvement."

ASSEMBLY ELECTS NEW PRESIDENT IN NICARAGUA

Action Expected to Result in Bid to Conference at Rio — Roman y Reyes Named.

MANAGUA, Aug. 16 (AP)—Dr. Victor M. Roman y Reyes was named president of Nicaragua by the new constituent assembly yesterday. The new president ordered the release of all political prisoners on assuming office today.

Roman y Reyes, who relinquished his post as Nicaraguan foreign minister when he assumed the presidency, has served as consul at San Francisco, as minister of hygiene and as a senator. He studied medicine in Philadelphia.

Arguello Vargas, an attorney, was named vice president by the assembly, the first time the country has had a vice president. The assembly was chosen in an election Aug. 3.

Roman y Reyes succeeds Benjamin Lacayo Sacasa, who became provisional president last May in a military coup during which the legally elected president, Leonardo Arguello, was ousted.

Arguello's supporters charged the coup was engineered by former President Anastasio Somoza, Nicaraguan "strong man," because Arguello, although chosen to succeed Somoza and with Somoza's blessing, had indicated he intended to act independently.

As a result of the coup, the Lacayo Sacasa provisional government was not recognized by other American nations and Nicaragua was not invited to attend the inter-American defense conference which opened yesterday in Brazil. It was indicated, however, that Nicaragua might be asked to the conference if an election were held and a new government named which could be recognized.

COUNTRY-WIDE MARITIME STRIKE PREDICTED SOON

BALTIMORE, Aug. 16 (AP)—A nation-wide shipping strike probably will be called in "the next couple of days," a spokesman for an AFL maritime union told a rally of 4000 striking CIO shipyard workers last night. The prediction came from William Rentz, Baltimore port agent of the Seafarers International Union which called a strike Tuesday night against the Isthmian Steamship Co.

Other speakers addressing members of the CIO International Union of Marine and Shipbuilding Workers of America exhorted them to continue their 50-day-old walkout.

Rentz said "we're going to hit everything on both coasts and tie everything up. It's likely that we'll be out when the provisions of the Taft-Hartley Act go into effect (Aug. 22) and we'll see what can and can't be done under this law."

A total of 72,000 IUMSWA members are idle on East and Gulf coasts.

3000 BOY SCOUTS ATTEND MASS AT WORLD JAMBOREE

MOISSON, France, Aug. 16 (AP)—Cardinal Bernard Griffin, Catholic Archbishop of Westminster, officiated at an open air Assumption day pontifical mass at the World Boy Scout jamboree yesterday with 100 priests assisting.

About 3000 boys from 36 national contingents took communion. Mingled with them were 200 Polish Scouts in exile in France who entered the grounds and attended in force in their boldest assertion so far of their claim to a right in the jamboree. The exiles were barred from the jamboree because they represent no country. The Warsaw Government Scouts were excluded because they swore allegiance to the Government instead of the flag or nation.

After the mass thousands of boys, including most of the English and the entire Canadian and Norwegian delegatoins, left for conducted tours of Paris.

WILL SPARE NO ONE TO ACHIEVE PEACE, SAYS INDIA PREMIER

NEW DELHI, Aug. 16 (AP)—Prime Minister Pandit Jawaharlal Nehru warned Moslem and Hindu rioters today that his two-day-old Dominion of India government "will spare no one" responsible for Communal warfare "whether he be Hindu, Moslem or Sikh."

"A government that is unable to check such inhuman acts is not worthy of occupying this seat," Nehru said in a broadcast.

"It is the first and sacred duty of this government to restore peace and order in the country.

Today we are a free nation, but horrible deeds and acts committed in this country are disgraceful."

His speech was delivered in a flag-raising ceremony before an audience of 50,000.

Mike Quin, Writer, Dies.

SAN FRANCISCO, Aug. 16 (AP)—Mike Quin, author and newspaper columnist for the People's World, died yesterday following a prolonged illness. He was 41 years old. He wrote the book "Dangerout Thoughts," which provided much material for the musical revue hit, "Meet the People," and "The Yanks Are Not Coming." He wrote many detective stories under the name of Robert Finnegan.

Marshall Welcomed in Rio

—Associated Press Radiophoto.

GEORGE C. MARSHALL (left), Secretary of State, is welcomed by RAUL FERNANDES, Brazilian Foreign Minister, as he arrives in Rio de Janeiro to attend the inter-American conference. In center is REPRESENTATIVE SOL BLOOM of New York, who accompanied Marshall from Washington.

RIO PARLEY VOTES FOR MEDIATION OF WAR IN PARAGUAY

Continued From Page One.

obligatory on all contracting parties when agreed upon in consultation by a vote of two thirds of the parties, with the sole exception that no state shall be required to furnish armed forces without its consent."

The question of Nicaragua's participation in the conference was expected to be raised at today's session in speeches by Chilean, Honduran and Peruvian delegates. Nicaragua's invitation to the conference was withheld by the Pan American Union, since no American country has recognized the new government which deposed President Leonardo Arguello last May.

Opening Session of Parley.

Brazilian President Eurico Gaspar Dutra, Mexican Foreign Minister Jaime Torres Bodet and United Nations Secretary-General Trygve Lie spoke yesterday at the opening session of the conference, which is being held at the Quitandinha Hotel 45 miles north of Rio.

Dutra delivered an address of welcome.

Torres-Bodet, replying on behalf of the conference, declared that economic security was a fundamental for hemispheric security and that the American republics must fight against poverty, hunger, ignorance and disease just as hard as they fight for maintenance of political peace and security.

Joint continental defense, he said, must be strengthened at the base and not depend solely on treaties and technical superiority of weapons.

Lie urged the republics to consult "not only as American states, with the interests of the new world in common, but also as members of the United Nations, with interests which transcend those of any nations or continent or group of continents."

Delegates left for later a decision on the length of the conference when they voted down a proposal of Cuban delegate Guillermo Belt to make Aug. 29 or 30 the tentative closing day.

Three Committees Selected.

Three committees were chosen to constitute a working staff for the conference:

1. To draft the preamble of the defense treaty "and articles of other disposition," which will include conciliation and arbitration principles.

2. To act on threats and acts of aggression.

3. To work on the process and organization for execution of treaty measures, including voting procedure.

A fourth committee will handle credentials. A fifth committee will co-ordinate the language of the draft proposals for the final treaty, which will be in four official languages.

The conference adopted proposals—offered by Peru and Argentina, respectively—to pay homage to the late President Roosevelt and the late President Tomas Berreta of Uruguay. Argentine Foreign Minister Bramuglia said both men "symbolized American political thinking, in the north and in the south, both worked for spiritual unity of the Americas and for democracy.

GRETA GARBO IN ENGLAND TO GIVE AWAY DONNE BEQUEST

LONDON, Aug. 16 (AP)—Greta Garbo has come to England to give to charity the £4000 ($16,000) willed to her by Edgar Donne, an Englishman who died in Michigan in October 1945, the Daily Mail said today.

"Her imagination was touched by the idea of this man's devotion for so many years and she decide dto come to England to see some of his relatives before decided to come to England to see fit," the Mail said. "She felt this was what Edgar Donne would wish."

Donne had seen Miss Garbo only in the movies.

Reunion of Coast Artillery.

Special to the Post-Dispatch.

AURORA, Mo., Aug. 16—The annual reunion of the 203rd Coast Artillery "Houn' Dawg" regiment will be held at White park Sunday, Sept. 14, it was announced by Rex. V. McPherson, president of the association. All former regimental officers have been invited to return and share "gripe sessions" with men who served under them. There will be a basket dinner at noon.

MARSHALL ISSUES PLEA OVER FOOD SHORTAGE

Declares Hunger Strengthens Hand of Those Opposed to Democracy.

WASHINGTON, Aug. 16 (AP)—Secretary of State Marshall says lack of food is slowing down world reconstruction and "strengthening the hands of those opposed to the democracy of free governments."

"Every humane, economic and world political interest of the United States indicates that we should do what is within our power to assist in overcoming this evil state of affairs," he said in a radio broadcast recorded for NBC before he left for Rio de Janeiro.

Appealing for added efforts to meet the "urgent demands" of the hungry, Marshall called for increased production by American farmers and exertion of "every energy" by manufacturers and distributors to move the foodstuffs to the ports.

"Let us as Americans," he said, "be truly grateful to a bountiful providence which has blessed us with plenty for ourselves and given us the means of helping others. Let us never forget that all over the world today millions of our fellow men will be praying with desperate appeal, 'give us this day our daily bread.' "

Marshall said Americans "want a prosperous world. We know that the sooner the countries of Europe and Asia can get back on their feet, the sooner the need for special relief from the United States will cease. We must realize that the United Nations cannot hope to retain even the present level of prosperity in a degenerate world."

"Americans," he said, "want a free world. We know that hunger and insecurity are the worst enemies of freedom and democracy. Some of us do not yet realize that democracy is the most demanding of all forms of government in terms of the energy, imagination and public spirit required of the individual."

And he said that "Americans want a peaceful world. We know the terrible human and economic cost of past wars. We know that any future war may mean the end of all we value. Wars are bred by poverty and oppression. Continued peace is possible only in a relatively free and prosperous world."

C.A.B. ANNOUNCES INQUIRY INTO AIRLINE FREIGHT RATES

WASHINGTON, Aug. 16 (AP)—The Civil Aeronautics Board yesterday announced a general investigation into the freight rates of the nation's principal airlines, to determine whether current charges are equitable.

The action was taken on the petition of Air Dispatch, Inc., Air Freight Forwarders Association and the Detroit Board of Commerce, which asked that the rates, jointly revised Aug. 1, be suspended pending investigation. These petitioners complained that the new rates, generally representing reductions of 25 per cent from previous schedules, were "contrary to rate-making practices" through failure to provide volume rates, and that this adversely affected freight-forwarding operations.

The CAB held that suspension was not warranted, but directed an inquiry and announced that a hearing date would be set. The board said it would also inquire into whether the new schedules involve "any agreement or agreements required to be filed with the board."

C. K. DICKSON WALSH FUNERAL

Funeral services for C. K. Dickson Walsh, eldest son of the late Julius S. Walsh, St. Louis capitalist and civic leader, were held at the St. Louis Cathedral today, with burial in Calvary Cemetery.

Mr. Walsh, who died Wednesday in New York, was 75 years old. He moved to New York a number of years ago. He is survived by his wife, Mrs. Eudora Walsh, a sister, Mrs. Charles Palms of Detroit, and a brother, N. S. Chouteau Walsh, 20 Clermont lane, Ladue.

NAGY USES U.S. RADIO TO URGE VOTE BOYCOTT

Ousted Premier Asks Hungarians, 'Is It Really Too Late for Action Now?'

WASHINGTON, Aug. 16 (AP)—Former Premier Ferenc Nagy, with the State Department as his radio sponsor, last night urged fellow Hungarians to boycott the Communist-sponsored national elections Aug. 31.

Nagy, who was ousted as premier and forced into exile by a Communist maneuver, described the forthcoming vote in Hungary as "a fake election, which, in the final analysis, spells complete slavery."

By staying away from the polls, he said, the electorate would "prove to the outside world its unwillingness to be identified with those now in power."

Nagy requested and was granted permission to beam his remarks to Hungary over the State Department's radio "Voice of America."

Charges by Nagy.

Nagy said there is a "political dimout now enveloping Hungary," that freedoms have been suppressed, the democratic Parliament dissolved, and workers "rendered defenseless against Communist slavery."

He broadcast to "my dear Hungarian brothers" assurances that he has established ties with "leaders of other forcibly dissolved Peasant parties of southeastern Europe" with the hope of building a "new and real democracy."

"I sincerely hope," he said, "that all Hungarian patriots will agree with me and will become cognizant of the fact that only such concrete action can cope effectively with international Communism, and that our recent coalition may be called upon by fate to serve as the common denominator in the equitable solution of all our problems in southeastern Europe."

Nagy did not go so far as to suggest any possibility of an eventual uprising against Russian domination.

Asks if It's Too Late.

He did remark, however, that Hungary had become a "satellite" before it could even regain complete independence and asked:

"Is it really too late for action now?

His appeal for abstention in the election followed.

Nagy previously had announced here that he is working with former Yugoslav and Bulgarian officials to build up a Peasant party coalition against the Reds. He said some rules of the Polish Peasant party also had been consulted.

Unprecedented Right.

Nagy got the unprecedented right to use the official United States radio only after careful State Department study, it was learned.

Officials in charge of the radio program said Nagy made his request "some time ago." It was referred to State Department policy makers. Permission was granted, the officials said, presumably because Nagy's boycott appeal conformed with this country's own protest against the plans for Hungary's election.

Allowing Nagy to use the facilities constituted a departure from past practice of confining the broadcast to expressions of the United States viewpoint by Americans alone.

"Voice of America" officials said any future requests of a like nature would be handled on an individual basis.

V.F.W. CENSURES LEGISLATORS ABOUT TO SAIL ON QUEEN MARY

WASHINGTON, Aug. 16 (UP)—The Veterans of Foreign Wars accused 19 Europe-bound Representatives of "setting a poor example for the American people" by booking passage on the British luxury liner Queen Mary instead of on an American ship.

V.F.W. Commander Louis E. Starr charged that the Representatives were taking advantage of a "questionable loophole" in the 1936 "Travel American" law. The legislation specified that Government workers on official business must travel on American ships, but it exempted Congressmen.

Blaming the legislators for violating "the intent of the law," Starr said that "while the action of these Congressmen may be legal, it certainly is in the poorest taste." The Representatives are members of a special House committee to study foreign relief needs.

SMALL BUSINESS GROUP TAKES STAND AGAINST PRICE CONTROL

WASHINGTON, Aug. 16 (AP)—The National Federation of Small Business protested yesterday against any attempt to restore price controls or rationing "or any NRA-type controls" over business. The CIO has asked for restoration of price controls.

C. W. Harder, federation president, telegraphed President Truman and Attorney General Tom C. Clark: "Present distortions in our economy are caused by a vicious war between big labor and big business, by an unsound fiscal policy and by rapaciousness in certain segments of our fabric.

"We urge that immediate action be taken along the lines of breaking up the tremendous business concentration and labor concentration that has grown in our midst."

Sentenced to Death

NIKOLA PETKOV
Leader of the Agrarian party in Bulgaria, who was convicted of plotting against the Communist-dominated Government.

A.A.F. REORGANIZING 'GROUPS' INTO 'WINGS'

Plan Announced for Bases in U. S. and Overseas—Joint 'Project Beetle.'

WASHINGTON, Aug. 16 (AP)—Seeking to increase combat punch, the Army Air Forces is reorganizing its bases in this country and overseas. The new A.A.F. program, set up after a two-year survey, converts the 16 bases in this country and an unannounced number overseas into air "wings." Heretofore they have been known as "groups."

The plan, disclosed yesterday, gives each wing commander control of all units at his base—combat as well as maintenance and supply, hospital and any others. Up to now, maintenance and supply units, for example, have been under direction of service and supply headquarters.

The A.A.F. said a group ordinarily is made up of three or four squadrons, with each squadron having from eight to 20 planes. It said wings, as previously known, consisted of three or four groups.

The A.A.F. added that, besides a saving in manpower, the change is expected to increase the combat effectiveness, mobility and flexibility of the wings.

The A.A.F. announced also that the United States and Canada are establishing three navigation aid stations on the Arctic rim of North America to expedite air travel.

The A.A.F., disclosing the joint "project beetle," said the stations are expected to be in operation in October. They will be equipped with long-range navigation facilities, called Loran. The key station is being set up at Campbell lake in northwest Canada. Small stations are situated at Point Barrow, Alaska, and on the south coast of Victoria Island, off the north coast of Canada.

CIO LEADER IN SOUTH SCOFFS AT CRY OF REDS IN LABOR

PUEBLO, Colo., Aug. 16 (UP)—Van A. Bittner, director of the CIO's southern organizing drive, scoffed today at "all this yelling about Communism" in American labor.

Bittner, here to address the annual convention of district 38 of the CIO United Steel Workers of America, said he was "100 per cent against Communists." He claimed, however, that talk about labor infested with Communists was a smoke screen. "Labor is no more infested with Communists than the church," he said.

"The thing I'm afraid of in this country is Fascism, not Communism," Bittner said. He added that the Taft-Hartley act was an example of a trend toward Fascism.

Bittner, who is vice president of the United Steel Workers, also fears "the trend toward increased control of industry by the Government." "Unions are in favor of free private enterprise," he said. "But I don't particularly mean so-called free enterprise. We had enterprise so free under Hoover that we all almost starved."

CIO PACKERS GET 6C INCREASE

CHICAGO, Aug. 16 (UP)—The threat of a strike at Union Stockyards was removed today when CIO United Packing House Workers accepted a new contract, granting them a wage boost of 6 cents an hour.

Members of Local No. 44 unanimously voted to accept the terms of the new agreement last night. Besides the pay boost, the contract provides for six paid holidays a year and a three-week vacation for employes with 25 years of service. The new agreement affects 450 employes at the stockyards. It runs until Aug. 11, 1948.

Milk Up a Cent in Chicago

CHICAGO, Aug. 16 (AP)—Milk distributed by four Chicago dairies will cost 1 cent a quart more beginning Monday. The rise will put home-delivered milk at 21½ cents a quart and that bought at stores at 19½ cents. The increase was attributed by a dairy spokesman to a sharp drop in milk production caused by the recent hot weather and to increases in the prices paid to farmers.

Weekend at the White House.

WASHINGTON, Aug. 16 (UP)—President Truman, who has spent the last two weekends at Shangri-La, the presidential retreat in the nearby Catoctin mountains, will remain at the White House this weekend.

MEAT GROUP REPLIES TO A. P. PRICE SURVEY

Says Lists Quoted Extreme Highs and Ignored Former Subsidies.

CHICAGO, Aug. 16 (AP)—The American Meat Institute, trade association of the meat packing industry, issued a statement on meat prices yesterday in connection with an Associated Press survey of food, clothing and housing prices in 13 principal cities of the United States.

The 500-word statement said in part:

"We have read with great interest the Associated Press roundup on prices. With respect to meat prices the survey appears to present extremes of high prices found in various cities—and not the average or advertised prices, at which consumers are being offered meat throughout the country considerably below the prices quoted.

"Of even greater importance is the fact that the prices shown in the survey completely ignore the cost of subsidies which were being paid in June, 1946, and they also overlook heavy black market overcharges. . . ."

Seasonal Shortage of Pork.

The institute pointed out that there always is a seasonal shortage of pork in August.

"In June," the statement continued, "the average retail price of round steak as reported by the Bureau of Labor Statistics for the country as a whole was 78 cents. The price roundup story gives the Chicago round steak price now at 95 cents per pound. As a matter of fact, round steak was being offered in retail advertisiments yesterday at prices as low as 52 and 51 cents per pound.

"Moreover, no consideration was given to grades. The 95-cent Chicago roundsteak price, according to the Bureau of Labor Statistics, was the highest quoted in the range of prices at Chicago. The lowest B.L.S. price which was readily available was 59 cents.

"As an indication that highest prices were reported completely overlooked were such popular meats as hamburger. . . .

"Further, the A.P. survey stated 'your meat bill has gone up much more percentagewise than your bread or milk bills.' Overlooked was the fact that the prices of various other products have gone up considerably more than most all meats, and lard now is currently being offered to the public at around 19 cents, a drop of more than 60 per cent from the peak after OPA ceilings were removed, and less than the OPA ceiling price, at which little lard was available."

Reply by Associated Press.

Associated Press editor's note: The A.P. price survey covered in food eight staple items, including in meat the standard items of bacon, pork chops and round steak. Hamburger, cheaper than round steak, was omitted, as were sirloin and porterhouse steaks, more expensive. The survey did not attempt to discuss reasons for any of the prices. The prices given were spot prices for this week, and in the case of meat were well above figures for June, quoted by the Meat Institute.

(The Chicago price of 95 cents for roundsteak was obtained by the Associated Press Chicago Bureau from the Meat Institute itself. A Chicago chain store which earlier in the week advertised a low price of 51 cents quoted it yesterday at 71. Neither highest nor lowest prices were sought in the survey, and the Associated Press, rather than selecting cost-of-living items which had increased either the most or least, covered standard basic items in a family budget.)

HEARING ON REQUEST TO BAR FAIR AT JEFFERSON BARRACKS

The three members of the St. Louis County Court today were ordered to show cause next Tuesday why a temporary injunction should not be issued to prevent the holding of the St. Louis County Fair at Jefferson Barracks.

Circuit Judge Amandus Brackman made the order on motion of the attorney for veterans living in the barracks housing area, who last Tuesday sued to have the contract between the County Court and Vernon M. Huff, fair manager, set aside. It was explained that the motion was filed inasmuch as the fair is scheduled to open next Saturday.

The petitioners, who say they represent 50 residents of the housing area, contend that games of chance at the fair will attract undesirable persons, visitors' automobiles will be a hazard to the safety of children and that the noise and confusion will disturb the sick and wounded patients in Veterans' Hospital nearby. Presiding Judge Luman F. Matthews of the County Court has stated that inquiries were made of the residents of the housing area before the grounds were selected as the fair site, and that no objections were offered.

LOST WATCH FOUND IN FISH

JANESVILLE, Wis., Aug. 16 (AP)—Attention Fred Rabbe, somewhere in northern Wisconsin: Hurry home, your friends have news for you concerning that wrist watch you lost on Lynx lake last week.

The friends say the owner of a resort at Winegar, Wis., sent word yesterday that Rabbe's watch, the rugged army type, was found in the stomach of a 20-pound muskie. Rabbe is out of town and has not yet been notified of the watch's recovery. The friends didn't say whether the watch still was running.

10 HOMERS, TYING RECORD, AS PIRATES ROUT CARDS, 12-7

Kiner Smashes Three, Kurowski, Cox and Greenberg Two Each

By Bob Broeg
Of the Post-Dispatch Sports Staff.

PITTSBURGH, Aug. 16—Led by slugging Ralph Kiner, whose three home runs for the afternoon enabled him to tie two records, seventh-place Pittsburgh crushed the Cardinals, 12 to 7, here this afternoon in a wild game in which the Pirates' seven homers and the Redbirds' three equaled a major league mark for circuit clouts by both clubs in one contest.

SCORE BY INNINGS

	1	2	3	4	5	6	7	8	9	T.

WOLFF P	0	0	0	0	0	0
BAGBY P	2	0	1	2	1	0
Totals	34	12	16	27	8	1

Dropping to a point five and one half games behind victorious Brooklyn, the Cardinals saw the pitching of four St. Louis hurlers mauled for 16 hits that included two doubles and seven singles in addition to those seven homers. The Redbirds collected nine safeties that embraced three triples and a double aside from their three four-baggers.

Kiner, boosting his home-run total to 35, only one under the total of Johnny Mize of New York, equaled major league marks for five homers in two games, six in three contests and seven in four. Adrian Anson, Ty Cobb and Tony Lazzeri were previous players to have hit five in two games, and only Lazzeri, back in 1936, had hit seven homers in four consecutive games.

Pittsburgh tied one National League club record with its seven homers, one under the majors' mark of eight set by the New York Yankees in 1939. And the two teams' total of 10 matched the record set by both sides in one game twice before—the Cardinals and Phillies in 1923 and the Yankees and Athletics in 1930.

The paid attendance was announced as 6435.

Pinelli and Barlick were the umpires.

The play-by-play:

FIRST INNING — CARDINALS —Schoendienst flied to Rikard. **Moore hit into Greenberg Gardens in left field for his fourth homer of the season. Musial tripled off the right-field screen.** Slaughter popped to Bloodworth. A light rain began to fall. Northey walked. **Kurowski hit over the outer brick wall in left-center for his eighteenth home run of the season, scoring behind Musial and Northey. That was all for Wolff, and Bagby replaced him on the mound for the Pirates.** Marion struck out. **FOUR RUNS.**

PIRATES — Rikard singled to center. Russell singled to right, but Rikard was out trying for third, Northey to Kurowski. Gustine fouled to Musial. Kiner walked. **Greenberg hit against the screen adjoining the left-field foul pole for an automatic home run, scoring behind Russell and Kiner. It was his twenty-second home run of the season. Cox hit the first pitch into Greenberg Gardens in left field for his tenth home run of the season, tying the score.** Bloodworth grounded out to Marion. **FOUR RUNS.**

SECOND — CARDINALS — Garagiola fouled to Howell. Burkhardt grounded out to Cox. Schoendienst was out, Greenberg, unassisted.

PIRATES—Howell walked. Bagby sacrificed, Burkhardt to Musial. Rikard grounded out to Schoendienst, Howell moving to third. Russell was out the same way.

THIRD—CARDINALS — Moore flied to Rickard. Musial popped to Gustine. Slaughter doubled over Kiner's head. Northey flied deep to Russell, who made a one-hand running catch after first misjudging the ball. (The rain stopped).

PIRATES—Gustine popped to Musial. **Kiner hit the first pitch into Greenberg Gardens for his thirty-third home run of the season. Greenberg hit over the outer left field wall for his second home run of the game and twenty-third of the season. Wilks replaced Burkhardt on the mound for the Cardinals.** Marion threw out Cox. Bloodworth doubled to deep right-center. Howell was intentionally passed. Bagby flied deep to Moore. **TWO RUNS.**

FOURTH — CARDINALS — **Kurowski hit into Greenberg Gardens for his second home run of the game and nineteenth of the season.** Marion popped to Cox. Bagby deflected Garagiola's grounder to Cox, who threw him out. Wilks was called out on strikes. **ONE RUN.**

PIRATES—Rikard singled to left. Russell flied deep to Northey. Gustine singled to center, Rikard stopping at second. **Kiner hit far over the left field scoreboard for his second homer of the game and thirty-fourth of the season, scoring behind Rikard and Gustine.** Greenberg walked. **Cox's second home run of the contest and eleventh of the season cleared the outer left field wall and he scored behind Greenberg. Brazle replaced Wilks on the mound for the Cardinals.** Bloodworth singled to left but then was out stealing, Garagiola to Schoendienst. Howell struck out. **FIVE RUNS.**

FIFTH—CARDINALS—Schoendienst tripled to right-center. Moore walked. Musial forced Moore, Cox to Bloodworth, Schoendienst scoring. Slaughter flied to Rikard. Northey popped to Bloodworth. **ONE RUN.**

PIRATES—Bagby singled off Schoendienst's shoulder. Rikard, trying to sacrifice, popped into a double play, Brazle to Musial. Russell grounded out to Marion.

SIXTH—CARDINALS — Kurowski fouled to Kiner. Marion grounded out to Cox. Garagiola flied to Rikard.

PIRATES — Brazle knocked down Gustine's line drive and threw him out. Kiner walked on four pitches. Greenberg also walked. Cox forced Greenberg, Musial to Marion. Bloodworth forced Cox, Marion to Schoendienst.

SEVENTH — CARDINALS — Brazle grounded out to Bloodworth. Schoendienst singled to right. Gustine made a good stop of Moore's hot grounder and held it to an infield hit, Schoendienst stopping at second. Musial flied to Kiner. Slaughter flied to Rikard.

PIRATES—Howell doubled off the left field fence. Bagby was hit by a pitched ball. Rikard, after failing to sacrifice, struck out. Russell walked, filling the bases. Gustine hit into a double play, Marion to Schoendienst to Musial.

EIGHTH — CARDINALS—Northey was out, Greenberg to Bagby, who covered first, Kurowski was safe on Cox's fumble. Marion flied to Kiner. Garagiola tripled off the right field wall, socring Kurowski. Medwick batted for Brazle and tapped to Bagby. **ONE RUN.**

PIRATES—Grodzicki pitched for the Cardinals. **Kiner hit over the left field wall for his third home run of the game and thirty-fifth of the season, equaling a major league record of seven home runs by one player in four consecutive games. The four-bagger also enabled the Pirates to tie a National League club record of seven in one game. Coupled with three St. Louis homers, the two clubs' total of ten circuit drives equalled a major league record for homes by both sides in one contest.** Greenberg walked. Cox dropped a short single in short right, Greenberg stopping at second. Bloodworth grounded to Kurowski, who stepped on third, forcing Greenberg, and then threw to Schoendienst in time to double Cox at second. The second baseman's throw to first narrowly missed completing a triple play. Howell lined to Marion. **ONE RUN.**

NINTH—CARDINALS—Schoendienst flied to deep to Russell. Moore flied to Russell. Musial grounded out to Cox.

Petty Officer Wins Pistol Trophy Match

CAMP PERRY, O., Aug. 16 (UP) —Chief Petty Officer J. A. Young of the U.S.S. Battleship Iowa yesterday won the War Department's national trophy pistol match at the sixty-third rifle and pistol championships—the first time in over 40 years a Navy man had done so.

Young fired a 279 out of a possible 300 points, and becomes the first naval representative to take the title since the late Vice-Adm. W. A. Lee won it shortly after the contest was started in 1904.

Second place was taken by Charles F. Logie, Grand Rapids, Mich., at 276, and Emmet Jones, Los Angeles police lieutenant, was third with 275. T.-Sgt. Huelet Benner, Fort Knox, Ky., who yesterday took the all-around pistol title, was tied for fifth in today's event.

The Los Angeles police team won the War Department's national team title with a score of 1068 out of 1200. Individual team members and their scores were: Basil Starkey, 275; W. R. Stark, 267; E. E. Jones, 281, and W. D. Barley, 245.

Abe Simon a Referee.

Abe Simon, who sustained two knockouts at the hands of Joe Louis, is now a licensed New York State boxing referee.

A Little Goat-Getting

—Associated Press Wirephoto.

CHARLEY GRIMM, manager of the Chicago Cubs, was given a goat in Cincinnati last night at the annual Shriner's night. Always up to a laugh, Grimm got astride the little animal. An unidentified Shriner stands behind. The byplay didn't get the Cubs' goat, however, for they went out and beat the Reds, 6-5.

Homers Started In Night Game

PITTSBURGH, Aug. 16—Home runs by Whitey Kurowski, Stan Musial and Del Rice helped George Munger gain his tenth pitching victory of the season last night as the Cardinals squared the series with a 7-4 decision over the Pirates.

Munger failed to finish for the fourteenth time in 22 starts, but when he was taken out of the box in the eighth, he had a sizeable cushion on the strength of over-the-fence wallops.

Kurowski and Rice in the fourth belted balls into Greenberg Gardens in left field—balls that would not have been homers under the old Forbes Field boundaries. Then in the fifth Stan Musial smashed an inside-the-park four-bagger and Marty Marion singled two runs across. And Marty added a third run batted in with a double in the seventh.

Ralph Kiner, the Bucs' sensational sophomore left fielder, hit two home runs, his thirty-first and thirty-second of the season, each with a man on base.

Ted Wilks helped Munger out of the eighth-inning jam by retiring two batters with two runners on base and Ted also mowed down the opposition in the ninth.

Witte's Ninth Homer Wins for Toledo Club; Four Hits for Stevens

COLUMBUS, O., Aug. 16 (AP) —Toledo's lowly Mud Hens rose up to defeat first-division Columbus, 4-3, yesterday behind some fancy relief hurling by Lefty Jones and base-hit salvos by Chuck Stevens and Jerry Witte.

Stevens pounded out four hits for a perfect afternoon, Witte drove in two deciding runs with his ninth home run of his abbreviated season, and Jones took over for John Pavlick with two men out in a threatening seventh frame and limited the Birds to one hit the rest of the distance.

Amateur Boxing Results.

Elmer Mitchell defeated Westbury Bascom, default.
Bill Flakes K.O. Barny Reed, third round.
Richard Paperts T.K.O. Tommy Biese, third round.
Ken Edmonds outpointed Al Wilkens.
Ernie Ken outpointed Don Williams.
Jack Daust outpointed Alonzo Williams.
Pat Moynihan outpointed Ray Cockrell.
Gene Hull outpointed Lucian Richards.
Charles Roberts outpointed Alonzo Riley.

Bromwich Puts Australia In Challenge Play

MONTREAL, Aug. 16 (AP)—Australia's tennis team advanced to the Davis Cup challenge round against the United States today when John Bromwich defeated Jaroslav Drobny of Czechoslovakia, 6-2, 7-5, 6-4, in the interzone finals at the Mount Royal Tennis Club.

Bromwich's somewhat surprising straight-set triumph over the ace of the Czech forces gave the Australians a 3-1 lead in the series, clinching the interzone title and making the last signles match to played later today a mere formality.

The Aussies, who lost the Davis Cup to the United States in 1946, will attempt to get it back at Forest Hills, N.Y., Aug. 30-Sept. 1.

St. Louisan Elected Third Vice-President Of Bicycle League

PHILADELPHIA, Aug. 16 (AP) —The amateur bicycle league has re-elected Frank Small of Bayside, L.I., N.Y., president for another year. Other officers elected at a convention session last night and announced early today are:

Herbert Hoffman, Rahway, N.J., chairman of the board of control; John Mesch, Chicago, first vice president; Gus Husse, Columbus, O., second vice president; Chester Nelsen, St. Louis, third vice president; Walter Bresnan, St. Albans, N.Y., treasurer; Otto Eisele, New York, secretary.

Others elected to the board of control are: Phil Mole, Burbank, Calif.; Peter Schubert, Honolulu, T.H.; Richard Hoover, Buffalo, N.Y; Norman Drageset, Pasadena, Calif.; George Knopf, Cliffside Park, N.J.; John Eisenmann, Brooklyn, N.Y.; Charles Nolan, Bedford Hills, N.Y.; Emil Fraysee, Ridgefield Park, N.J.; Furman Kugler, Somerville, N.J.; Louis Maltese, Bellaire, N.Y.; Walt Grenda, Newark, N.J., and Ray Smith, Paterson, N.J.

Top Seeded Tennis Team Is Eliminated

Miss Elaine Loeb and Don Schuessler, top-seeded mixed doubles pair in the Municipal Tennis Association's junior tournament, were upset yesterday by Miss Pat Card and Don Dippold, 6-1, 6-4.

In other mixed doubles matches, Miss Mary Vassely and Ben Sobieraj scored a double victory, defeating Miss Helen Avazon and Mike Weatherley, 6-1, 6-2, and eliminating Miss Frances Brown and Ken Brown, 6-3, 6-1. Miss Vassely and Sobieraj will meet Miss Card and Dippold tomorrow in the final.

Today the final in the junior boys' singles will be held at the Jefferson Memorial courts in Forest Park with Sobieraj meeting Dippold at 2 p.m.

Jim Benson Shoots 68 in St. Louis Open

By Robert Morrison

SUNSET COUNTRY CLUB, Aug. 16—Jim Benson, 33-year-old Normandie amateur, shot a four-under-par 68 to move into the lead in the first round of the St. Louis Open golf tournament here today.

Benson, secretary of the St. Louis District Golf Association, called the Sunset golf course "A golfer's dream." And Benson certainly had a sweet dream.

He matched par on the out nine, shooting a birdie on the first hole by sinking a five-foot putt. However, he erased his advantage over par on the fifth hole when he three-putted for a bogey five.

On the back nine Benson fared much better. He birdied the tenth, thirteenth, fifteenth and sixteenth holes and narrowly missed a birdie on the eighteenth.

Benson's card:

Out: Par	434	343	454—34	
Benson	334	353	454—34	
In: Par	544	344	554—38—72	
Benson	444	343	454—34—68	

Howard Zachritz of Meadow Brook, shot the lowest score on the out nine, a three-under-par 31. But on the picturesque and beautiful Sunset Country Club course, Zachritz said he nearly suffocated on the back nine due to the canyons that allow practically no breeze. Zachritz shot a 41 on the back nine.

Scores for 18 holes:
Jim Cochran, Forest Park — — 34-37— 71
Jim Jackson, Greenbriar — — 36-35— 71
*Alex Ayton, St. Louis — — 33-38— 71

Raiders Tackle Detroit Tonight

The Raiders, St. Louis' representatives in the North American Soccer League, will play the Detroit Pioneers in a match at Public Schools Stadium tonight, starting at 8:30 o'clock. In a preliminary, beginning at 7:30, the Spanish All-Stars will tackle Joe Numi's old Correnti Club.

In an earlier match between the two elevens, played at Detroit, the St. Louisans won, 6-3.

The Raiders probably will line up with Manuel Muniz in goal, Phil Kavanaugh and Leo Puttin at fullback, Gus Alberici, Ollie Bohlman and Bill Cohan at halfback and Amiel Muniz, Bob Fitzgerald, Whitey Gunning, Joe Spica and Ray Beckman, forwards.

A percentage of the receipts will go to charity.

Football Fans Note—Sellouts in August Ohio State Contests

COLUMBUS, O., Aug. 15 (UP) —Ohio State University officials announced today that the University of Southern California and Illinois football games here this fall were sold out.

Th only seats left were approximately 400 bleachers seats which will be offered to the public Sept. 1, Ticket Sales Director Oscar L. Thomas said.

Thomas said there might be some tickets left over for public sale if students and faculty members fail to purchase the 27,000 tickets allotted them under the new priority plan. If unsold, the tickets would go on sale Sept. 27 for the Oct. 11 Southern Cal. game and the Nov. 15 Illinois contest.

Thomas said the Northwestern game here Nov. 8 was nearly sold out. Only 2000 tickets remained for sale.

Approximately 12,000 tickets still were available for the Missouri game Sept. 27, 8000 for the game Oct. 18, and 8000 for the Indiana contest Nov. 1.

Colorado Team Wins.

WICHITA, Kan., Aug. 16 (AP)—The thirteenth national tournament of the National Baseball Congress swings into its second night of play with three games bringing together teams from six states tonight.

Opening round victories last night went to the Golden (Colo.) Coors and the Alpine (Tex.) Cowboys. The Coors edged out the Kansas champion Cessna Bobcats 3-2 in 10 innings and the Texas team roared back to win 9-5 from the Camp Lee (Va.) Travelers after spotting the Army team a five-run lead in the third inning.

Talbert to Meet Schroeder Today In Casino Final

NEWPORT, R. I., Aug. 16 (UP) —Ted Schroeder, 1946 United States Davis Cup star from Glendale, Calif., sought his second straight major tennis tournament championship today when he faced Bill Talbert of Wilmington, Del., in the final of the Newport Casino invitational meet.

Top-seeded Schroeder, who won the Eastern Grass Courts title last week, eased into the final round with an effortless 6-3, 6-3, 6-4 victory over Irvin Dorfman, the unseeded Yale star from New York.

Talbert, seeded fifth in the tourney, encountered stiff resistance only in the opening set and similarly won in straight sets over Falkenburg of Beverly Hills, Calif., 9-7, 6-0, 6-2.

Schroeder, who turned in his best game only when Dorfman made threatening gestures, could have won more easily had he chosen to extend himself in the sweltering heat.

Talbert weathered Falkenburg's vaunted cannonball services in the first set, and after the initial effort had sapped the strength of the lanky Californian, Talbert virtually chased him off the court with fine placements and drop shots.

Three ranking doubles teams scored victories in quarterfinal competition yesterday to join top-seeded Schroeder and Jack Kramer, who gained the semifinals on Thursday.

Falkenburg and Tom Brown Jr. of San Francisco eliminated Harry Likas Jr. of San Francisco and Bill Vogt of Philadelphia, 6-4, 4-6, 6-4; Frank Parker of Los Angeles and Gardnar Mulloy of Coral Gables, Fla., drubbed Sumant Misra and Jack Mehta of India's Davis Cup team, 6-1, 6-3, and Talbert and Billy Sidwell or Australia topped Francisco (Pancho) Segura of Ecuador and Enrique Morea of Argentina, 6-1, 6-4.

Marty Servo Says He's Through With Boxing

NEW YORK, Aug. 16 (AP) — Marty Servo, former welterweight champion announced last night through his manager, Al Weill, that he has decided to retire from the ring.

Weill, who said he did not think Servo could regain the form that once made him a top man among the 147 pounders, signed the Schenectady scrapper to a long-term contract similar to the one he had with Lou Ambers when the ex-lightweight king retired several years ago.

The contract prevents Servo from returning to action with another manager.

Servo was knocked out by Joe Di Martino last week in the second bout of his second comeback attempt.

Browns Run Completely Out of Runs; Blanked Second Straight Time

Run production of the St. Louis Browns was at a new low today and there isn't much relief in sight when you look over the pitching selections of Manager Lou Boudreau of the Cleveland Indians for tonight and tomorrow.

As the Browns awaited the second game of the series with the Indians, they had a string of 18 scoreless innings behind them and tonight, Don Black, the reformed right-hander who pitched the only no-hit game of the American League season, is scheduled to oppose our Ellis Kinder.

Then tomorrow, Boudreau has in mind another pair of right-handers, Allen Gettel and a fellow named Bob Feller, ready for duty and these two pitchers have recorded the only one-hit games in Will Harridge's circuit.

Lemon Keeps 'Em Sour.

With the Browns' offense functioning slower than a tank in a Louisiana swamp, Bob Lemon, a young gent who had ideas about being an outfielder when he arrived in the majors but turned to pitching when he found that he couldn't hit that No. 2, stopped the Ruelmen with three scattered hits last night, one less safety than they had posted the previous encounter against Stubby Overmire of the Detroit Tigers.

Then to add insult to injury, Ken Keltner who should be commuting from the delightful resorts of Maine to the sunny climes of Florida instead of making the current day hitters look ridiculous, pounded out a double and a single to drive in both runs and give the Indians a 2-0 shutout.

That this was a new low for the Browns could be determined in the fact that it was the first time this season that they had been whitewashed in successive performances.

Coleman's Triple Wasted.

The Browns had only one real chance to score last night, that in the seventh inning when Ray Coleman's hit rolled to the left center field wall for a triple with one out.

Lemon then provided his own power to retire Vern Stephens via a strikeout and finally induced Walt Judnich to pop to Jim Hegan in front of the plate.

Three double plays pulled Lemon out of other predicaments, the pitcher twice starting the double erasures via second base.

He walked five Browns during the evening and aside from Coleman's triple there was a legitimate single by Bob Dillinger and a scratch hit by Paul Lehner. At the finish however, the Browns had only four runners left on base, Dillinger was retired attempting to steal his thirtieth base of the season.

Jeff Heath was out of uniform last night, being confined to his home with an attack of asthma.

Lemon Needed No Aid

Al Zarilla played Heath's regular position in left field.

The paid attendance was announced at 2385.

Coach Fred Hofmann was ejected from the dugout in the eighth inning for being too vociferous in his remarks directed toward Umpire Art Passarella. Utility infielder Russ Peters coached at first base in Hofmann's enforced absence.

Here's Los Angeles Again.

A Los Angeles sports writer, stopping off on his way back to the coast, boasted around Sportsman's Park last night that "we can get $4,000,00 in 15 minutes to get a major league club on the Pacific Coast."

John Old, of the Los Angeles Herald-Express, evidently is being sent along as a courier for the baseball minded folk in the West, if you care to bear in mind the fact that he would like to talk business with Richard Muckerman, president of the Browns, this weekend.

At least, he told Ed Smith, public relations director of the Browns, that he would like to talk with Muckerman.

Old pointed out that a suitable park could be adapted to meet major league qualifications, merely by a bit of remodeling of the Coliseum in Los Angeles.

But, he added too that "the men want to bring a team to the coast at a reasonable figure. He talked quickly of other subjects when Sam Breadon's price of $2,500,000 for the Cardinals was mentioned.

Hogan Trails by Four Strokes in Portland Open

PORTLAND, Ore., Aug. 16 (AP) —With Johnny Palmer of Radin, N.C., holding the lead by the narrow margin of one stroke, a reduced field of 51 professionals and 10 amateurs teed off today in the third lap of the 72-hole $10,000 Portland Open golf tournament.

Palmer, front runner on the opening day with a 66 and a 70 yesterday was eight under par for the first half of the event, but his 136 was only a single stroke ahead of two tough rivals—George Payton of Hampton, Va., and Larry Lamberger of Portland, deadlocked at 137.

Payton, a newcomer to the top ranks, moved into contention yesterday with a 66, equalling the leader's first-round effort. Lamberger, playing his home course, posted a second-round 67.

It was a matter of breaking par or losing ground quickly as the survivors hit off in the next-to-last round. Of the 51 teeing off today, 25 of them were below standard figures for the first two eighteens.

Within striking distance of the lead were Clayton Heafner of Charlotte, N.C., and John Bulla, Phoenix, Ariz., each with 138. Behind them came darkhorses Glen Teal, Miami, Fla.; Al Smith, Winston-Salem, N.C., and Ray Honsberger, Portland, Ore., all with 139.

Not exactly out of the picture but uncomfortably far back in view of the red-hot action thus far were the biggest names in the tournament.

Ben Hogan, Hershey, Pa., pre-tournament favorite seeking his third annual win here, went off the first tee today with 140 shots already used. In the same bracket was National PGA Titleholder Jim Ferrier of San Francisco, as well as Charles Congdon, Tacoma, Wash.; Arnold Haneke, La Grande, Ore., and the leader of the amateurs, Lou Jennings, Portland.

Practically out of the scramble for first money was the U.S. open champ, Lew Worsham, Oakmont, Pa. He went into today's round with a 142, tied with six others.

DO YOU REMEMBER?

By the Associated Press

TODAY A YEAR AGO—Jersey Joe Walcott knocked out Tommy Gomez in third round of heavyweight bout at Madison Square Garden.

THREE YEARS AGO—Phils beat Pirates 3-2 to snap Pittsburgh club's winning streak at 11 straight.

FIVE YEARS AGO—Billy Talbert upset Ted Schroeder 6-4, 6-3, 3-6, 4-6, 8-6 in Newport tennis tournament finals.

TEN YEARS AGO—Jimmy Dykes signed by Chicago White Sox to continue as manager for 1938-39 season.

Eastern Boxer Dies Following 9-Round Kayo

NORTH ADAMS, Mass., Aug. 16 (AP)—Glenn Newton Smith, 23, Philadelphia middleweight boxer, died early today at North Adams hospital of injuries suffered last night in a bout with Sam Baroudi of Akron, O.

Dr. Arthur Burckel, Meadowbrook Bowl Club physician and associate medical examiner, said Smith, who was knocked out in the ninth round of a scheduled 10-round bout, apparently died of a cerebral hemorrhage caused by a blow to the base of the skull.

Smith died before the arrival of his brother who was summoned from his Philadelphia home.

Police said that no action was taken immediately against Baroudi, but that there would be a "thorough" investigation of the fatality.

Smith was unconscious from the time he collapsed in his dressing room until he died. He was accompanied to the hospital by Quenzell McCall of Philadelphia, a friend.

Smith revived momentarily in the ring after the knockout, but was rushed to the hospital when he collapsed again in his dressing room.

Smith went down at the bell in the eighth round and had taken a nine count early in the ninth before the knockout blow was delivered.

Ringsiders said both fighters took severe beatings during the bout which appeared even until the knockout blow. Baroudi weighed 171 and Smith 170.

St. Louis, Belleville Legion Victors

Stockhams Beat Tulsa In Regional

Special to the Post-Dispatch.

MASON CITY, Ia., Aug. 16—The Stockhams, St. Louis's entry in the Junior American Legion regional baseball tournament, defeated 3-0 by Topeka, Thursday, came back with a bang yesterday afternoon to eliminate Tulsa with a 13-5 victory.

A big seventh inning in which the Missouri entry scored 10 runs broke up what had been an even ball game. John Grimm's triple and Bill Davis's single gave the winners a run in the second for a 1-0 lead. Pitcher Bill Kennedy, who held Tulsa to a lone single for five innings, weakened in the sixth and dished up four singles as the Oklahomans pushed into a 3-1 lead. But St. Louis came back in its half of the frame to knot the count at 3-all.

In the seventh frame, Pitcher Leon Sandel was hammered from the mound. St. Louis made five hits and five Tulsa errors good for 10 runs and although the losers got another pair of markers in the eighth, Kennedy coasted to victory. He allowed seven hits and struck out six Tulsa batters.

Bill Bullock starred at the plate with a triple and single and batted in three runs.

Davenport, Ia., bludgeoned out 15 hits last night to defeat Topeka, Kan., 20-5. The win assured Davenport of a place in the tournament final tomorrow afternoon. Topeka will play St. Louis tonight for the other final spot.

Skip Greene, Davenport second baseman, got a triple, a home run and two singles and drove in eight runs. Ed Lindsey, 15-year-old Davenport right-hander, gave up only two hits and struck out 12 men.

The box score:

Belleville in Final.

QUINCY, Ill., Aug. 16 (UP)—Junior American Legion teams from Belleville, Ill., and Cincinnati will play here tonight in the final of the regional Legion baseball tournament.

Belleville earned the right to meet Cincinnati for the regional title last night by pounding out a 10-to-5 victory over Detroit.

The winner of tonight's game will advance to the Cedar Rapids, Ia., sectional, where a contender for the national crown will be chosen.

Bob Elser, Belleville pitcher, allowed Detroit five hits, three of them coming in the ninth inning. Left Fielder George Fischer paced the winners at bat with four singles and a double in five trips.

The score:

Detroit— — 110 010 002— 5 5 5
Belleville — 050 100 04x—10 18 3

Batteries: Detroit—Rozman and Naru. Belleville—Elser and Nebgen.

Champions Eliminated.

HATTIESBURG, Miss., Aug. 16 (AP)—The New Orleans Jesuit Bluejays, defending national champions, were eliminated from the regional American Legion junior baseball tourney yesterday by the Adamson Leopards of Dallas, Tex., 2-0.

The win put the Leopards into the final against the Little Rock (Ark.) Doughboys.

Fifteen-year-old Robert McGhee of the Leopards held the Bluejays to three infield hits.

Other Results.

Argentine to Compete.

BUENOS AIRES, Aug. 16 (AP)—The Argentine Olympic Committee voted formally yesterday to accept invitations to both the London Olympic games next year and the winter games at St. Moritz, Switzerland, next winter. The committee voted to ask the Government to appropriate funds for expenses of the Argentine delegation.

English Player Leads When Rain Halts Cup Play

NEW YORK, Aug. 16 (AP)—Rain interrupted the opening match of the Wightman Cup tennis series between Britain and the United States today with Mrs. Jean Bostock of the invaders leading Margaret Osborne of San Francisco, 4 games to 3, in the first set at Forest Hills.

The center court was covered as a crowd of about 2000 scurried for cover.

Mrs. Bostock, a tall, comely blonde, surprised the experts by retrieving everything her American rival could hit and winning the first two games before the Wimbledon champion could get her bearings. But for a weak second service, the British matron looked fully a match for her more famous rival.

M.A.C. Opposes Illinois A.C. in Water Polo Meet

DETROIT, Aug. 16 (UP)—Pairings were announced last night for the opening round of the National A.A.U. water polo championships at the River Rouge pool today.

Ten of the top North American teams will vie for the newly donated Jam Handy Trophy. Francis O. McDermott, chairman of the United States Olympic Water Polo Committee, and his aids, will be spotting individual performances for next year's Olympic team.

The pairings are:

Hamilton, Ontario, vs. College Station, Tex.

St. Clair Recreation Center, Detroit, vs. Duquesne Water Polo Club, Pittsburgh.

Los Angeles Athletic Club vs. Kronk Recreation Center, Detroit.

New York Athletic Club vs. winner of 9 a.m. match.

Missouri Athletic Club, St. Louis, vs. Illinois Athletic Club.

Feller Would Give Cuban Pay To Pension Fund

Bob Feller of the Cleveland Indians said today that if Commissioner Happy Chandler gives him permission to pitch in the Cuban Winter League he will donate all money from the venture, about $18,000, to the American major league players' baseball pension fund.

Chandler said Thursday that no major leaguers could play as members of Cuban National League teams but would be permitted to play outside the continental United States during a 30-day barnstorming period starting Oct. 8.

Feller said he would pay all his own expenses while in Cuba to pitch five games for the Almendares between Oct. 21 and Nov. 8.

"The money will run between $15,000 and $20,000," Bob said. "I want to prove that I'm not going to Cuba for any selfish interest but because there is a principle involved and that is the right of any ball player to work at his chosen profession.

"I don't want my actions to cause any other major league ball players to lose their rights, either. I know a lot of them have or will be offered contracts to play games in the Cuban League and I think they should have this right without it affecting their baseball future."

LAST NIGHT'S FIGHTS

By the Associated Press

FIRST BOUT—Warren Bockwinkel, 240, St. Louis, defeated Olaf Olson, 253, Milwaukee, with a body slam in 10:45.

54 BODIES FOUND IN MINE; 3 OTHERS ALIVE, 50 MISSING

Continued From Page One.

the union in the Cumberland area, said the mine workers would demand a public inquiry into the disaster.

Rescue teams, including two groups rushed from the National Coal Board, carried tanks of liquid air which was sprayed ahead of the workers, using picks and shovels.

Rescuers approached the trapped men through the main mine tunnel and through a parallel air shaft, which also was blocked. Both tunnels had to be braced with timbers as the rescuers advanced.

A bulletin issued shortly before dawn said ventilation had been restored and there was no sign of fire in the pit.

Throughout the night, a crowd of 2000 persons sat around the mine mouth, grimly eyeing the three green toolsheds which were turned into emergency mortuaries.

The William mine, dug in 1807, is England's oldest undersea working. Many other coal mines in the area extend out under the water, and have had their share of accidents—including one of England's worst, which killed 136 in 1910 at the nearby Wellington pit.

William, however, did not have a major accident until 1941 when 10 miners were killed after the pit was reopened as a wartime measure. It had been closed several years. William's daily production was 700 tons, and the blast might hamper the Government's campaign to recruit more workers for the pits.

The blast was the fourth in British mines since the pits came under public ownership last Jan. 1. The previous three killed 26 men.

The worst British mine disaster on record caused 436 deaths at Senthenydd, South Wales, in 1913.

118 ARRESTED IN ROW OVER HOUSING NEGROES

3000 Gather at Chicago Project in Protest Against Tenancy.

CHICAGO, Aug. 16 (AP)—A crowd estimated by police at almost 3000 dispersed early today from the vicinity of a new South Side housing project after 118 persons were arrested and charged with disorderly conduct in protesting against the admission there of Negro tenants.

At the height of the disturbance last night, stones were thrown through windows of the buildings and streetcars in nearby streets. Street lights were broken and one policeman was struck by a brick thrown from the crowd, but was not injured.

Police Commissioner John Prendergast, who completed a tour of the area early today, ordered a heavy police patrol continued.

Mayor Martin Kennelly ordered a detail of 1000 policemen to patrol the area today.

Several streetcar passenger were cut by flying glass from the stoned windows and treated at a hospital.

The housing project, opened to tenancy Tuesday, was the scene that night of an assembly of about 200 persons in their first protest demonstration. On Wednesday night, about 400 persons staged another protest and, again Thursday night, 200 persons assembled at the project.

Forty families of white veterans were admitted to tenancies in the project along with seven Negro families.

ALFRIED KRUPP, 11 AIDS INDICTED FOR WAR CRIMES

Continued From Page One.

000 employes in 1932 became 112,000 in 1939.

Control of Patents Abroad.

Abroad, the indictment charged, Krupp used patents and agreements to restrict foreign production of certain war potentials, particularly stanliess steel and tungsten carbides.

"Under the terms of the licenses given in the United States for the use of certain steel formulas, Krupp required that it be supplied with the production figures of the American licenses, he asserted. "After the outbreak of war in 1939, the Krupp subsidiary in the United States, the Nirosta Co., continued to demand these rights even in respect to royalty-free production on American Government contracts."

Taylor quoted Gustav, whose policies Alfried is accused of carrying on, as once saying "even the Allied snoopers" failed to notice how he beat the provisions of the 1919 peace treaty and rebuilt Germany's potential for war.

While Krupp was forwarding Hitler's war aims at home, the indictment continued, the concern carried on "espionage atrocities." Through its business connections in other countries, what information was picked up was passed on to the German militarists.

Propaganda Abroad Charged.

Krupp indulged, too, in spreading Nazi propaganda abroad, Taylor said, with personal letters and pamphlets outlining the Nazi viewpoint for foreign industry's perusal.

"As part of a nefarious design," he asserted, "two months before the actual invasion of Holland, Krupp advised the Foreign Ministry not to awaken suspicion by withholding visas and preventing inspection of guns on order which Krupp had no intention of delivering."

The company was also accused of withholding war material from other intended victims of the Nazi war machine while building up intended associates, such as Japan.

The indictment contended that Krupp joined forces with Hitler in 1933, constantly contributed heavily after that to the point where the Fuehrer, in 1943, issued a decree that the great Essen works would be "preserved" as the property of the Krupp family. This was an unusual action in a state where everything else was subject to confiscation at any time.

Evidence will be presented, Taylor said, showing an intimate relationship between Krupp and Hitler, Hess, Goering, Mussolini, Goebbels, Himmler, Von Ribbentrop, Von Blomberg, Bormann, Keitel, Reader, Von Mackensen, Ley and Sauckel. The Sauckel tie-up relates to the use of slave labor for which the labor boss was hanged in Nuernberg.

To these politicians Krupp was accused of contributing more than 12,000,000 marks ($4,000,000 at that time) between 1933 and 1939. Krupp got it back and more by running net profits up to 111,555,216 marks in 1940, the indictment said.

Taylor blamed the Krupp forges for the Gustav gun, which shelled Sevastopol, the submarine wolf packs, scourge of Allied shipping and the armament on the Bismarck and the Graf Spee. Krupp weapons, he said, were tested in actual combat by the Germans in Spain.

The Fuehrer principle was introduced into Krupp plants as early as April 1933, and served to promote a war economy, Taylor said.

Slave Labor Charge.

He charged the concerns participated in the initiation of invasions of other countries and wars of aggression, greedily counting riches, participated in crimes committed against hundreds of thousands of slave laborers and plundered The Netherlands, Austria, Yugoslavia, Greece and the Soviet Union.

The former Krupp headquarters at Essen in the Ruhr now is run by the British as the occupying power. It is half in ruins from Allied bombings even today. When it was encircled, it meant Germany's doom in 1945.

Last Thursday 21 directors of the billion-dollar I. G. Farben chemical trust entered please of innocence at their arraignment before an American war crimes court in Nuernberg on charges of plotting the war for profit.

In another case, Friederich Flick, iron and steel tycoon under the Nazi Government, is now standing trial at Nuernberg charged with throwing his industrial might behind Hitler's war plans.

Preparing for Fair Rodeo

JOHN A. GUTHRIE, producer of the World Championship rodeo which will be presented at the St. Louis County Fair at Jefferson Barracks Park starting Aug. 23, supervises construction of the chutes, pens and corrals. The fair will run for 10 days.

OLD GEORGIA LAW USED IN LYNCH-PLOT CASE

Governor Orders Hearing for 7 Men When Grand Jury Fails to Act.

RALEIGH, N.C., Aug. 16 (UP)—Gov. Gregg Cherry, acting under a 52-year-old state anti-lynching bill, today ordered a preliminary hearing for seven white men recently freed by a grand jury in the attempted lynching of a Negro.

The Governor acted after the Northampton county grand jury had failed to indict alleged members of a small gang who took Godwin Bush from the Jackson (N.C.) jail May 23 where he was held on a charge of attempting to criminally assault a white woman.

The hearing will be held before Judge J. Paul Frizzelle in Jackson, Sept. 2. If it develops probable cause for prosecution against the men, they will be brought to jury trial in some county adjoining Northampton later.

The 1893 statute empowers a solicitor to keep reporting, as long as he cares to, lynchings or attempted lynchings to grand juries of counties adjoining that in which the incident occurred. It also permits the solicitor to order the men to a preliminary hearing.

The Governor invoked the old law today after the Northampton county grand jury refused to indict the men.

Cherry said Solicitor Ernest R. Tyler, who first presented evidence to the grand jury last week, would again prosecute the seven men, all from Rich Square, N.C.

Several armed white men took the young Negro from the jail in Jackson May 23, but he escaped and fled into the swamps. He hid for 60 hours while officers combed the country for his body. Then he surrendered to Solicitor Tyler and the Federal Bureau of Investigation.

LIVES AFTER BEING BURIED UNDER SAND 20 MINUTES

PHILADELPHIA, Aug. 16 (AP)—A workman was rescued yesterday after he fell into a huge sand hopper and was buried there for 20 minutes with only his fingertips showing, police reported.

Edward Thomas, an employe of a crushed stone company, fell from a catwalk he had been cleaning just as a chute at the bottom of the hopper was opened to load sand on a truck.

Thomas Eason, a fellow worker, saw Thomas's fingers protruding above the sand and called other employes who helped dig Thomas out. Thomas was taken to a hospital, where his condition was described as good.

OWNER CHARGED WITH FAILING TO KEEP WATER CLOSET CLEAN

An information charging Constable William A. Morant with failing to keep a water closet clean in the rear yard of property at 1328 Bayard street, of which he is listed as owner, was issued today by Assistant City Counselor William H. Freivogel. The case is set for hearing in police court on Sept. 2. Morant lives at 4752 Leurs place.

Another information charged the Adolph Feiberg Realty Co., 2914 Union boulevard, with failure to provide legal garbage receptacles at 5141 Lillian avenue. The Rev. John Wesley Mitchell, 4302 West Belle place, was charged with failure to effect rate stoppage at 1024 North Whittier street.

The latter cases are set for hearing in police court on Sept. 9. Charges were filed against the owners of record in each instance, Freivogel said.

Yale Ex-Teacher Found Hanged.

CHICAGO, Aug. 16 (UP)—Howard S. Buck, 52 years old, former professor of English at Yale University, was found dead in his hotel room yesterday, hanging from a door by his belt. Police said he had slashed his left wrist with a piece of broken glass.

ITURBI EX-SON-IN-LAW HELD IN FAMILY ROW

Violinist Booked on Charge of Stealing Own Daughters From Pianist.

BEVERLY HILLS, Calif., Aug. 16 (AP)—Violinist Stephan Hero, 33 years old, was booked at police headquarters today on a warrant charging him with stealing his own two young children from the home of his former father-in-law, Jose Iturbi, pianist-conductor. Hero was held on $15,000 bond and arraignment was set for Monday.

Hero's arrest in nearby Redlands, where he appeared for a concert, marked another round in a legal fight over custody of his daughters, Maria Teresa, 10, and Maria Antonio, 9, whose mother fatally shot herself in the Iturbi home here last year in a period of despondency.

The warrant was issued following a complaint signed recently by Iturbi, who was in Paris when Hero took the children from the pianist's home last June 10 and flew them to New York.

At that time Hero said the children had been "unhappy in their grandfather's home."

In August 1939 Iturbi's daughter, Maria Iturbi Hero, sued Hero for separation on non-support grounds. A year later, a settlement was reached, Hero to care for the children three months a year.

In January 1941 Mrs. Hero gained full custody over her daughters and in November 1942 she sued for divorce, alleging non-support. On March 17, 1943, Iturbi petitioned for full custody of the children on the grounds his daughter was not "the proper person" to have charge of them.

Later an out-of-court agreement was reached whereby Mrs. Hero retained legal custody of the children but they were to live in Iturbi's home.

Following Mrs. Hero's death, the children lived in the Iturbi home with Hero until the latter took them to New York.

Hero told reporters today that the charges are "absolutely ridiculous." He added that when he took the children to New York he was unaware of any law forbidding it.

"I took them with me because I want them to grow up as American children," he said. "Iturbi does not want that. He insists that they live as adults."

DECREE FOR BRIDE WHO SAYS DIET WAS PORK, SPAGHETTI

CHICAGO, Aug. 16 (AP) — A 24-year-old bride was awarded a divorce on the ground of cruelty yesterday after she testified she had gained 55 pounds on a steady diet of spaghetti and pork, forced on her since her wedding day.

Mrs. Olive Duan told Circuit Judge Leonard C. Reid that when she and her husband, Robert, 24, were married last November she weighed 125 pounds. Thereafter, she said, her weight steadily rose to 180 because her husband insisted on spaghetti and pork for every evening meal.

He rebuked her for the increased weight, she said, and struck her when she blamed the diet for it.

Mrs. Duan said her husband's parents operate a store specializing in sale of the two food items.

NEGRO MUSICIANS' GROUP HOLDING CONVENTION HERE

The National Association of Negro Musicians will hold its twenty-fourth annual convention here, starting this afternoon at 4 o'clock at Centennial Church, Fountain and Aubert avenues. Clarence Hayden Wilson, music instructor at Sumner High School, is president of the association.

Choirs will sing at the opening session today. About 300 persons are expected to attend the six-day meeting.

Music clinics will be conducted in piano, organ, voice, public school music and choral technique. Night programs at the church beginning at 8:15 o'clock, will be open to the public each evening. These will include a scholarship contest tonight and performances by young men and women.

Switches Suicide Method.

WASHINGTON, Aug. 16 (UP)—Milton T. Pearson, 51 years old, rigged up a rope to a rafter in his garage to commit suicide by hanging. Then he changed his mind. He blew his head off with a 16-gauge shotgun.

DONNELLY PICKS LIST FOR RENT CONTROL BOARDS

Recommendations for Appointment Go to Federal Housing Expediter Creedon.

By HERBERT A. TRASK
A Staff Correspondent of the Post-Dispatch.

JEFFERSON CITY, Aug. 16—Gov. Donnelly's recommendations on appointments of members of local rent control advisory boards in Missouri, provided for under the new Federal Rent Control Act, were sent yesterday to Federal Housing Expediter Frank R. Creedon, who will make the appointments.

The Governor announced he had submitted recommendations for personnel of the five-man boards to serve in 13 of the 14 existing federal rent control areas in the state. Recommendations for the fourteenth board, serving an outstate area he did not name, will be completed and forwarded to Washington shortly, he said.

Gov. Donnelly did not name the persons he had recommended for appointment. He said he thought the announcement should come from Washington after the boards have been named by Creedon.

He was given authority to recommend personnel for the local boards under the act extending federal rent controls from last June 30 to Feb. 29, 1948. The Governor, who has been working on the recommendations for about a month, said he attempted to name oustanding and representative citizens from the various rent control areas.

The local advisory boards will have no actual enforcement powers, but will make administrative recommendations to the housing expediter on rent decontrols, the adequacy of general rent levels within the rent control area, and on general operation of the local rent control office.

WIDOW OF NEGRO MOB KILLED SUES SHERIFF FOR $50,000

MINDEN, La., Aug. 16 (AP)—A $50,000 damage suit, naming Sheriff Oscar H. Haynes as defendant, has been filed here by the widow of John C. Jones, a Negro killed by a mob Aug. 8, 1946.

The suit was filed yesterday in the name of Carrie Lee Jones, who now lives with her 5-year-old daughter, Myrtis Ann, in Los Angeles.

Jones and a second Negro, Albert Harris, 17 years old, were taken from the Minden jail by a group of white men after the Negroes had been arrested and held for investigation in connection with a reported attempt to enter a white woman's home.

Subsequently Jones's bullet-riddled body was found near a bayou and close to the spot where Harris, who had been beaten and left for dead, was found. The latter testified in a federal court trial of six men who later were charged with depriving the Negroes of their civil rights. All six were acquitted.

The widow's suit, filed in Webster parish (county), asks for damages from the sheriff or his surety for failing to safeguard the prisoner properly.

MYRON TAYLOR ON WAY TO SEE POPE ON PEACE

Continued From Page One.

and assistance various views and impressions concerning existing conditions affecting peace and the relief of distress, and to obtain the energetic co-operation of all men and women of good will, whether in religion, in government or in other activities of life, in the interest of progress towards solution of these problems.

"I am seeking by this means a greater clarification of the nature of the vital tasks that confront each of the nations that have pledged themselves to co-operate in the establishment and maintenance of international peace and security and to promote economic and social advancement. I wish to have the benefit of the constructive views and suggestions of leaders everywhere, to the end that the thought and action of the United States as to world affairs may contribute to that moral world order of peace and security and well-being for which we and the other United Nations struggled to victory in World War II."

GUERRILLAS SET UP INTERIM RULE IN NORTH GREECE

Gen. Markos Heads 'Democratic' Authority, Broadcast by Rebel Radio Announces.

By L. S. CHAKALES

ATHENS, Aug. 16 (AP) — The rebel headquarters radio declared last night that the headquarters of Gen. Markos Vifiades, guerrilla chieftain, had assumed authority for the administration of a "democratic government" until "such time as a provisional government is formed."

This appeared to be the first step toward the establishment of what some sources have termed a "free Communist" state in northern Greece, such as has been predicted for some time by the Athens Government.

According to the broadcast, a proclamation dated Aug. 10 and signed by Gen. Markos said that "until such time as a provisional government is formed, central authority will be exercised by central headquarters of the Democratic party. General headquarters by acts shall take all the necessary legislative and executive measures. All acts of headquarters will be submitted for approval to the Popular National Assembly as soon as it is called."

The proclamation said that "general headquarters is taking in consideration the fact that there has been created in the free areas of Greece conditions for the organization of popular authority based on popular democratic principles. . . ."

Would Depose King.

The proclamation advocated the deposing of King Paul and the royal dynasty because the plebiscite restoring the monarchy was "invalid and faked."

"The primary aim for the execution of all authorities . . . is for the liberation of all our country from foreigners and their native agents . . . ." the broadcast proclamation continued.

Markos stated that "popular authority is accepting an encouraging every work and assistance from foreign capitals or from international organizations which will contribute to the promotion of Greek economy and which will be based on a principle of equality. It will not recognize and will suppress every privilege or concession which has been allocated to foreigners, individuals, companies or states not compatible with the meaning of national independence or popular sovereignty. State contracts or privileges which have been allocated to foreigners and which are not compatible with popular sovereignty will not be recognized."

(Mark Ethridge, who headed a United Nations Inquiry Commission which visited the Balkans recently, wrote in the Post-Dispatch Aug. 10 that "if the guerrillas with outside help were ever able to capture enough territory and secure it to the point they could set up a government, they would ask for belligerent rights, which, if recognized by Russian satellite countries, would entitle them to buy arms legally without violation of international law or the U.N. Charter.")

Guerrillas More Active.

Greek Army announcements and press dispatches today reported a sharp increase in guerrilla activity in the north within the last 48 hours. Hundreds of village homes were burned and many casualties were suffered by both sides.

The guerrilla activity ranged from western Thrace to western Macedonia. In Salonika the Third Army headquarters said the guerrillas were using heavy mortars of a type not available to the Greek Army.

A Government announcement said more than 150 houses were burned during pillaging and looting of villages in western Thrace near the Bulgarian border.

Peasants in the Monavi area were reported evacuating villages and moving to more urban centers.

On the Yugoslav border just north of Phlorina three hamlets within a three-mile radius were attacked by guerrillas who burned 22 houses, press reports said.

War of Nerves On.

Some diplomatic observers said both Russia and Yugoslavia apparently wanted to break off relations with Greece before any Communist government was formed along the northern borders.

Russia has protested to the Greek Government that Greek authorities had "been arresting and even subjecting to torture persons employed by the Soviet embassy" here. Such actions are "incompatible with the maintenance of diplomatic relations between Greece and the Soviet Union," Tass news agency quoted the protest as saying.

Serif Sehovic, Yugoslav charge d'affaires, with his secretary, Dimitri Jocanovic, left Athens Wednesday for Salonika. Their departure left only one person in the Yugoslav legation here.

A qualified authority said a war of nerves was in progress but that neither Russia nor Yugoslavia wants actual war at present.

HUGHES SHOWS THE SENATOR WHAT HIS PLANE CAN DO

Puts XF-11 Through Its Tricks and Cain Thinks It's Excellent Craft.

(Picture in Everyday Magazine)

CULVER CITY, Calif., Aug. 16 — Howard Hughes arranged to take Senator Harry Cain (Rep.), Washington, Senate War Investigating Committee member, on a personally conducted inspection of the mammoth $25,000,000 Hughes flying boat today.

Cain dropped in at the Hughes plant yesterday just in time to watch a test flight of the XF-11 photo-reconnaisance plane, also on the committee's scrutiny list.

Hughes himself took the Army experimental craft aloft on a two-hour test while Senator Cain told reporters: "From what I can see, this is an excellent plane, but that's not the point of this investigation. This may be the finest plane in the world, but what we are trying to do is determine whether there was any reason for building it."

Hughes welcomed Cain with: "I wish the entire committee could see the ships."

Cain said his inspection was preparatory to resumption of committee hearings in November into $40,000,000 in contracts let to Hughes for the two types controversial planes.

Regarding the giant flying boat, which is nearing completion, Cain told reporters it was "not ordered as an experiment but as a means of whipping the submarine menace by carrying large quantities of cargo by air."

MAN TRIES TO ATTACK WOMAN, CAUGHT BY FLEET POLICEMAN

The fleet-footedness of Patrolman Albert Niemeyer of the Ruskin Avenue Station resulted in the capture early today of a man who attempted to attack a young woman in O'Fallon Park after ordering her escort to "get going" at the point of a revolver.

Mrs. Audrey Spurling, a widow, 5347 Hodiamon avenue, and her escort, William Krachenfels, 5610 West Florissant avenue, were seated on a park bench at 2:30 a.m. on their return from a party at the Chain of Rocks Park when a man approached with revolver in hand. After forcing Krachenfels to leave, he beat Mrs. Spurling on the head.

Patrolman Niemeyer heard her screams on his beat several hundred yards away. As he started toward the scene a man ran past him shouting: "There's been an accident." He refused to halt and the officer chased him for half a mile and finally caught him at Pope and Florris avenues. The man, who suffered a cut hand when he fell in a ravine in the chase, said his name was Raymond Droll and gave an address in the 4600 block of Pope avenue. Krachenfels identified him as the assailant. Mrs. Spurling, hysterical, was taken to City Hospital where she is suffering from severe lacerations of the head. The revolver was found later by police along the route of the chase.

$1000 IN JEWELRY REPORTED MISSING ON CLIPPER FLIGHT

(Picture in Everyday Magazine)

NEW YORK, Aug. 16 (UP)—Customers officers and Pan American Airways executives were baffled today by the reported disappearance of $1000 in jewelry aboard a trans-Atlantic clipper en route from Lisbon to New York —the first case of its kind.

Mrs. Elsie Shomer, 33 years old, of New York, reported that a jeweled pin and earrings vanished from her jewel case shortly after the plane left the Azores. Capt. Peter van Brussel radioed ahead, and customs and airlines officials met the plane when it arrived at Boston yesterday. The plane and passengers were searched, but the missing jewelry was not found. Neither was it found by searchers in New York.

Mrs. Shomer, who was Miss New York City of 1933, said she had the jewels with her when the flight left the Azores. Airlines thought, however, that the jewels might have been taken when the passengers debarked to stretch their legs at the island stop.

TEAMSTERS RE-ELECT TOBIN; ST. LOUISAN AMONG OFFICERS

SAN FRANCISCO, Aug. 16 (UP) —Seventy-one-year-old Daniel J. Tobin today began his forty-second year as president of the AFL Teamsters' Union. Tobin was elected unanimously by 2000 delegates to the teamsters' international convention, along with 10 vice presidents.

Daniel J. Murphy of St. Louis was one of the vice presidents reelected. He is secretary-treasurer of Department Store Drivers' Local 709 and lives at 4659 Wilcox avenue

Tobin was nominated by Dave Beck of Seattle, who is expected to step into the newly created post of executive vice president by the end of the year.

Mississippi Valley Stockyards.

CATTLE: For week: Bulk of good to choice steers and heifers sold $28@31, strictly choice quotable higher; medium to good $22@27, with some plain and low medium grades $15@21; beef cows bulked $13@16, strictly good and choice $17@18.50; top veal calves at the close $25.

HOGS: Tops ranged from the high Tuesday of $28.25@27.75, which scored high for three of the five market days. The bulk of the 170 to 240 lbs. on the close sold $27.25@27.50; 250 to 270 lbs. $26@27.

SHEEP: A price range of $24.50@24.75 caught the choice lambs, however, a greater number of the lambs for week sold downward from $24.

Week's Auto Production.

DETROIT, Aug. 16 (AP)—Passenger automobile and truck production in the United States and Canada this week was estimated by Ward's automotive reports at 83,648 units.

This compared with last week's total of 79,017. In the comparable week last year 88,990 units were assembled, while in the same week of 1941 the total was 45,525 vehicles, most plants then being engaged in new model change-over preparations.

The survey said that but for the short day operations due to excessive heat and the continued tie-up of the Murray Corp. of America plants, motor vehicle output this week probably would have gone well over the 100,000 unit mark.

WEEKLY STOCK TABLE IN SUNDAY POST-DISPATCH

A COMPLETE table of stock transactions on the New York Stock Exchange during the week, giving individual sales, high, low, close and net change for the period, will be found regularly in the Sunday Edition of the Post-Dispatch.

WHOLESALE COMMODITY INDEX IN EIGHTH WEEKLY RISE

NEW YORK, Aug. 16 (AP)—The Associated Press weighted wholesale price index of 35 commodities advanced yesterday for the eighth consecutive Friday to 187.48. This compared with 187.46 a week ago and 145.95 a year ago. The 1926 average equals 100.

Advancing were the food, grains and cotton and textile components. The non-ferrous metals component was unchanged. Declines were registered in livestock and industrials.

Individual commodities advancing were hides, rubber, turpentine, lumber, cocoa, coffee, flour, lard, butter, cattle, lamb, corn, wheat, oats, cotton and wool.

Scrap steel, hogs and rye declined.

The index figures for Aug. 15, the previous Friday, and a year ago follow:

	Aug. 15.	Wk. Ago.	Yr. Ago.
35 commodities	187.48	187.46	145.95
Industrials	161.88	163.71	111.33
Food	148.87	147.00	123.69
Livestock	230.93	232.18	191.80
Grains and cotton	221.92	220.23	195.89
Textile	214.40	213.91	146.06
Non-ferrous metal	161.40	161.40	101.76

No Action on Dividend.

NEW YORK, Aug. 16 (AP)—Lehn & Fink Products Corp. took no action on the dividend on the capital stock normally due at this time. The company paid 25 cents each in March and June and in 1946 paid 35 cents in each quarter.

The action was taken to conserve working capital pending better adjustments between prices and costs, the company announced.

Timken Advances Prices.

CANTON, O., Aug. 16 (AP)—The Timken Roller Bearing Co. announced price increases of $5 per ton on hot finished alloy bars, $6 per ton on cold finished alloy bars and 5 per cent on mechanical tubing of bearing quality. Timken officials declined to announce total prices of the products.

American Tobacco Earnings.

NEW YORK, Aug. 16 (AP)—American Tobacco Co. today estimated earnings in the second quarter at $8,282,000, equal to $1.39 a common share, compared with $7,640,000, or $1.53 a share, in the preceding quarter.

National Oats Dividend.

National Oats Co. declared a dividend of 25 cents a share, payable Sept. 1 to stock of record Aug. 20.

$33 RECORD STEER TOP, RUN OF 41,000 HOGS MARK WEEK

ST. LOUIS LIVESTOCK EXCHANGE, Aug. 16—Cattle, receipts 100, calves 70. Held for Monday.

Hogs receipts 500; market 25@50 cents lower; top, opening, $27.

No sheep or lambs.

NATIONAL STOCKYARDS, Aug. 16—(USDA weekly review)—Sharply higher prices on good and choice steers and heifers early in the week were partially offset by a mild downward reaction encountered Thursday, most of a 50c to $1.00 advance being maintained, however. Common and medium grades finished steady to strong. Cows advanced 50c to $1.00, bulls held steady and vealers finished $1.00 lower. Replacement steers finished unevenly higher under modest supplies. A new record high of $33 was paid for choice 1409 lb steers, choice 970 lb yearlings at $31.50. Bulk average good and choice steers claimed $27.00@31.50, low and average good $25.50@27.00 with medium kinds $19.25@25.00 and common to low medium $16.00@18.50. Fifty-one cars of southwest grass steers ranged from $15.00@25.50, majority $19.00@23.75. Choice 935-lb mixed steers and heifers topped at $30.50, odd lots to $31.00 with choice 768-lb heifers $29.00. Good and choice heifers and mixed yearlings went at $24.50@29.50, medium $17.00@23.00 and common $12.50@16.00 with cutter grades $12.00 down.

Good cows topped at $18.50, largely $16.50@18.00 with common and medium cows $12.75@16.00, canners and cutters $10.00@12.50, although light shells sold down to $9.35@9.75 early in the week. Good beef bulls cashed at $16.50@17.00, medium and good sausage bulls $14.50@16.50 with cutter and common $10.50@13.50. Good and choice vealers bulked at $20.00@26.00, closing top $25.00. Common and medium claimed $13.00@20.00 with culls $8.00@10.00. Choice 698-lb feeder steers topped at $23.50, good and choice $20.00@23.00 with common and medium from $15.00@17.50.

Hog price 50c@$1.00 lower except weights under 160 lbs, which dropped $1.00@1.50. CORN PROFIT TAKING AFTER FUTURE RISE

STOCK EXCHANGES CLOSED

The New York Stock, Curb and Cotton Exchange, the St. Louis Stock Exchange and some other boards do not hold sessions on Saturday during the summer months.

CHICAGO, Aug. 16 (AP)—Profit-taking appeared in the corn pit on the Board of Trade today and prices slumped following an early run-up. Oats followed the action of corn, but wheat held relatively steady.

Some of the selling in corn was based on private reports of scattered showers in Iowa. In addition, a late Weather Bureau forecast predicted scattered showers tonight, changing an earlier prediction that the state would obtain no rain.

Offerings of cash corn by the country were fairly liberal for a Saturday, purchases on to arrive basis amounting to 100,000 bushels.

Wheat closed unchanged to ¼c lower, September $2.38½; corn was 2¾@4c lower, September $2.33¼@2.33, and oats were 1@1⅝c lower, September $1.04½@¾.

Reports from Washington said export shipping conditions were ideal and that the Agricultural Department would ship at maximum levels throughout the autumn, even though the shipments might exceed amounts allocated to foreign countries by the department.

During June, the Agriculture Department announced, this country exported 460,000,000 pounds of grain and grain products to foreign governments, 832,000,000 pounds to UNRRA, and 2,138,000,000 pounds to American Government agencies, principally the Army in occupied zones of Europe and Asia.

The Government wheat buying price was raised after the close yesterday. The Kansas City price was raised to $2.29 a bushel while the Chicago bid was $2.40¼.

St. Louis Cash Grain.

MERCHANTS' EXCHANGE, Aug. 16 —Cash grain, wheat, 67 cars, sold 10 cars; steady; No. 1 red winter, $2.39½@2.40½; No. 2 red winter, $2.39½@2.41¼; No. 2 red winter garlicky, $2.36½.

Corn, 48 cars, no sales.

Oats, 18 cars, no sales.

VEALS AND LAMBS.

Veal and lamb quotations on the St. Louis market as reported by the "St. Louis Daily Market Reporter":

Veals—Strictly choice, $25; good to choice, $20@25; medium, $15@19; culls, $8-@13.

Lambs—Spring, good to choice, $23.50@24.50; medium to good, $19@23; common and throwouts, $15@1°· ewes, $5.50@7.50.

LIVESTOCK ELSEWHERE

CHICAGO, Aug. 16 (AP)—All livestock were nominally steady today with hogs quotable at $19.75 to $27.25, the latter price the top.

A decided shift in demand developed in the hog market this week. Hogs with weight, including sows, were wanted, and as a result the price spread between heavy and lightweight hogs narrowed. Hogs weighing under 280 pounds lost 25 to 75 cents while sows gained 25 cents.

Although common and medium grade steers and yearlings declined 25 to 50 cents for the week, average good and choice kinds were fully 50 cents higher. As a result, the average cost of all steers and yearlinsg during the week was $29.32, a new high for the season. The peak price of $34.25 was also a new crop peak.

Lamb receipts were insufficient for trade requirements and prices worked higher during the week. Slaughter lambs ended on gains of 50 to 75 cents with bulk of sales of spring lambs at $24@24.75.

Toastmaster Jessel

In Class by Himself At the Head Table

By Earl Wilson

HOLLYWOOD, Aug. 16.

THEY'RE going to give Georgie Jessel a dinner—and, may I say, it's about time? Georgie is the first transcontinental toastmaster. As somebody said, "George will go anywhere, as long as it isn't near." He flies to New York or to Fort Worth or to Miami to help out, and now the 33 variety clubs are going to acclaim him in Washington next Jan. 20. Three ballrooms will be used to stuff in all the guests who'll hear George praised as "good will ambassador of the amusement business."

GEORGE JESSEL . . . GOOD-WILL AMBASSADOR.

"I'm happy to have seen Jessel in action as a toastmaster. He goes to bat about three times a week. On Jimmy Walker's fiftieth birthday, Justice Mitchel May was delivering an excessively long harangue at the dinner, and Jessel hopped up and said: "I hope Jimmy lives as long as Mitchel May's speech." At a famous dinner for Maurice Chevalier Jesse Lasky kept interrupting himself to say, "Where was I?"

Jessel shouted, "You're at the Hotel Astor, and your name is Jesse Lasky."

Jessel and Walker met in 1925 at the Cafe de Paree in New York and became close friends. Jessel loved Walker's warm feeling for humanity. Once, passing through Harlem, they saw a cute Negro child.

"Isn't it a shame," said Walker, "that kittens and pickaninnies have to grow up?"

★ ★ ★

JESSEL AND WALKER both mastered "the pause" in speechmaking. This is really an attention-getting device.

"I will cock my head toward the ceiling and pretend I am thinking of something very profound to say," George tells me. "Actually, I will be thinking, 'I wonder where the hell I was last night.'"

Georgie, as toastmaster, makes it a point to introduce everybody on the dais. "The guy's wife is sitting out there, and he'll be sore if he's not introduced," Jessel says. At one banquet George didn't know a man on the end of the dais, Hubbell Robinson, advertising executive.

George introduced him anyway. "I don't know who the hell he is, but he must be somebody, because we don't let any dopes up at this table," George said to the crowd. George says it was the most successful introduction he ever gave.

"Everybody who's going to open a butcher store asks me to help and I usually accept," he says, "because I get a superiority complex when I'm at the speaker's table. I don't feel superior as an actor, or at homes, or with dames—particularly—but at a dinner, I get 10 feet tall."

★ ★ ★

HOLLYWOOD IS the party-crasher's paradise. Some people have a talent for smelling out parties. Let's say you have enough steaks, salad and beer for a barbecue party for 12 guests you've invited for Saturday night. You're happy about the guest list, and glad nobody else is coming.

The phone rings. It's Mr. X, a friend of yours, who can smell a party four days away. Somehow he's learned about your party.

"Haven't seen you for a while," he says, with his careful cunning. "How about having dinner with me Saturday night?"

"Couldn't," you say. "Thanks, anyway."

Mr. X, the sharpie, doesn't drop it there. He's a brazen guy.

"Aw, come on," he says. "What're you doing that's so important you can't?"

You're trapped, since you're no liar. You say, "The fact is I'm having a little party at home. Why don't you join us?"

"Sure," he says, "anything to see you again."

★ ★ ★

THIS MR. X is a real person and he keeps going to parties this way. But he's more an invitation-wangler than a crasher.

One night Xavier Cugat and his beautiful fiancee, Loraine Allen, were giving a party for 150 or so, when a real crasher got in, and concerning him there is a story. His name, I regret to say, was Wilson, and he came from Ohio, but it wasn't me.

People got suspicious of him when he began asking for autographs. (The regular Hollywood set wouldn't do such a thing.)

He approached Frank Sinatra, and Frank said, "Who do you know here?"

"Nobody," the guy said frankly. "I crashed. I was riding around and saw this place lit up and just came in."

Anyway, some of the guests at Cugat's party decided to discipline this Wilson.

★ ★ ★

THEY STARTED by getting chummy with Wilson. They gathered Lana Turner, Carmen Miranda, Peter Lawford and others, got palsy-walsy with him. And then Bullets Durgom, the agent, personal manager and capitalist, said to Wilson, "Let's all have our pictures taken."

The photographer focused his camera, and then, by prearrangement, he kept saying, "Back up a little. A little more. A little more."

They had Wilson in the center. Sinatra was near him. But Frank, knowing what was about to happen and having a tender heart, couldn't go through with it. He stepped out of the line.

But the others kept backing up for "the picture"—and finally they had backed up to the edge of the swimming pool—and they pushed Wilson in with his clothes on.

Poor Wilson. He couldn't swim; his glasses fell off, and he was almost blind without them.

They rescued him and recovered his glasses. Cugat, pitying the guy, who was shivering, sent him to his bedroom to get a dressing gown.

Later they were all congratulating themselves on how they handled the case.

★ ★ ★

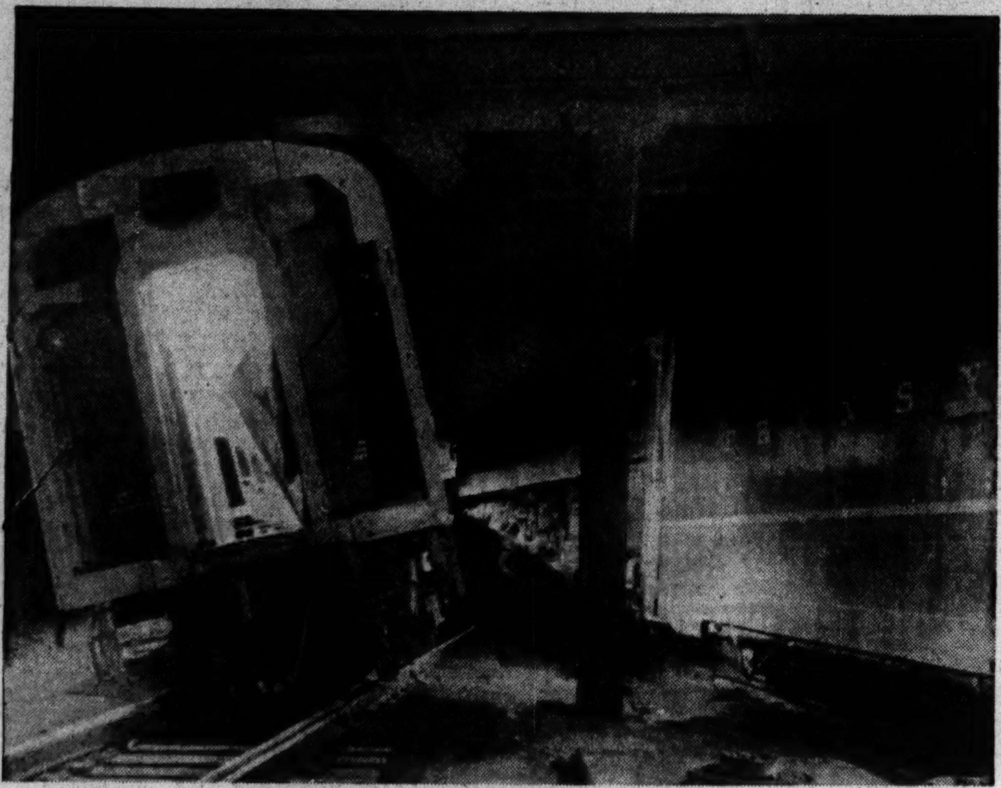
"WHERE DID theez Meester Weelzon go?" suddenly asked Cugat.

They looked all around the grounds. They looked in the bar.

Cugat finally went to his bedroom.

Missing was Wilson. Missing also was one of Cugat's best suits, best shirts, best pair of shoes, best ties, best pair of socks, and best underpants. Wilson's wet wad of clothes lay on the floor; it was the calling card he had left behind for his hosts.

Police were notified, but they never found Meester Weelzon nor Meester Cugat's clothes.



PENNSY CRASH IN STATION Scene in the Union Depot at Columbus, O., last night after the locomotive of the Pennsylvania's Cincinnati Limited (right) rammed the American, St. Louis-New York train, derailing two cars. One person was hospitalized and six others suffered minor injuries. The engineer of the Cincinnati train said his view was obstructed by a viaduct.

YOUNG PATIENTS SEE ZOO SHOW

←

These youngsters, convalescing infantile paralysis patients who were moved from St. Louis County Hospital to a new ward set up for such cases at St. Anthony's Hospital, enjoy a stop-off at the zoo, during their trip yesterday, to see the monkey show. Accompanying them were Mrs. Rosemary McElwee (right, holding two of the children), physical therapist; Edward Gloer, ambulance driver, and Mrs. Marie Hutti, of the National Foundation for Infantile Paralysis.

Flashes of Life

By the Associated Press.

Duck's Home.

GRAND RAPIDS, Mich. — An iron duck that decorated the front door of John A. White's home disappeared two years ago.

Yesterday he found a slip of paper on the doorstep. It read, "Homing pigeon returns."

The missing duck was in place on the door — completed with a fresh coat of white paint.

Hot Clerk.

KANSAS CITY, Mo.—It was a hot day when Harold Margolin received his statement from a bank, so he first thought the heat was playing tricks with his eyes.

The figures actually were there. His balance was too large by $6,000,000.

Margolin showed the statement to the banker, who quickly ascertained a clerical employe had been affected by the heat. The error was corrected.

30 MINISTERS BAPTIZE 1000 CONVERTS IN SWIMMING POOL

LOS ANGELES, Aug. 16 (UP)—Jehovah's Witnesses today counted 1000 converts baptized yesterday in a 1,000,000-gallon swimming pool by 30 ministers.

It took five hours to baptize all of the converts. They lined up double file, a line each for men and women, and plunged in the pool in bathing suits or underwear.

(Observations at 7:30 a.m. for previous 24 hours.)

SHIPS WITH WAR DEAD TO REACH U. S. IN FALL

First Vessel Is to Arrive at San Francisco About Oct. 10.

WASHINGTON, Aug. 16 (AP)—The first two ships returning America's war dead are scheduled to reach the United States in October, and the War Department says probably no others will arrive this year.

About 3500 will be brought home aboard the first vessel, due at San Francisco about Oct. 10. Another carrying some 6300, most from the Henry Chapelle cemetery in Belgium, is scheduled to arrive in New York Oct. 25.

The War Department said yesterday further arrivals are not expected until spring. It said relatives will be notified when caskets reach this country, and that it will take about 30 days for caskets to reach their destination from the time they are landed.

Only identified overseas war dead whose families want them returned are being brought home.

PAIR DAMNING LANDLORD ON PHONE HEARD ON RADIO

CLEVELAND, Aug. 16 (UP) — An unidentified couple in Chicago who were holding a private conversation on a telephone and apparently "damning" their landlord was heard on a network program in the Cleveland area last night.

In the middle of the program "This Is Your FBI" over radio station WJW here, the man was heard talking to the woman. Listeners who phoned the station reported "strong language," according to station engineer Pancho Svec.

The interruption lasted about 10 minutes, Svec said. He said the pair was talking in Chicago and investigation by the phone company bore him out. It was believed caused by what are known as "hits," or disturbances in the cable and "cross-talk," the engineer said.

However, no one was able to report accurately on the conversation other than to say it seemed to be about "private affairs," and "landlord trouble."

NONSTOP PASSENGER FLIGHTS BETWEEN NEW YORK, LONDON

Nonstop passenger flights between New York and London, beginning Aug. 29, were announced today by Pan American World Airways.

Four new Lockheed Constellations, purchased at a cost of $4,000,000, will be used for the flights, which will eliminate the stops now made at Gander, Newfounland, and Shannon, Eire, a spokesman for the company said. Beginning Sept. 15, a through sleeper service over the same route will be inaugurated.

Sleeper accommodations will be available at a charge of $125 over the regular $325 fare, subject to the approval of the Civil Aeronautics Board.

My OPINION

By MARTHA CARR

Dear Martha Carr:

WE mothers-in-law don't want the love that belongs to our sons' wives. All we want is the love a son should have for his mother, and which is rightfully ours. There should be no conflict there. Surely a man can visit his own mother for a few minutes every week or so without the wife feeling neglected or jealous. Mothers-in-law have taken a lot of shoving around and it seems they haven't a chance. When my son married I resolved to be a good mother to his wife and told her I was going to see she would be the best treated daughter in the world. What did she say? She turned to me and replied, "I've been warned about mothers-in-law." I was sick about it. A wife should love her husband enough not to worry him with her jealousy and her foolish and unnecessary demands that he choose between her and his mother. The love is so different. There isn't any choosing. Of course, we are all human and we all make mistakes, but the majority of mothers-in-law do try to do their best. Daughters-in-law should remember that, stop looking for all the little things to take issue over and get mad about. Even the devil wants his due! SAD MOM.

★ ★ ★

Dear Martha Carr:

I AM AGE 16 and a gal who loves dates. I am considered popular and try to be good company when I am out with a boy. With some of the fellows I've gone out with, they expect to be kissed on the first date. I don't believe in this, and always refuse. Then they think I'm an old stick-in-the-mud and won't come near me again. Just once I let a fellow I liked a lot kiss me on the first date. He went around telling the other fellows he didn't have any respect for a girl who'd let herself be kissed on the first date, so he wasn't seeing me any more. I like the one who thinks I'm a stick-in-the-mud and would like some more dates with him, but how am I going to get him to come around again? What do the fellows expect of us girls anyway? It seems to me most of them need more advice on the art of dating than we girls, though they seem to ask for it less. They act the same way at our parties—mushy. MIXED UP.

I think you are quite right about the boys needing a little advice. Any boy who would like to have my "Masculine Popularity" leaflet will find it helpful. Certainly the way to be popular is not to go in for wrestling matches with every girl dated, either on the first date or on later ones. If all the boys you know simply must pet, either you girls in the crowd don't know how to make your dates and parties sufficiently entertaining to keep their minds off necking, or you are in the wrong crowd. I have party leaflets which will liven up those parties and steer them clear of the "mush" you object to. If you will send me a stamped, self-addressed envelope I'll mail them to you. I'll inclose also my "What About the Petting Question?" which should be helpful to you when the boys tend to get out of hand.

★ ★ ★

Dear Martha Carr:

I AM a woman, age 28. I have two children, ages 10 and 3. My husband and I got on fine till we moved to the city. Now he is drinking and running around with other women and I don't think this is right. I do all I know how to be a good wife. I keep a comfortable, clean house, keep myself and the children neat and clean, and save the pennies as much as possible. I have left him twice because of his conduct. Must I divorce him. My older child knows about his father's conduct and has got so he doesn't trust him in anything. Yet a divided family is not one in which to bring up children. Please tell me what I should do. UNHAPPY.

I am no advocate of divorce, but there are times when it is better to separate than to bring up children under sordid conditions, and under circumstances which teach them to have no faith in the very ones to whom they should look for guidance and a good example. Your husband should be made to realize how he is failing those children, and how he is wrecking all the happiness he once enjoyed. He must realize that as a married man he cannot run around as if single, and that there are certain standards which decent people observe. If talking to him has made no impression, it might help to go to the Children's Building, Thirteenth street and Clark avenue, and discuss your problem with the workers there. Often, as outsiders, they can make a husband see the error of his ways and straighten up, when his family has failed to influence him.

Social Problems

By Emily Post

SURPRISE visits to those you really care for are not always as delighting as you imagine they will be! For example a reader tells me: "During an afternoon when three friends were playing bridge at my house, unexpected friends from another city came to see me. As these were very old friends, naturally I wanted them to stay, but felt that my bridge guests were my first consideration. What should I have done in order to show courtesy to both groups?"

This is the result of being taken by surprise. Your invited guests are the ones to whom you owe first consideration. Also when the unexpected visitors find their host and hostess are about to go out to keep another engagement they either have to go on, or, if intimate friends, they are left behind and must shift for themselves.

No matter what the situation they find themselves in, it is THEIR fault for not having telephoned or written ahead of time to know if their coming is convenient. True, sometimes this can't be helped. But the situation caused by unavoidable circumstances can't be helped either. If one has made an engagement, that engagement has to stand over any accidental interruption, and an unexpected visitor is an "accidental interruption." I really cannot put the situation too strongly because it is one of the most upsetting things that my readers describe.

★ ★ ★

DEAR MRS. POST: How may a girl suggest to a boy visitor that it is time for him to go home?

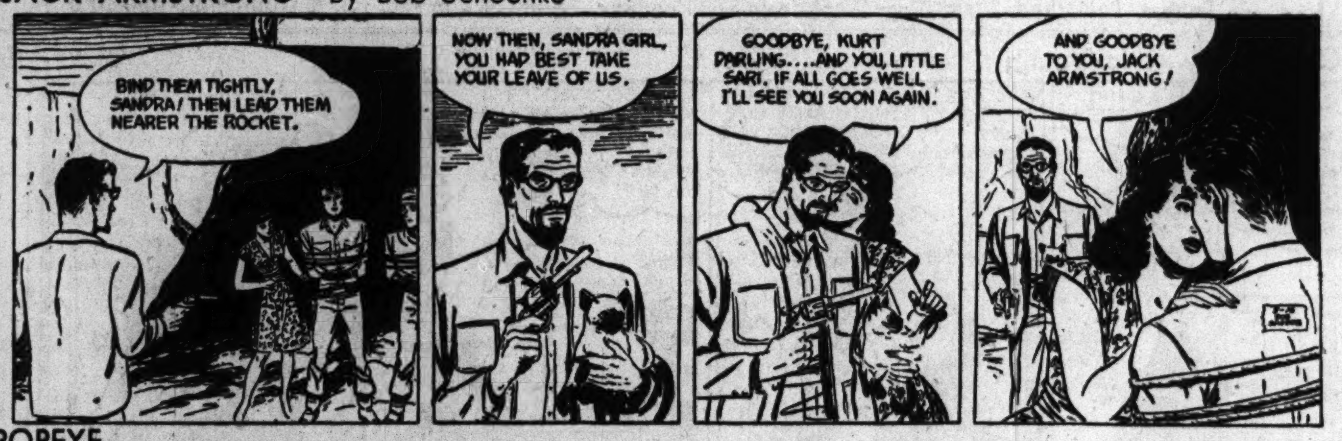
Answer: In the day of candor it should be easy enough: Girl glances at watch or at clock and exclaims, "Oh Johnny! Do you know what time it is?" It's after (whatever the time is). The chances are that he'll answer, "But that's not late!" And then she says, "It may not be late for you, but it's very, very late according to my Dad!"

★ ★ ★

DEAR MRS. POST: Is it proper to "carry a cane" or "wear a cane?"

Answer: Carry.

JACK ARMSTRONG—By Bob Schoenke



BIND THEM TIGHTLY, SANDRA! THEN LEAD THEM NEARER THE ROCKET.
NOW THEN, SANDRA GIRL, YOU HAD BEST TAKE YOUR LEAVE OF US.

My Day -o- By Eleanor Roosevelt

HYDE PARK, Friday.

FOR nearly a month I was in a place where the telephone simply cannot reach you. We had a good many telegrams but I talked on the telephone only once in the whole four weeks, and if I had not gone over to the mainland to do so, the stars would not have fallen. My business and everybody else's went on as usual.

However, when I reached Portland, Me., on the way home, I had hardly got into my hotel room when the telephone rang, and it continued to ring every few minutes until I went out again. Even during dinner at the home of Mr. and Mrs. David Gray, I had a call.

* * *

THE NEWSPAPERS were after me and at first I could not imagine what it was all about. I remembered having seen in the papers that some one in Tennessee had left me $25, and I thought it was rather a sweet gesture of remembrance from someone who admired my husband, since I had never heard of the gentleman. By the time I reached Portland, it was an estate of $25,000, which included a farm in Tennessee, a church which I was to be required to keep up, and a house in which a niece of the gentleman was to be allowed to live until her death.

In addition, I was to erect a monument, not to cost more than $200. I had never heard a word directly about all of this, and have not to this day.

This morning the New York Times, which is usually reliable, informs us that the lawyer has decided that the niece retains the estate until her death, and then it reverts to me—which I imagine means that, if there should be anything remaining at that time, it may revert to me. He makes the suggestion that I may not agree with his interpretation of the law, but as he has never communicated with me, I do not see that I have to worry about it.

On arriving at Hyde Park, I found six or seven letters and telegrams suggesting ways of disposing of this estate—this mythical estate which no one has even offered me as yet.

Somehow it strikes me as amusing, and a good illustration of how really unimportant are most of the things that we telephone and telegraph about. If each of us took the trouble, we could probably drastically cut down on our "urgent" communications, and I am sure that no one would sufer.

* * *

ALL OF US who live in the East know that the past few days have been pretty warm. Here at Hyde Park, both the dogs and the children are conscious of it, and so we have spent considerable time in swimming and everyone is getting back to hot-weather routine.

I was interested to find that Campobello Island is cooler than the coast of Maine, and if I am going to take the trouble to leave home in summer, the certainty that I am going to a really cool spot, even though fog may hang about, is something well worth considering in favor of our island.

LOOKING AHEAD... with LOUIS WOLFE

NOTHING TO DO 'TILL HARVEST TIME.

GROWING CORN WITHOUT CULTIVATION MAY BE POSSIBLE AS RESULT OF EXPERIMENTS CONDUCTED AT RUTGERS UNIVERSITY WITH WEED-KILLER 2,4-D.

You can keep cupcakes, cookies, rolls or muffins longer if they are baked with honey. Honey will keep these foods moist and prevent their staling if you wrap them individually or in small lots for convenience in serving, whether you plan a snack while driving or a picnic lunch.

Don't Take Your Wife For Granted

By Dr. Paul Popenoe

SOME husbands take their wives for granted, and, usually wives don't enjoy being taken that way. Mrs. C. is no exception. "I hate it," she declares. "Ever since Phil came back from the Navy he has been driven hard, trying to make a living. He's kind and considerate—when he thinks of me at all!—but I seem to be less and less important to him.

"Sometimes I feel like a piece of furniture; he'll hardly seem to notice me during an entire evening. And yet I can't put my finger on any one thing to complain about; but I certainly would like him to know that I'm still in the world!"

★ ★ ★

FAIR ENOUGH! According to your account, Mrs. C., there is nothing basically wrong with your marriage. The foundations are sound. Perhaps mere superficial measures, then, will improve the atmosphere. If you consulted the popular books on psychology, with the intention of learning how to make friends, they would give you some such suggestions as the following:

1. Make it a point to smile and be cheerful when your husband is around.
2. Plan well is advance for conversation at meal times. Bring up something that will interest him. Start topics on which he is informed, and ask for his opinion as that of an expert.
3. Give the impression (and I'm sure it will be true) that what he says and does is very interesting and important to you.

★ ★ ★

I BELIEVE that suggestions of that sort are as applicable to your case as they are to a woman who wants to attract the attention of casual acquaintances. You want to make a good impression and be remembered favorably! Your husband has his own troubles, and needs a little extra attention in this way. There's no reason why you shouldn't try to impress a husband as favorably as you would a perfect stranger!

Q. I have been going for a year with a man who says he wants to marry me, but that he could only give his love completely to a woman who is the mother of his child. He says if I will become pregnant he will marry me. I care a great deal for him. What do you think?

A. No girl should fall for a proposition like that.

Economical Menus for Tomorrow

By Meta Given

THE way one prepares tomatoes makes all the difference in the world in how they appear and taste when served either raw or cooked. Thinly sliced ones are never so attractive to the eye and palate as thick ones, and tomatoes prepared by gouging out the flesh to obtain cups for stuffed salad never are so appealing as cutting the tomato up and down into five or six sections, leaving the sections firmly attached at the bottom and spread apart at the top to provide hollows for the salad. The ideal method of slicing is to remove the core neatly in a cone shape, shave off the blossom speck neatly, then cut crosswise in half. Tomatoes should be handled in preparation as little as possible to keep the juice from leaking out and to preserve the shape and freshness. Don't sprinkle new tomatoes with salt until ready to eat or cook because salt quickly draws out the juice.

Deviled Tomatoes.

Four medium meaty tomatoes, three tablespoons butter or margarine, one hard-cooked egg yolk (riced), one egg, one teaspoon sugar, one and one half tablespoons vinegar, one half teaspoon salt, pepper, one teaspoon prepared mustard.

Wash tomatoes, remove core and blossom end neatly, then slice in half crosswise. Cream butter, add egg yolk, slightly beaten egg, sugar, vinegar, salt, pepper and mustard and beat hard. Drop teaspoonfuls of the mixture in center of tomato slices. Arrange on a shallow, oiled pan and place under a broiler to brown the top slightly and cook the tomatoes only until thoroughly heated through. Serve immediately. Four servings.

Curried Tomatoes.

Five medium, meaty tomatoes, one-fourth cup butter, three-fourths curry powder, three-fourths teaspoon sugar, salt, pepper, parsley.

Wash tomatoes, remove core and blossom end, cut in half crosswise. Cream butter with curry powder and sugar. Sprinkle tomato slices with salt and pepper, then drop curry butter by teaspoonfuls in center of tomatoes. Place on shallow oiled pan and bake in a moderately hot over (400 degrees F.) until tomatoes are just barely tender and thoroughly hot through, about 10 minutes. Serve hot garnished with parsley. Serves five.

MENUS FOR SUNDAY.

BREAKFAST: Cantaloupe slices, ham omelet, raisin bread toast.

DINNER: Short ribs of beef, Yorkshire pudding, buttered broccoli, browned potatoes, endive-radish and lettuce salad with French dressing., bread and butter, fresh peach shortcake.

SUPPER: Deviled tomatoes, cream cheese and nut sandwiches, fresh pears.

Contract Bridge

By Ely Culbertson

AT the beginning of most hands, the declarer must feel his way, using only a tentative plan. When the ninth or tenth trick is reached, however, he should have a pretty sound idea of how to continue. Yet, time and again we see lapses at the very finish. Observe this case:

The bidding:

South	East	North	West
1 spade	Pass	2 spades	Pass
Pass			Pass

West, for reasons best known to himself, opened the club ace. Probably taken aback at dummy's unexpected club strength, he then made the good shift to the heart king, following this with a second heart lead. East won, cashed a third heart trick, and led a fourth round, which placed declarer in a highly embarrassing position. After long study he made what should have turned out to be a very happy guess; he ruffed with the spade jack. West, who had discarded one club on the third heart, over-ruffed and returned a club. Declarer won with the jack and cashed the king, discarding a diamond, and then took the diamond finesse to the queen. It held and the ace was cashed, East's king falling.

Now declarer was in a position to bring home his two-spade contract (which would have given his side a good match-point score), but his foot slipped. Obviously on the hope that he would find the spade ten underneath the queen-nine, he led his remaining diamond and, when West covered, ruffed with dummy's nine-spot. It held, but this did him little good, since East still had to be given a trump for the setting trick.

Since declarer's play was predicated on West's holding the spade ten, and since the rest of the tricks could obviously not be taken if East had four trumps at this stage, it should have been simple for declared to lay down the spade ace and then play a low spade to the queen. If it developed that declarer's hope regarding the ten-spot was fulfilled, the nine would draw East's last trump and the club queen would account for the fulfilling trick.

Fix It Yourself By Hubbard Cobb

NOT so long ago we ran a special quiz column in which we asked the questions and then gave the answers. Now we have something even better: No questions—just answers. It's positively revolutionary.

A. Calcium chloride when tossed in a dusty driveway, path or dirt garage floor will take care of the dust for many days. The chemical draws moisture from even very dry air and then the dirt absorbs the moisture.

A. There are several kinds of composition flooring designed to be put down over damp concrete. These will not rot out as will linoleum.

A. For the benefit of those who came in late, copper drip stains from screens and gutters can be removed from painted surface by scrubbing with a solution made of one-half cup of trisodium phosphate to a quart of water. Rinse this off with plenty of fresh water as trisodium is tough on paint.

A. When you want to wash down a varnished surface, use a damp cloth with a little mild soap, but don't flood the surface or use a gritty or strong cleaning powder.

A. If a faucet continues to leak after the washer has been replaced, check the valve seat for roughness. This can be ground down smooth with a valve seat grinder that won't cost much at either your hardware or plumbing store.
